

CITY OF TULSA, OKLAHOMA

ANNUAL BUDGET AND CAPITAL PLAN

FISCAL YEAR 2016-2017

CITY OF
Tulsa
A New Kind of Energy.

ABOUT THE THEME

Tulsa is an iconic city that boasts a variety of architectural styles both inside and outside of its urban core. Whether it be the art deco architecture of the oil boom days, the futuristic university towers of ORU, or the sweeping glass and steel of the BOK Center, Tulsa's architecture is certain to leave a lasting impression.

In Tulsa, architecture is part of the fabric of a culture and history that speaks to our population in many different ways. It establishes Tulsa's unique sense of place and distinguishes it from other cities across the nation. Architecture has played an important role in Tulsa's evolution, and is celebrated by the community through events under our downtown towers. It is more than a structure. It is an important part of the identity of our horizon, neighborhoods, landscapes, public spaces, streetscapes and bridges.

It remains long after the trends have come and gone. Through preservation efforts laced with a love of community, Tulsans are known for embracing architecture as part of the city's culture.

Tulsa's architecture is featured in this year's budget book because it offers us a treasure – a tool for economic development, yes – but also a treasure to keep, in mind and heart, as we continue to revel in its shadow.

Mayor Dewey F. Bartlett Jr.
Mayor's Budget Address, FY 16 – 17
April 28, 2016

I am proud to present this balanced budget that for the third time covers a two-year period of time.

Thankfully our citizens did a great job of extending our expiring sales tax by approving Vision Tulsa – to help us meet our goals and take some pressure off of the general fund. The Vision tax extension puts us on track for addressing citizen priorities – public safety, streets and economic development. It brings more police and firefighters, a new fire station, dedicated staff for ongoing street maintenance and traffic safety.

Our newly formed internal Vision steering committee is working on the plan, the process and the timeline for financing and implementing all Vision-funded projects, including the economic development and transit programs.

Throughout our several months of budget meetings, our objective has been to continue to provide our core services to our citizens while balancing the budget, and to be prepared for emergencies and economic variations. We always approach this process of budgeting the taxpayer's money conservatively. The submitted two-year budget plan is based upon sound fiscal policy to better withstand potential and unanticipated declines.

Even after numerous revenue shortfalls, our employees always stay the course and rise to the challenge, because they are **the best workforce** in this great state.

They are committed, hard-working stewards of public money. They are loyal, caring and determined to serve and to protect our citizenry. They understand and practice customer service. We are fortunate to be associated with them.

\$764,019,000

BUDGET TOTAL (FY 16-17)

OPERATING BUDGET TOTAL

\$638,641,000

CAPITAL BUDGET TOTAL

\$125,378,000

GENERAL FUND TOTAL

\$266,638,000

EMERGENCY RESERVE TOTAL

\$17,021,000

BUDGET TOTAL OVERVIEW

Although the general fund is down three percent, the overall budget, including operating, capital and reserves, is up 4.2 percent. This is primarily due to increases in the capital program approved in Improve our Tulsa and Vision Tulsa.

The emergency operating reserve is 6.39 percent of the budget, and will hold steady at \$17 million in FY 17. We've had two tornadoes in Tulsa since March 30. It is important to continue to review our reserve, as well as our rainy day fund to compensate for economic fluctuations that can occur in these types of events.

To be economically resilient, we must focus on increasing our ability to react to economic downturns. By using fund balance savings from Fiscal Year 2015, we are **adding \$3.2 million** to the economic stabilization fund – also known as the rainy day fund – to make sure we have funds available for revenue downturns.

Our major concerns presently are the loss of jobs due to low pricing of crude oil as well as the instability in our economy caused by the potential dismantling of the Williams Companies headquarters. By strengthening the rainy day fund, we will be better prepared to handle future revenue and economic downturns.

Another reality is that the federal government is turning more to the cities to take care of their own emergencies. We have to do it for ourselves. It is important to me, that, in addition to public safety, we also maintain the current level of funding for the Tulsa Area Emergency Management Agency. They have the responsibility to warn Tulsans of storms, assess damage, ensure proper documentation, and for emergency response coordination among all agencies.

A positive result of the recent spring storms is help from the Tulsa Authority for the Recovery of Energy (TARE). They will fund the collection of neighborhood storm debris from the March 30 tornado.

We are working with the TARE board on a policy to fund recovery efforts in the future. The board is also participating in the funding of the permanent household pollutant collection facility that opened this year and is adding to its neighborhood dumpster program to assist with nuisance abatement and neighborhood cleanups. It has added those services in addition to the current responsibility of residential refuse and recycling services, without raising rates to its customers in FY 17 or FY18.

Our board members are all volunteers from many different walks of life, with various talents and skills. They work for the benefit of our citizens and I want to thank them all for their tremendous dedication.

The Tulsa Metropolitan Utility Authority (TMUA) has put together financial and infrastructure plans to take our water and sewer system into the future. TMUA has moved to a more self-sufficient model – assessing the entire system, and funding its own capital improvements, while keeping rates as low as possible. The water rate for FY 17 will increase by six percent to ensure adequate revenues for cost of service and system improvements for the supply, treatment and delivery of water. The bottom line is they are making an investment for safe, clean, reliable water for now and future Tulsa generations. We have an award-winning system and Tulsans get to enjoy the benefits.

The sewer-rate increase required to generate adequate revenue for FY 17 to maintain the system, meet federal regulations and eliminate overflows is nine percent. For an average residential user, the water and sewer portion of the City utility bill would increase by only 19 cents a day. The City of Tulsa water and sewer bills continue to be at the average when compared with peer cities. The stormwater fee required for maintenance and improvements to our storm system, drainage channels and associated detention ponds will remain unchanged in FY 17.

These utility funds pay a fee in lieu of taxes to the general fund. That payment will be reduced from a 6.2 percent rate to a 5.8 percent rate in FY 17 and to 5.5 percent in FY 18. A reduction of this rate over time will assist in keeping the water and sewer rate increases as low as possible.

Highlights:

Public Safety

We have a \$600,000 federal grant for the purchase of body cameras for police. But our first step will be to test various body cameras and software compatibility to gather information needed to select the best product for our officers. The goal is to phase out the stationary in-car cameras and replace them with units that follow the officer's movements.

The placement, training and use of new officers and firefighters will be shaped by the recommendations from the manpower studies. The Fire Department resource allocation study recommendations are expected to be available for review within a few weeks. That study will include recommendations for the location of the new East Tulsa station as well as any future fire stations and changes that may be required for existing stations.

Using general fund SAFER grant and public safety tax revenues, we will make big strides toward our goals to add police and fire personnel. We will hold eight academies over the two fiscal years – four for each department. We will recruit a total of 50 officers and 47 firefighters in FY 17. In FY 2018, we are set to add 56 additional police officers and 50 firefighters. This budget maintains our current level of general fund support for public safety.

The following slides indicate the sequence of academies, the number of recruits and the funding source.

For police, you can also see that we have already graduated 19 police cadets and have recruited 15 for an academy now underway.

FY 17: Police Academies – 20 in General Fund / Jan. 17 start – 30 from public safety tax (PST) and April 2017 start.

FY 18: Police Academies – 30 from PST /July 2017 start – 26 from GF and October 2017 start.

The above slide breaks out the sequence of Fire academies set for the next two fiscal years. As you see, 35 recruits graduated earlier this year.

FY 17: Fire Academies – 27 from SAFER grant / July 2017 start – 20 (PST) and April 2017 start.

FY 18: Fire – 20 (PST) / July 2017 start.

We will also spend \$75,000 from the general fund to study and receive recommendations for the 911 Call Center and use of the Public Safety Tax for future staffing. This will give us a very clear direction and a needs assessment for proper allocation for training and recruitment.

The 911 Center has maintained a high level of vacancies for at least two years. The Police Department will carry 14 vacant 911 Center positions into the next fiscal year. When the revenue from the public safety tax begins to accumulate, six call takers will be hired in FY 17 followed by another three positions for FY 18.

We are hopeful that HB3126, the 911 Emergency Bill, will be enacted to help out our 911 funding. That bill creates needed management reforms to the statewide 911 system. As importantly, it increases the wireless line fee for 911 services that will bring it closer to the existing fee for landlines.

The FY17 general fund budget for operations is \$8 million less than this year's original budget. We are planning for reductions in many general fund accounts – for example – going from seven to five right-of-way mowing cycles, abolishing 56 vacant positions, and cutting \$200,000 from our \$1 million nuisance abatement fund. Because we froze the hiring process for general fund positions in December, we did not fill vacant positions, therefore minimizing the need to lay off employees. Human Resources is now working with three employees to find other opportunities within the City.

Regarding Neighborhoods:

As just stated, we plan to reduce our nuisance abatement funding, but we will retain **\$800,000** in that fund. Additionally, the expansion of the TARE neighborhood dumpster program will assist with cleanups and reduce the need for nuisance abatement. A new program will involve the cadets in new academies who will now receive training from Working in Neighborhoods on how to recognize and report neighborhood nuisance violations.

I am asking existing police officers and firefighters to take a more active role, to help us by being the eyes and ears of our community.

Our Park & Recreation pool system will build a new pool each year for the next five years, and open the other four each summer.

We will rotate the opening of the five pools as we build them.

MCCLURE POOL REHABILITATION

This year, McClure Pool will be rebuilt and replaced, and next year Lacy will have the same level of improvement.

Because of lower general fund revenues, the FY 17 budget does not propose changes to compensation. In the current fiscal year, we were able to provide eligible employees Satisfactory Performance Increases and other across-the-board wage adjustments. In addition, in the spring of 2015 we made significant and long overdue adjustments to non-sworn employee wage charts to get more in-line with current market wage scales.

As stated, Voters thankfully approved the Vision package that will help supplement our public safety and street maintenance activities.

For the first time in several years, we now have adequate funding through the new streets and transportation tax to support the existing school crossing guards program.

We can discontinue the yearly discussion we have had with our school district superintendents, who have enough to worry about right now. This took a huge issue off of all of our plates.

Also in FY 17, with street and transit tax revenues we plan to add a new full-time street maintenance crew and street striping contract, as well as six new traffic safety positions. For FY 18, the Vision revenues will provide sufficient funding to add another street maintenance crew.

Revenue Diversification

We must continue to advocate for a better municipal funding model to the Oklahoma Legislature and Governor. As City leaders, we are well aware of the constraints placed on Oklahoma cities as a result of our required reliance on sales taxes alone for general revenue purposes. We have been active at the Legislature this session and I encourage all of us to advocate for changes that will help our city move toward a more consistent funding model than what sales taxes provide presently.

Broadly speaking, we continue to work with the Oklahoma Municipal League and the City of Oklahoma City on a statewide effort to support improvements to municipal funding. Sales tax exemptions are receiving a closer look this session, and the state budget will likely include amendments or sunsets to many sales-tax exemptions that negatively impact our local budget.

CLOSING

As you look through the budget book, please notice the page dividers. Finance Director, Mr. Mike Kier and the budget team work with Lathen Kamas of the Communications Department each year to select a theme to make this budget book a reflection of this community. This year highlights something that sets Tulsa apart from most cities – its architecture.

An excerpt reads:

“In Tulsa, architecture is part of the fabric of a culture and history that speaks to our population in many different ways. It establishes Tulsa’s unique sense of place and distinguishes it from other cities across the nation...It remains long after the trends have come and gone.”

Thanks to the budget team for all the long nights and endless meetings. It is an honor to be the mayor of this city – and I look forward to continuing our work together to keep moving our city forward.

I want to thank our department heads and the management team for reaching a balanced budget. I believe we have a budget that allows us to live within our means and continue to reach for the stars.

DATE: April 28, 2016

TO: Councilor Jack Henderson Councilor Blake Ewing Councilor Anna America
Councilor Jeannie Cue Councilor Karen Gilbert Councilor Phil Lakin, Jr.
Councilor David Patrick Councilor Connie Dodson Councilor G.T. Bynum

FROM: Mayor Dewey F. Bartlett, Jr. 

SUBJECT: **FY 2016-2017 Budget and Capital Improvement Plan along with a financial plan for FY 2017-2018**

The budget presented to you today has been developed with careful consideration of today's economic conditions, the City's revenues and the goal to maintain sound financial policies and reserves. It is built on the efforts of the Mayor and Council to establish joint goals and objectives. We continue to have regular meetings throughout the City; meeting with citizens in their districts to discuss significant issues, and listen to their thoughts and ideas. All of these efforts have guided the development of this proposed budget.

The total budget is \$764 million. This is an increase of \$4.2 million or 0.6% over FY 2015-16. The operating budget is \$638.6 million, a \$9.2 million decrease, or 1.4 %. The Capital Budget is \$125.4 million, a \$13.4 million increase, or 12%.

On the surface it doesn't appear that much has changed, but so much has. Revenue flows differ in specific funds requiring different approaches to each fund's spending plan, and three new tax proposals approved by voters on April 5, 2016 will begin providing resources during the new fiscal year. Continuing with a process that was initiated two years ago, the budget that is proposed will focus on FY 2016-17, but add a financial plan for FY 2017-18. The addition of the second year helps to judge the future position, not for just the upcoming year, but for the longer term.

Economy

Oil and gas is a significant industry within five states including the state of Oklahoma. Tulsa was once widely recognized as the oil capital of the world. It remains an important part of the Tulsa economy even though diversification has occurred over the last 30 years. The level of drilling activity tells something about the current state of the industry. The latest count shows 61 active drilling rigs within the state of Oklahoma. This is less than half (1/2) of the count one year ago and less than one-third (1/3) of the count two years ago. As noted last year oil prices had dropped from a high of \$107 to \$44 in the previous year. In the current year, the price dropped below \$30 for a while and is currently around \$45. Oil and gas production in the state directly contributes to state tax revenues, but is an indirect contributor to city economies. It is a notable contributor to employment, and influences Tulsa's local economy. It is the most significant factor in the sluggish economy.

The employment levels for the Tulsa Metropolitan Statistical Area show a decline in employment of some 1,500 jobs over the last year. Most employment declines are seen in the oil and gas and manufacturing jobs, while other sectors have grown. The unemployment rate has increased from 4.0% a year ago to 4.6% today.

In Tulsa, single-family residential construction permits declined by 12% to 349 units in calendar year 2015. Multi-family construction, which increased tenfold in 2014 to 902 permitted units, pulled back to 611 units. The value of retail, office and industrial permits declined from \$163 million to \$116 million, with office accounting for all of the reduction, while retail and industrial both had increases.

The sales tax is expected to produce \$234.8 million in FY 2016-17, split between the General Fund and the 2014 Sales Tax Capital Fund from the existing 3.1% sales tax. Next year an additional sales tax of 0.55% will begin on January 1, 2017 from voter approved initiatives. The projection is based on technical models with adjustments for new retail incentive areas. The sales tax growth was essentially flat for the 9 months through March of 2016. It is expected to decline slightly in FY 2016-17.

General Fund

The General Fund is the principal operating fund of the City. The original FY 2015-16 resources for the fund totaled \$272.3 million, but are now expected to total \$266.2 million.

Revenues for FY 2016-17 are expected to be \$266.5 million or approximately 0.1% more than the estimate for FY 2015-16. Sales and uses tax account for two-thirds (2/3) of the total and are expected to decline by 2.5% from the original estimate for FY 2015-16. The FY 2016-17 budget balances revenues with ongoing expenses for operations.

The General Fund Emergency Operating Reserve is set at a level of 6.39 % of the budget with no change in the dollar amount. A deposit into the City Charter established Economic Stabilization Reserve (rainy day fund) is not required, and the \$2 million that was reserved two years ago would be available under the charter provision to offset revenue declines. Because revenues are flat at best, it is recommended that the \$3.2 million that remained after the annual audit of FY2014-15 should be added to the Economic Stabilization Reserve. One half of the amount in reserve may be used to offset revenue declines during a single fiscal year. This insurance policy against revenue declines would offset a variance of 1% from revenue declines.

The budget for the General Fund is \$266.6 million, a decrease of \$8 million or 2.9% from last year's original budget. Public safety receives the largest allocation of resources at 61.7% of the budget versus 60.9% in FY 2015-16 and up from FY 2012-13's 56%. A police academy of 20 is planned from this fund. No fire academy is planned from the General Fund, but an academy of 27 would be funded under a grant application. Both departments would also have academies under the newly passed public safety tax. The City continues to transition sworn employees from grants obtained during the economic downturn. There are six additional officers previously funded by grants who are being transitioned to the General Fund.

The largest category of expenditure is for payroll, which represents 75% of the budget. During FY 2015-16, the City of Tulsa reached agreements with all bargaining units and was able to provide Satisfactory Performance Increases (SPIs) to all employees at some point during the year. There was also increase in the top pay for both Police and Fire.

The proposed FY 2016-17 budget provides full year costs for the FY 2015-16 pay changes. The budget does not otherwise adjust payroll numbers except to remove positions that can no longer be financially supported. Some 56 jobs will be eliminated. The City will bargain SPI's and other compensation items with labor units. The pension rate for the various groups will remain unchanged in the upcoming budget.

If revenues perform at better levels than expected a list of items to be funded should include compensation at a minimum level of \$2.5 million, additional mowing of rights of way and parks, nuisance abatement, graffiti removal and others that the Council will identify as it reviews the budget.

Utilities

Utility authorities have reviewed utility revenues, and the funding needed to support operations, maintenance, capital, and debt service costs. They have carefully looked at the maintenance of water and sewer plants, and the need for line replacements. An increase of 6% to the water rate and 9% to the sewer rate are included to address capital needs and debt service of the systems. There are no plans to change the rates for stormwater, trash service and emergency medical services.

The current transfer rate from the utility funds to the General Fund is 6.2%. The rate, which had increased from a long established rate of 5.5% to 7.5% during the recessions of the last decade, is expected to return to the lower rate over the next few years. The tight financial condition of the General Fund caused a pause in the reduction in FY 2013-14 and in FY 2014-15. A reduction in the rate back to the 5.5% level is planned out in the budget and financial plan presented. The FY 2016-17 budget reflects a rate of 5.8% and the FY 2017-18 financial plan sets the rate at 5.5%.

Capital Budget

The Capital Budget includes \$83.4 million in sales tax from the 2014 Improve Our Tulsa program. The Capital Budget includes a wide variety of projects ranging from streets to the Tulsa Zoo. Police, Fire, Parks, Gilcrease Museum and the Performing Arts Center all have allocations.

will be available in FY 2019-20, and a limited amount of sales tax capital funding will be available in FY 2021-22.

The overall budget will fund many important services, but the revenue picture for the next two years indicates that substantial changes in services are very unlikely, except for the new initiatives approved by voters. We need to continue the pursuit of efficiencies and efforts, led by the Office of Maximizing and Advancing Performance (MAAP), to show the growing enthusiasm and willingness of employees to embrace change and improve our operations.

The effort to develop joint goals of the Mayor and City Council has been very successful. We worked to develop and pass an Improve Our Tulsa capital package that was well received by the citizens two years ago. Earlier this month, the citizens approved three propositions to improve public safety, streets and transit, as well as an economic development package. It will be our challenge to build the services and projects over the next several years that they expect. We still need to continue to examine our revenue sources and challenges for the longer term to assure that we can meet the essential services that we agree on. Sole reliance on sales tax with its current structure to finance local government remains problematic.

In the meantime, I welcome the Council's review of the proposed budget. I thank the Council for your suggestions and advice in developing the proposed budget. We all should thank the employees of this City who work hard to provide quality services to our citizens in changing economic conditions.

I look forward to agreeing on a budget as we strive to deliver the citizens the high level of service that they expect and deserve.

TULSA CITY COUNCIL

June 30, 2016

Dear Citizens of Tulsa:

On behalf of the entire City Council, we are pleased to present the Fiscal Year 2016-17 Budget and Capital Plan for the City of Tulsa.

In an uncertain economic climate, we were able to prioritize critical public safety functions and economic development efforts, while maintaining a conservative approach to revenue projections and expenditures.

The Council worked very hard to restore fourteen 911 call-taker positions, with the long-term goal of adding new capacity to our critical 911 operations through the Vision Tulsa sales tax. We were also able to restore funding for a Police Advisor in the Legal Department, to provide training, advice, and support to our officers.

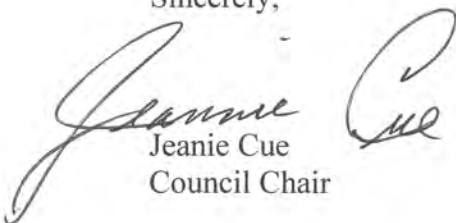

To boost economic development activity, the Council restored staff capacity to process building permits and licenses and to manage complex real estate transactions. We were also able to maintain support of our city's two recognized Main Street programs.

We made these important changes without tapping our emergency funds, holding more than \$3 million of non-recurring General Fund balance in reserve to address potential revenue declines.

The Mayor and Council will review revenues quarterly to determine if additional priorities can be funded during the fiscal year, such as restoring code enforcement capacity and mowing cycles, and providing a well-deserved stipend for non-sworn employees.

We continue to work very hard on your behalf to maintain the difficult balance of addressing important community needs, while being responsible stewards of public funds. Your elected representatives strongly encourage your feedback as we continue to address Tulsa's challenges and opportunities throughout the coming year.

Sincerely,

Jeanie Cue
Council Chair

Anna America
Council Vice-Chair

STRATEGIC PLAN REPORT

On March 8, 2012, Mayor Dewey F. Bartlett, Jr. and the Tulsa City Council adopted shared goals, objectives, outcomes and priorities for the City of Tulsa. Goals and desirable outcomes were identified and agreed upon for five shared priorities:

-  **Develop the Economy**
-  **Make local government efficient and reliable**
-  **Develop transportation plans for future needs**
-  **Beautify Tulsa**
-  **Improve Public Safety**

These priorities published in *2012 Goals and Objectives: The Vision and Agenda of the Mayor and Council of the City of Tulsa* are a follow-up to the strategic planning effort launched by Mayor Bartlett in November 2010 designed to:

- Improve municipal program effectiveness, efficiency and accountability by focusing on results, service quality and customer satisfaction;
- Improve the confidence of citizens of Tulsa in the capability of the municipal government by systematically holding each municipal program manager accountable for achieving program results and reporting publicly on their progress; and
- Promote continuous improvement of municipal government.

Mayor Bartlett and the City Council meet annually to revise and update the status of their shared goals and objectives. The City's strategic planning effort is also guided by comprehensive citizen surveys completed in February 2011 and July 2013. The primary objective of both surveys was to measure the opinions and attitudes regarding City services of residents in the City of Tulsa. The results of the survey have been reviewed to assist City officials in allocating limited resources to services that are most beneficial to residents.

-  **Citizen Survey Priority**

The FY2016 City of Tulsa Annual Budget incorporates Mayor, Council and Citizen Survey priorities within the Budget by delineating City department goals to the five shared elected officials' priorities and Citizen Survey priorities. Each priority is color-coded and illustrated by a corresponding symbol, as shown above. Key department level goals, objectives, performance indicators and performance targets are reported in the department budget summaries (Section Four). Goals supporting a Mayor and Council priority and/or Citizen Survey priority are identified by the corresponding priority symbol. Additionally, a Budget Strategy Overview section has been added to each Department Budget Summary to highlight how budget resources are being dedicated to achieve performance goals. Beginning in FY2014, the Constrained Capital Projects Inventory also incorporates Mayor and Council and Citizen Survey priorities by utilizing corresponding symbols.

In July 2011, the administration began tracking departments' performance indicators to measure progress in achieving Citizen Survey and elected officials' priorities. Performance indicators are published monthly on the City of Tulsa intranet site so employees can view each Department's progress in meeting these objectives.

The *FY2015 Key Performance Measures Report* will be published on the City of Tulsa website in FY2016. The 2011 and 2013 City of Tulsa Citizen Surveys are available on the City of Tulsa website as well.

CITY OF TULSA

FINANCIAL POLICIES

1. STRATEGIC PLANNING

- a. All planning activities, strategies and studies should be comprehensive and integrated on a City-wide basis.
- b. Plans, strategies and studies shall encompass multi-year time frames and be updated annually.

2. OPERATING BUDGET

- a. The City of Tulsa shall comply with the provisions of the *Oklahoma Municipal Budget Act, 11 O.S. Supp. 1979, Sections 17-201 through 17-216*. It shall be the responsibility of the Mayor through the Department of Finance to ensure compliance and the timely preparation of the City of Tulsa's annual budget.
- b. The budget will provide for adequate maintenance of the capital plant and equipment and for their orderly replacement.
- c. The City will maintain a budgetary control system to help it adhere to the budget.
- d. The City administration will prepare regular reports comparing actual revenues and expenditures to budgeted amounts.
- e. Each year the City will update revenue and expenditure projections for the next five years. Projections will include estimated operating costs of future capital improvements that are included in the capital budget.
- f. The City will integrate key performance measurement and productivity indicators within the budget.
- g. The City will project its equipment replacement and maintenance needs for the next several years and will update this projection each year. From this projection a maintenance and replacement schedule will be developed and followed.
- h. It shall be the goal of the City that current operating revenues will be sufficient to support current operating expenses and in no case shall more than five percent (5%) of the operating budget be supported by the use of prior year's fund balances.
- i. Adjustments to Water, Sewer, Stormwater and Solid Waste Disposal service rates and fees shall be examined on an annual basis as an integral part of the City's budgetary process.

3. RISK MANAGEMENT

- a. The City will operate a risk management program to provide for protection against loss and a reduction in exposure to liability. Such program shall include an employee safety training program to minimize financial losses to the City.
- b. The City will establish a self-insurance program to provide for protection against major losses and will purchase excess coverage insurance to cover catastrophic losses where appropriate.

4. PROCUREMENT AND PURCHASING

- a. The City of Tulsa shall operate a consolidated Purchasing and Procurement System.
- b. The City's Purchasing and Procurement System shall encourage full and open competition on all purchases and sales.
- c. The operation of the City's Purchasing and Procurement System and Surplus Property Disposal System shall be based upon competitive bidding whenever possible.

5. REVENUES

- a. The City will estimate its annual revenues by an objective and analytical process.
- b. It shall be the goal of the City that all Enterprise Funds shall be self-supporting.
- c. The City will establish all user charges and fees at a level related to the cost of providing the services.
- d. Credit and Collection
 - 1. The City of Tulsa will neither begin business activity nor continue to engage in business activity with an entity that owes the City funds from a delinquent debt.
 - 2. Extended credit may be granted by the City for certain obligations. If payment is not timely, the City reserves the right to refuse future credit as well as take necessary legal action to obtain payment of the debt and collection costs.
- e. The City will try to maintain a diversified and stable revenue system to shelter it from short-run fluctuations in any one revenue source.
- f. Categorical federal and state grant revenues shall only be used to finance limited-time-period operations and/or one-time capital.
- g. Five and one-half percent (5½%) of Enterprise Fund revenues will be transferred annually to the General Fund for in-lieu tax payments (policy exception has been in place since 2003).

6. CAPITAL BUDGET AND IMPROVEMENTS

- a. The City of Tulsa's Capital Improvements Program shall be a five-year program and shall be updated annually. All departments' needs shall be considered in the plan.
- b. The City shall maintain a balanced mix of financing for funding capital projects, including pay-as-you-go, grants and debt, without excessive reliance on any one source.
- c. No capital project shall be funded which does not comply with the provisions of and is not contained in the currently approved Capital Improvements Program.
- d. The City will coordinate development of the capital improvement budget with development of the operating budget. Future operating costs associated with new capital improvements will be projected and included in operating budget forecasts.
- e. Capital projects will be scheduled based on the following criteria:
 - 1. The project has been certified by the Planning Commission as being in accordance with City plans.
 - 2. The project will alleviate a service deficiency or replace a deteriorated and/or non-functioning facility.
 - 3. Federal or state law requires it to be done.
 - 4. Federal or state matching funds are available for the project.
 - 5. A Federal or state agency will construct the facility at no cost to the City.
 - 6. The project will encourage economic development.
 - 7. The project is needed to solve an emergency situation.
 - 8. The project will improve the quality of life in the City's neighborhoods.
- f. Public hearings will be held before deciding what projects to include in any multi-year capital program which requires approval by the electorate.
- g. The CIP has been developed based on Government Finance Officers Association (GFOA) recommended best practices. <http://www.gfoa.org/capital-planning-policies>
- h. The CIP has been coordinated with the Planning and Development Department to assess the CIP for conformance with the Comprehensive Plan and to prioritize projects which support Land Use Policies 5.5 and 13.3 in particular.

7. LONG TERM BORROWING

- a. General Obligation and Revenue Bonds shall only be issued for capital improvements and maintenance or expenditures related thereto. Revenue bonds shall be used to finance capital improvements wherever possible. No operating expenses shall be funded using any form of long-term financing.
- b. Bond borrowing shall be planned and the details of the plan shall be incorporated into the five-year Capital Improvements Program.
- c. The outstanding indebtedness of the City of Tulsa shall in total not exceed such levels as to cause the City's credit rating to be impaired and in all cases the City shall take such actions and adopt such policies and procedures as necessary to maintain a rating equal to at least AA for general obligation debt. In no event shall the net general obligation debt exceed twenty-five percent (25%) of the net assessed market valuation of the taxable property of the City of Tulsa as established by the County Assessor.
- d. Projects financed through the issuance of debt shall not be financed for a period that exceeds the expected useful life of the project and in no event shall the term of any debt exceed twenty-five (25) years.
- e. Refunding of outstanding debt shall only be considered when present value savings of at least four percent (4%) of the principal amount of the refunded bonds are produced, unless a restructuring or bond covenant revisions are necessary in order to facilitate the ability to provide services or issue additional debt in accordance with established debt policy and limitations.
- f. Bond sales shall be structured to achieve level debt service payments to the extent possible taking into consideration the costs of such financings. Either variable or fixed rate financing may be used, subject to applicable laws, depending on the cost benefit to the City of each option.
- g. Interest earnings from general obligation bond proceeds shall be deposited in the General Fund.
- h. Competitive sale shall be used for all general obligation debt issuances of the City of Tulsa. Negotiated or competitive sale may be used for revenue bonds.

8. INVESTMENTS AND DEPOSITS

- a. It shall be the objective of the City of Tulsa to pool and invest public funds in accordance with current legislation and the Charter of the City of Tulsa. Criteria for investing shall adhere to the following order of priority: (1) Safety, (2) Liquidity, (3) Yield.
- b. Responsibility for the investment program of the City shall be vested with the Director of Finance who shall establish an investment program consistent with an adopted investment policy.
- c. The City will establish a cash flow management system which includes the preparation of a cash flow analysis of all funds on a regular basis. Disbursement, collections and deposit of all funds will be scheduled to ensure maximum investment return and cash availability subject to the City's investment policies. The cash flow management system shall ensure the City can offset significant downturns in revenues which could not have been reasonably foreseen and provide sufficient working capital and cash for daily financial needs.
- d. The City will make arrangements with banks on a contractual basis for a specified period of time with specified fees for each service rendered.

9. RESERVES

- a. The City shall establish and maintain an operating reserve in the General Fund to provide for unanticipated expenditures of a non-recurring nature or to meet unexpected increases in service delivery costs. The reserve will be budgeted at approximately six and thirty-nine (6.39) percent of the General Fund expenditures estimated for the fiscal year. Prior to allocating funds from this reserve, the Mayor shall prepare an analysis of the proposed expenditure and present it to the City Council.

- b. The City may establish and maintain operating reserves in its enterprise funds to pay for expenses caused by unforeseen emergencies or shortfalls caused by revenue declines.

10. ACCOUNTING

- a. The City of Tulsa's accounting systems shall be operated and maintained in accordance with generally accepted principles and standards as promulgated by the Governmental Accounting Standards Board.
- b. The City's accounting and financial transactions shall be audited annually by a recognized independent certified public accounting firm and such audit results shall include a management letter detailing areas where improvement is needed. A firm to perform such audit shall be chosen not more than once every five (5) years.
- c. The City shall prepare and issue an official Comprehensive Annual Financial Report no later than six (6) months following the fiscal year-end in accordance with Government Finance Officer's Association and Governmental Accounting Standards Board principles and standards.
- d. The City of Tulsa shall establish and maintain an accounting control environment to help ensure proper authorization for financial transactions and proper procedures for safeguarding assets.
- e. The City will comply with bonded debt covenants requiring yield restrictions on certain investments and accounts in compliance with *Internal Revenue Code, Section 148 - Arbitrage*.

11. TRUSTS AND AUTHORITIES

Unless otherwise provided by the operation of law, all Trusts and Public Authorities which receive funding from the City of Tulsa shall conform to the City's Financial Policies and procedures where applicable.

12. PENSION FUNDS

- a. The pension funds of the Municipal Employees' Retirement Plan shall be managed by the Pension Board as set forth in City Ordinance and Oklahoma Statute.
- b. The City's annual budget will provide for adequate funding for the Municipal Employees' Retirement System.
- c. Investments shall be made in conformance with an investment policy adopted by the Municipal Employees' Pension Board.

7-T

ORDINANCE NO. 23500

AN ORDINANCE ADOPTING THE ANNUAL BUDGET OF THE CITY OF TULSA FOR THE FISCAL YEAR 2016-2017; ORDERING THE TRANSFER OF ENTERPRISE INCOME TO THE GENERAL FUND; APPROPRIATING UNEXPENDED BALANCES FOR GRANT FUNDS AND CAPITAL PROJECT FUNDS FOR FISCAL YEAR 2015-2016; ORDERING AND DIRECTING THE COMPUTATION AND FILING OF LEVY REQUIREMENTS FOR THE 2016-2017 SINKING FUND OF THE CITY OF TULSA, OKLAHOMA; RESERVING FUND BALANCE OF SIX AND THIRTY-NINE PERCENT (6.39%) AS AN EMERGENCY OPERATING CONGTINGENCY IN THE GENERAL FUND; LEAVING THE ECONOMIC STABILIZATION RESERVE AT \$2 MILLION; APPROVING AN EMERGENCY TELEPHONE FEE OF FIVE PERCENT (5%) FOR CALENDAR YEAR 2017; ORDERING THE FILING OF THE CITY OF TULSA BUDGET, FISCAL YEAR 2016-2017 WITH THE STATE AUDITOR AND INSPECTOR OF THE STATE OF OKLAHOMA; AND ORDERING THIS ORDINANCE TO TAKE EFFECT IMMEDIATELY FROM AND AFTER ITS ADOPTION AND APPROVAL.

BE IT ORDAINED BY THE CITY OF TULSA:

Section 1. That the annual budget of the City of Tulsa, Oklahoma, for Fiscal Year 2016-2017 be and is hereby adopted under the Municipal Budget Act, 11 O.S. 2001, §§ 17-201, *et seq.*, as amended.

Section 2. That the transfer of six percent (6.00%) of Water, Sewer, Stormwater, and TARE/Solid Waste rate income to the General Fund of the City of Tulsa, Oklahoma, be and is hereby approved and ordered.

Section 3. That the unexpended appropriation balances and encumbrances for grant funds and capital project funds for Fiscal Year 2015-2016 be and the same are hereby appropriated to the same funds, accounts and for the same purposes for Fiscal Year 2016-2017 unless the project is designated to be closed.

77

Section 4. That the Mayor shall compute the levy requirements for the 2016-2017 Sinking Fund of the City of Tulsa, Oklahoma, utilizing a reserve of ten percent (10%) for delinquent taxes and cause the same to be filed with the Excise Board of Tulsa County, Oklahoma.

Section 5. That the Mayor and City Council shall reserve fund balance for Fiscal Year 2016-2017 in an amount equivalent to six and thirty-nine percent (6.39%) of projected revenues as an emergency operating contingency in the General Fund that can only be spent with Council approval.

Section 6. That the economic stabilization reserve will remain at \$2 million from unassigned fund balance in accordance with the provisions of the 1989 Amended Charter, Article II, Section 7.5.

Section 7. That an Emergency Telephone Fee (E-911) of five percent (5%) of the tariff rate be and the same is hereby approved and ordered for calendar year 2017 in the City of Tulsa, Oklahoma.

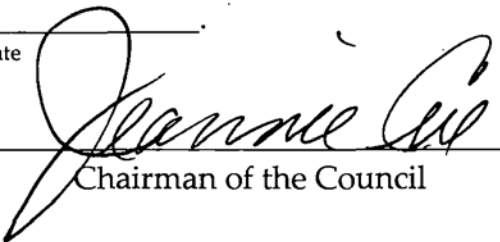

Section 8. That one (1) copy of the adopted budget, being marked and designated as "City of Tulsa Budget, Fiscal Year 2016-2017" be and the same are herewith ordered to be filed in the Office of the City Clerk of the City of Tulsa, Oklahoma, on the 16 day of June, 2016, and one (1) copy with the State Auditor and Inspector of the State of Oklahoma.

Section 9. That this ordinance shall take effect immediately after its adoption and approval.

City of Tulsa 2016-2017 Budget and Capital Plan Executive Summary

The FY17 total budget is \$767,965,000 – a 1.1 percent increase from the original FY16 budget. The operating budget is \$642,587,000 while the Capital Improvements budget totals \$125,378,000. The operating budget is decreasing by 0.8 percent and the capital budget is increasing 12 percent from FY16 totals. FY17 revenue projections total \$729,548,000; Figure 1 shows revenue by major category.

Total expenditures by major program categories are shown on Figure 2. Public Safety consumes 23 percent of total appropriations. Public Works and Transportation make up 41 percent of the budget and includes the bus system, street maintenance, water and sanitary sewer systems, storm water management, and trash pickup and disposal functions. Cultural and Recreational programs consume 5 percent of the budget, Social and Economic Development programs make up 3 percent, and Administration 10 percent. Debt service is 18 percent of the budget.

ECONOMIC CONDITION

All labor figures have now regained losses sustained in the previous recession, and are currently at historic highs. The area labor force gained 28,400 new participants in 2015. This was an increase of 6.4 percent over the previous year. Wage and Salary employment reported its fifth consecutive year of growth, increasing 1.1 percent over CY14, and ended the fiscal year at a seasonally adjusted total of 443,100. The greatest relative growth was sustained in the Service sector, which increased 2.7 percent over the previous fiscal year, and at a median annual rate of 1.6 percent over the previous ten years. The larger Total Employment survey reported an increase of 6.5 percent over the previous year to total a seasonally adjusted 454,700 in CY15. As Total Employment grew faster than the labor force, the metro jobless rate fell in CY15 to 4.3 percent, a decrease of 0.5 points from CY14 (4.8 percent). After five years of growth, retail sales in the TMSA remained essentially flat in CY15. However, the Oklahoma State University Center for Applied Economic Research has forecast retail sales to grow at an annualized rate of 2.9 percent, employment at 1.2 percent, and per capita personal income at 4.2 percent over the coming 4 years.

Gross Metro Product (GMP) for the area was estimated to have remained flat over the previous year; but is forecast to resume growth at an annualized rate of 2.8 percent through CY19. Barge freight reported lower, but steady traffic despite the closure of several channels due to a large scale infrastructure improvement project, while air freight reported its highest annual total since CY09 at 59,825 tons shipped over the year. Considering the conservative growth forecast in both employment and GMP, it is expected that although the pace may be slowing, the local economy will continue to experience modest improvement and continued stability for the near future.

POPULATION

The TMSA population grew 0.7 percent in 2015 to 971,000, up from 964,300 in 2014. At the same time, the City of Tulsa's population grew by 0.1 percent to total 399,200. The median age in Tulsa is 34.8 years old, although the fastest growing demographic continues to be the 55-64 age group, which increased 30 percent between 2005 and 2015. The City may expect increasing service demands related to an aging population; such as transit, targeted recreation, and ADA infrastructure.

Figure 4
LABOR FORCE
(in thousands)

Source: Oklahoma Department of Commerce

LABOR FORCE

After falling in 2014, labor force in the metro resumed its expected growth in 2015. Job seekers in the TMSA grew from 446,400 in 2014 to 474,800 in 2015, an increase of 28,400. This total continues to be historically high. Over the previous year, Tulsa had a net in-migration of 630 potential job seekers. This was somewhat lower than would generally be expected. As in previous years, most (7.2 percent) migrated from Oklahoma City.

WAGE AND SALARY EMPLOYMENT

Monthly TMSA Wage and Salary employment continued the growth which began in CY11. By the end of the CY15, the twelve month moving average increased by 5,000 jobs from a year earlier. The service sector reported the greatest relative gains, growing 2.7 percent in CY15, adding 5,700 jobs over the year. Current trends indicate that the Service Sector may continue to report the strongest growth in the coming year, as its real growth outpaced all other sectors the previous five continuous months. Moody's Analytics forecasts total wage and salary employment growth of 2.0 percent in CY16 and 2.9 percent in CY17. With hiring occurring primarily in the largest subsector, Service, wage and salary employment should continue its recovery in the upcoming year. Wage and Salary has been a good indicator of revenue trends in future years.

Figure 6
UNEMPLOYMENT RATE (percent)

Source: Oklahoma Department of Commerce

PERSONAL INCOME

After dropping 11.2 percent in late 2009, per capita personal income has regained these losses and continues to grow. Per capita personal income grew by 2.7 percent in 2010, an even stronger 9.7 percent in 2011, and 8.2 percent in 2012. As energy prices continued to rebound and the local job market improved, per capita personal income had returned to its expected trend in 2013, and increased another 1.2 percent to \$47,297. After leveling off in 2013, personal income regained momentum in 2014, increasing another 4.1 percent over the previous year. Moody's Analytics forecasts that per capita personal income will increase in calendar years 2015 and 2016 with annual increases of; 5.4 percent and 6.6 percent respectively. This would increase per capita personal income to approximately \$51,901 by the end of 2015. Annual growth in per capita personal income has averaged 4.2 percent over the previous 14 years, with the median annual gain being 4.7 percent. Assuming stable savings rate trends in the future and annual growth of 4 percent or more, the City should expect to see greater activity in sales tax collections in the future.

AIRPORT

Freight tonnage at the Airport increased by 2.0 percent in 2015. However, passenger traffic fell slightly, decreasing by 27,000 passengers (0.9 percent) over 2014. After bankruptcy proceedings in 2012, American Airlines (a predominant client at the airport) has since merged with US Airways improving both service and stabilizing employment. Additionally, the Airport has implemented several marketing enhancements to successfully draw more non-stop flights. Airport officials are optimistic traffic counts will continue to grow in 2016, due to these improvements.

BUILDING PERMITS

Construction slowed again in 2015. The year ended with 349 single family units built and 611 multi-family units built. Combined, this was a decrease of 26.1 percent from 2014. Positive growth in commercial activity was seen in all sectors outside of Office construction; which fell 74 percent in 2015. Both Retail and Industrial construction performed well over the year, increasing 37 and 45 percent, respectively. Although construction did not perform to expectations, its decrease was not significant.

Figure 10
MOTOR VEHICLE REGISTRATION
(in thousands)

Source: Oklahoma Tax Commission

MOTOR VEHICLE REGISTRATION

After 5 years of continuous growth, vehicle registration in Tulsa County fell slightly in CY15; ending the period with an annual decrease of 3.1 percent in car registrations; and 4.6 percent in all other categories. There were 512,000 cars and 55,000 commercial trucks and other vehicles registered in CY15.

UTILITIES

The combined water and sewer customer counts grew somewhat in CY15, increasing approximately 0.2 percent over the previous year. Water meters increased 0.2 percent ending CY15 with 137,100 active meters. Sewer customers increased 0.1 percent to a total of 130,000.

REVENUES

WHERE THE MONEY COMES FROM

The Operating and Capital Budgets are financed by the revenue sources identified in the following figures. Total projected revenue for FY17 is \$729,548,000, a 2 percent increase from the FY16 original budget. Enterprise revenues are increasing 6 percent.

Several methods are used to project the individual revenue sources used to finance Tulsa's government. The sources producing the most revenue are modeled using time series statistical programs. The results are modified based on current and projected economic trends, and views of various experts as conveyed in local, state, and national publications. When projecting the secondary sources, extrapolation of trends is used, and in the case of stable sources, the current fiscal year estimate is carried over into the next fiscal year. A final method is the "Delphi" approach. Experts (oracles if you will, hence the name "Delphi"), in most cases the City staff responsible for managing a program and/or facility that generates revenue, are asked their opinion of revenue growth rates. Often times the initial amounts are modified after discussions with the Budget and Planning staff.

LOCAL TAXES

The City has five major tax categories and collectively they will provide 51 percent of the projected revenue in FY17.

Sales Tax

The largest source of revenue for the City is sales tax and it accounts for 33 percent of the FY17 resources. In 2016, the Oklahoma State Tax Commission sales tax retention rate decreased from 1 to 0.5 percent of the amount on goods and services which are subject to this tax under State Statutes. The General Fund receives 2 cents of the City's sales tax rate for operations and with the remainder placed in capital funds. Sales tax receipts of \$241,564,000 are projected in FY17, a 2 percent increase from the FY16 estimate. Also, voters authorized an additional 0.55 percent sales tax for Public Safety, Streets and Transportation, and Economic Development projects which will begin in January, 2017.

Use Tax

Personal property purchased outside the state and used within the City is also taxed at 3.1 percent. The FY17 original budget Use Tax projection is \$23,321,000, a 4 percent decrease from the FY16 estimate of \$24,293,000.

Franchise Tax/Right of Way User Fees

Franchise Tax/Right of Way (ROW) User fees are collected from Oklahoma Natural Gas (ONG), Public Service Company of Oklahoma (PSO), Cox Communications, AT&T, Valor, Trigen, and other miscellaneous users of City ROW. Collectively, ONG and PSO generate 55 percent of this category's revenue. Natural gas prices have decreased more than 85 percent since 2008 and are expected to remain at current levels. In FY17, ONG and PSO fees are projected to produce \$12,204,000. Revenue has been affected by lower natural gas prices and alternatively warmer winter and cooler summer weather. FY17 revenue from all Franchise Tax/Right of Way User fees is projected to be \$22,949,000.

Figure 12
TAXES

Hotel/Motel Tax

In addition to sales tax, the use of hotel and motel rooms within the City is taxed at 5 percent. Projected FY17 receipts of \$7,562,000 are a 4 percent decrease from the FY16 original budget. However, the outlook for FY17 is positive as the Convention and Visitor's Bureau expects strong venue bookings.

Ad Valorem Tax

The State Constitution requires Tulsa make an annual Ad Valorem tax levy sufficient to pay for the principal and interest on bonded indebtedness and any court judgments against the City. The tax levy is approved by the County Excise Board. The tax is projected to generate \$74,481,000 in FY17.

ENTERPRISE REVENUES

Charges for using utility services, emergency medical services, and golf courses are sources of revenue for the enterprise funds. Utility charges include revenues generated by the water system, the sanitary sewer system, the solid waste disposal service, and the stormwater management program. The Emergency Medical Services Authority (EMSA) fees are collected and used to help fund the operations of emergency medical services. Golf course revenue is generated from the operations of Page Belcher and Mohawk Golf Courses.

Golf Fees

The City began contracting with Billy Casper Golf, LLC of Virginia to operate Page Belcher and Mohawk Golf Courses in January 2008. All golf revenue is retained by Billy Casper Golf and used to operate the courses. Projected FY17 revenue is estimated at \$2,825,000, an increase of 2 percent over the FY16 original budget.

**Figure 13
MAJOR ENTERPRISE REVENUES**

Source: City of Tulsa Finance Department

Water

The sale of treated water is expected to generate \$106,963,000 in FY17, 4 percent higher than the FY16 original budget. Demand is expected to be lower because of the assumption that growth in the customer base will be modest and that the cooler summers experienced over recent years will continue. Additional revenue growth is assumed based on a 6 percent rate increase effective October 1.

Sewer

The treatment and disposal of wastewater is charged to both commercial and residential sewer customers. Little or no growth in the customer base is anticipated. FY17 revenue is projected to be \$98,404,000, 11 percent higher than the FY16 original budget. Revenue estimate improvement is based on a 9 percent rate increase effective October 1.

Refuse

The Tulsa Authority for the Recovery of Energy (TARE) is responsible for overseeing the collection and disposal of solid waste within the City. Revenue is generated from charges on trash collection and disposal. FY17 revenue is projected to be \$25,940,000. The customer base is projected to be stable.

Stormwater

City of Tulsa landowners pay for the operation and maintenance of the City's storm drainage facilities. The FY17 revenue projection is \$27,369,000,. There will be no rate increase in FY17.

CULTURE AND RECREATION

Fees and admission charges related to the City's cultural and recreational facilities are expected to generate \$2,405,000 in FY17, 3 percent more than the FY16 original budget amount.

Performing Arts Center

The Performing Arts Center (PAC) is host to many stage events in the Chapman Music Hall, John H. Williams Theatre, Liddy Doenges Theatre, Charles E. Norman Theatre, Robert J. LaFortune Studio, and Kathleen P. Westby Pavilion. FY17 revenue is projected to be \$1,705,000, 5 percent more than the FY16 original budget. A facility fee increase accounts for the FY17 increase.

**Figure 14
CULTURE AND RECREATION**

Source: City of Tulsa Finance Department

Miscellaneous Park Revenue

Park participation fees account for 52 percent of the \$700,000 FY17 miscellaneous park revenue. Other revenue sources include shelter and property rentals, reimbursements, concessions, and fees from special events held at the parks. Revenues are expected to reflect the level of fee-based program offerings. Zoo revenue is now collected and used to operate the facility by the City’s contracted Zoo manager, Tulsa Zoo Management Inc.

**Figure 15
LICENSES AND PERMITS**

Source: City of Tulsa Finance Department

LICENSES AND PERMITS

Business licenses, non-business licenses, building inspections, and permits are projected to be \$8,394,000, a 2 percent increase from the FY16 original budget. The base number of businesses requiring these licenses is stable. FY17 construction activity is expected to improve and accounts for the majority of the projected increase.

Business Licenses

Occupational, taxicabs, amusement/recreation, restaurant, liquor occupation, retail liquor, and beer make up the business license categories. The FY17 projection of \$1,330,000 is 8 percent greater than the FY16 original budget.

Building Inspections

Building Inspection revenue for FY17 is projected to be \$3,987,000, 4 percent greater than the FY16 original budget. The residential building market in the area has stabilized and is starting to improve.

Other Licenses and Permits

Infrastructure Development Permit (IDP), Permit and Licensing System fees (PALS), records retention fees, and annual permits for industrial, plumbing, building sprinklers, sewer, water, watershed, security alarm, elevator inspections, dog licenses, fishing licenses, and several other miscellaneous sources are projected to generate \$3,077,000 in FY17. This is a 3 percent decrease from the FY16 original budget.

Figure 16
MISCELLANEOUS REVENUE

Source: City of Tulsa Finance Department

MISCELLANEOUS REVENUE

The City receives revenue from numerous miscellaneous sources. Public safety, E-911 fees, direct cost for support services, street repairs, fines and forfeitures, interest, Regional Metropolitan Utility Authority shared revenue, planning and zoning fees, parking meters, and Enterprise fund fee in lieu are the primary sources of miscellaneous revenue.

Public Safety

Public safety revenue includes charges for airport fire protection, the animal shelter, weed mowing, fire protection outside the City, police special events, and hazardous material clean-up charges. FY17 public safety related revenue is projected at \$3,600,000, a 7 percent decrease from the FY16 estimate. Code enforcement revenue is 12 percent less than the FY16 estimate.

E-911

Charges for the Emergency 911 system include a fixed telephone user charge and a 50 cent per month charge on cell phones. The FY17 projection of \$3,296,000 is 5 percent less than the FY16 original budget. Cell phone charges reflect modest revenue growth from an anticipated increase in the surcharge on cell phones beginning November 2016. Fixed telephone user charges reflect a continued decline in land line usage.

Direct Cost for Support Services

The enterprise funds pay a cost recovery charge to the General Fund for their allocated portion of incurred common central expenses. Also included are service charges, document sales, processing fees, planning and zoning, and radio users' fees. FY17 direct costs for support service charges are projected to generate \$8,145,000. The amount is 7 percent more than the FY16 original budget.

Streets and Highways

Revenue is received from both parking meters and street cut permits which are required to repair streets and highways after the pavement is broken to fix utility lines or install new lines. The revenue projected in FY17 is \$6,526,000, a 6 percent decrease from the FY16 original budget.

Fines and Forfeitures

Municipal Court fines generate 94 percent of the fine and forfeiture revenue. Other sources of revenue are probationary fees, court penalty assessment fees, and the sale of stolen and confiscated property. The City is projected to receive \$8,883,000 in FY17 from these sources, which is a 2 percent decrease from FY16 original budget.

Interest

FY17 interest earnings are projected to be \$6,299,000. This is 1 percent less than the amount projected in the FY16 original budget. Interest rates have remained low and the spread between agency and treasury bonds continues to be compressed. However, the Federal Reserve began raising interest rates in 2015, and a change in the average length of maturity is expected.

INTERGOVERNMENTAL REVENUE

The City receives revenue from the Federal, State, and County governments for charges for services, and the taxes on vehicle licenses, liquor, gasoline, and tobacco.

Vehicle Licenses, Gasoline Tax, Cigarette Tax and Liquor Tax

In FY17, revenue from the State is projected to be \$7,345,000. This is compared to the FY16 original budget of \$7,140,000. An increase in the proportional distribution of the tobacco tax is the reason for the increase.

Reimbursements

The City receives reimbursement from Tulsa County for the E911 operation and police lab work, and from the Federal and State governments for various reasons. County reimbursement for 911 operations is expected to remain the same in FY17. Total reimbursements are projected to be \$1,630,000.

Figure 17
INTERGOVERNMENTAL

Source: City of Tulsa Finance Department

EXPENDITURES

WHERE THE MONEY GOES

Budgeted revenues and expenditures are largely balanced in FY17 with a small draw on fund balance expected. To achieve a balanced budget, there will be significant service level impacts across all departments. Budgeted positions will be reduced by thirty-five, affecting thirteen departments with most of these being vacant positions; however, layoffs may still occur.

The Public Safety program's appropriations supporting the Police, Fire, Municipal Court, and Emergency Management, account for 23 percent of the FY17 budget. The Administrative and Support Services category represents approximately 10 percent of the FY17 budget. As the largest recipient of capital dollars in the City, Public Works and Transportation will receive 41 percent of the budget. Cultural and Recreational activities will be allocated 5 percent of FY17 resources. The City's Economic Development and Neighborhood Services functions will consume 3 percent of the FY17 budget and the remaining 18 percent to be used to service debt and transfers.

The Police and Fire Departments' total allocations are decreasing in FY17 by 0.9 and 0.4 percent, respectively. In FY17, a January Police academy of twenty is funded and Fire Department service levels will be supported by the addition of twenty-seven cadets funded by a SAFER grant. To bolster service levels in Police and Fire, the Public Safety Tax will fund academies of thirty and twenty cadets, respectively, in FY17.

Cultural and Recreational programs will be impacted by a 3.7 percent reduction from the original FY16 budget in FY17. The majority of these reductions are by the Parks and Recreation Department. Operating hours for splash pads will be reduced, mowing cycles will be reduced from thirteen to ten, as well as the elimination of five positions.

Social and Economic Development program allocations are increasing by 0.9 percent in FY17. This is due to the Planning and Development Department receiving its first appropriations from the Streets and Transit Tax in FY17. These funds will be used to initiate the planning phase of various structured parking, transit, and public space improvement projects, as approved by voters. General Fund allocations in this department will be reduced by 2.3 percent, primarily by the elimination of eight positions. The Mayor's Office of Economic Development will see reductions of 11 percent as two positions and a one-time allocation for a strategic plan will be eliminated in FY17.

Public Works and Transportation budget will increase by 0.8 percent in FY17. Engineering Services is eliminating the update of aerial photographs, reducing consulting fees and abolishing two positions while Streets and Stormwater has reduced anticipated expenses for pavement repairs related to waterline breaks and other paving cuts as well as eliminated two positions. Likewise, the Water and Sewer Department has also reduced funding for waterline breaks and paving cuts. In FY17, the Streets and Stormwater Department will receive its first appropriation from the Streets and Transit Tax. These funds softened the total Public Works and Transportation category's overall reduction. These funds will be used to add one street crew and supervisor in the Street Maintenance Division, as well as six Engineers and Electricians in the Traffic Operations Division.

The Administrative and Support Services program's allocations are decreasing by 3.4 percent. Information Technology will eliminate two positions and make significant reductions to software maintenance and support. The Finance Department will make reductions within materials and supplies and other services.

PUBLIC SAFETY

Police Department

The FY17 budget provides \$240,000 for the transition of seven officers whose grant funding will be exhausted in FY17. Six officers from a Community Oriented Policing Services (COPS) grant and an officer from a Grant to Encourage Arrest (GTEA) grant will transition to General Fund funding in FY17. Funding is also in place for a Police academy of 20 cadets in January 2017 to help address vacancies in the department. Following the introduction of the voter approved Public Safety Tax in January 2017, a second academy of 30 cadets will be funded in April 2017. Additionally, this funding will be used to add six 911 – Telecommunicators, as well as one-time funding to begin a study on body camera implementation for officers.

Fire Department

In FY17, \$125,000 has been included in the budget to continue shared funding with TCC for the Director of the TFD Fire Training Center position which was added mid-year in FY16. A SAFER (Staffing for Adequate Fire and Emergency Response) Grant is anticipated to fund the personnel cost for the July 2016 academy of 27 cadets. The permanent Public Safety Tax will fund an additional academy of 20 cadets in April 2017. Lastly, one position was abolished in FY17 due to budget reductions.

CULTURAL AND RECREATION

Park and Recreation

The Parks' FY17 budget includes funds to accommodate a contractual increase of 2.5 percent with Tulsa Zoo Management Incorporated (TZMI). An additional \$87,000 is available from golf revenues for Golf Course operations to cover labor and marketing efforts. Both McClure and Lacy pools will be closed at various times for construction in FY17, as was planned in the Improve Our Tulsa capital program. FY17 reductions include the abolishment of five positions. Capital dollars have been included to continue the complete reconstruction of the Lacy and McClure pools.

Gilcrease Museum

Management of the Gilcrease Museum was contracted to the University of Tulsa in July, 2008. The FY17 Gilcrease contract is slightly higher as a result of the contractual CPI adjustment of 0.7 percent in FY17, although there will be no service levels changes included in the FY17 budget. There will be no capital equipment purchases in the current budget.

Performing Arts Center

The goal for the PAC is to continue to provide a first class facility and high quality services. The FY17 budget will decrease by 12.6 percent, largely due to operating capital reductions. General Fund resources will decrease by 1.4 percent. Even with decreased operating capital funding, there will be several capital equipment purchases planned in FY17, including: upright pianos, exterior lighting controls, tech and software for Chapman Hall audio interface, and reconfiguring the main steam reduction and hot water steam stations. Capital dollars are included in the FY17 budget for facility refurbishment, including improvements at the ticketing station, main entrance, and various stages.

River Parks

The City will be providing short-term capital funds to River Parks in order to purchase a utility vehicle, air compressor and accessories, skid steer attachment, and a pole barn extension for the maintenance shop. The FY17 River Parks operating budget will remain flat from FY16.

SOCIAL AND ECONOMIC DEVELOPMENT

Mayor's Office of Economic Development

This department was created in late FY14 from the reorganization of portions of the Mayor's Office, Finance, and Planning and Development's Economic Development Division. This department's annual budget will decrease 11 percent in FY17. The majority of this reduction is due to the absence of several one-time funds included in the FY16 budget, such as: a Strategic Plan update, various lighting improvements, and a promotional campaign for the Tulsa Stadium Improvement District. Additionally, the department will abolish two positions in the FY17 budget.

Working In Neighborhoods (WIN)

This department is responsible for operating the City's animal shelter and neighborhood inspections program, among other tasks. There are several position changes in the FY17 budget. One Sign and Site Inspector position was transferred from the Planning and Development Department, as well as the abolishment of two positions in the current budget. Lastly, a Lead Neighborhood Inspector will be transitioned to part-time. Beginning in FY15, the WIN Department began to recognize dollars from HUD grant funding within the Home Investment Partnership Program (HOME) and Community Development Block Grant (CDBG) programs as part of its departmental budget. In FY17, there will be no funding from the HOME grant, but CDBG funding will increase by 59.7 percent.

Planning and Development

The Planning and Development Department is responsible for the implementation of the City's comprehensive plan and development permitting including infrastructure and building plan review and inspection services for all private development within the City of Tulsa. Funds will be included in the FY17 budget for a Development Services Liaison, which was added mid-year in FY16. Additionally, a Site and Sign inspector will be transferred to the WIN Department in FY17, as well as eight position abolishments. As part of the Streets and Transit Tax, approved in April 2016, funding is budgeted for planning associated with several transportation and public space improvement projects. General Fund resources were reduced 2.3 percent in FY17.

PUBLIC WORKS AND TRANSPORTATION

Engineering Services

The Engineering Services Department plans, designs, and field-inspects public improvements and capital projects for the City of Tulsa. The FY17 operating budget decreased by 0.8 percent. General Fund resources decreased by 3.5 percent. This decrease reflects the abolishment of two positions, reduced consulting services, and foregoing the purchase of reference materials. There will be one position change in the budget, transferring a Writer/Editor from Communications. This will better align job duties, as the primary function of this position has been to aid Engineering in communications with the public regarding Capital and Enterprise work being done in neighborhoods. The capital budget rose by 63 percent in FY17, reflecting the greatly increased activity occurring in the City's capital program.

Streets and Stormwater

The Streets and Stormwater Department's primary responsibilities involve stormwater and land management, street maintenance, traffic control, and refuse and recycling through the Tulsa Authority for the Recovery of Energy (TARE). The FY17 budget includes monies to restore depleted salt reserves, replace and operate traffic signals, and expand the neighborhood dumpster program. Funding is also provided for contractual increases for street sweeping, and refuse and recycling services. The Stormwater Division will receive additional funding for four new positions related to vandalism repair and stormwater discharge permit reporting. The Fee in Lieu of Taxes was reduced from 6.2 percent to 6.0 percent in FY17. As part of the Streets and Transit Tax, funding will be provided for one additional street crew. Traffic Operations will receive funding for six new positions related to traffic management across the city. FY17 reductions included the abolishment of two positions, and various maintenance and graffiti abatement supplies, as well as reducing mowing cycles from 7 to 5.

Water and Sewer

The Water and Sewer Department's primary responsibilities involve managing and operating the City's water and wastewater systems. This includes two water treatment plants and four wastewater treatment plants. Funding will be put in place in FY17 for a Management Analyst Intern and a Lab Certification Coordinator in the Quality Assurance section of Water. Other funding changes include increased advertising in Quality Assurance, and increased funding for consulting services in Water. Funding for chemicals was reduced at Lower Bird Creek and Haikey Creek plant as a result of the new Ultra Violet (UV) disinfection systems recently put in place. This will be slightly offset by an increase in electrical use required by the new UV systems. The Fee in Lieu of Taxes was reduced from 6.2 percent to 6.0 percent in FY17. Lastly, the implementation of the new Utility Enterprise Initiative is expected to be completed in FY17.

MTTA

Tulsa Transit will continue to focus on its core mission of meeting local transportation needs and commitment to safe, efficient, and reliable service. The FY17 budget will include increased resources for various marketing and software maintenance. Additionally, funding is included from the Streets and Transit Fund to begin planning for the startup and expanded services approved in the April 2016 vote. Lastly, as energy costs are expected to remain low and more bus transition to CNG, funding for fuel expenses was reduced in FY17.

ADMINISTRATIVE AND SUPPORT SERVICES

Elected Officials

The City Auditor's Office will defer funding for two positions in FY17, while funding will be continued for a part-time Deputy Auditor position filled in FY16. The City Council will defer funding for two positions in FY17 while having its equipment budget increased sufficiently to replace computers. The Mayor's Office will defer funding for one position in FY17.

Asset Management (AMD)

The FY17 budget will include resources for increased security at the City's water and sewer plants, as well as additional funding for auto parts inventory and the outsourcing of automotive repairs. Fuel costs were reduced from \$2.25 a gallon to \$1.95 in FY17. General Fund resources will be decreased 6.5 percent in the current budget. FY17 reductions include reduced janitorial services, reduced building maintenance supplies and services, fewer parking meter parts and supplies, and the abolishment of one position. Lastly, the operating capital budget was increased in FY17 to accommodate the replacement of various capital equipment, as well as \$224,000 to improve the entry doors at One Technology Center (OTC) and perform the annual assessment and repairs of OTC's accompanying garage.

Other Administrative Departments

Resources have been allocated to the Administrative Departments in accordance with the Mayor, Tulsa City Council, and Citizen Survey priorities including efficient government and public safety. As implementation of the Enterprise Resource Planning (ERP) project begins in FY17, multiple staff from the Finance and Human Resources departments will be transitioned to management and support roles for the ERP project. Once the full integration of the new financial system is complete, it will be necessary to transition these positions back to the General Fund and their respective departments. Additionally, funding is included to support the FY16 mid-year addition of a Retirement System Coordinator in the Human Resources Department. This position will be responsible for ensuring the accuracy and integrity of data pertaining to the City's Municipal Employee's Retirement Program as it coordinates between the City, its various trust and authorities, and outside actuaries. There are no further service increases anticipated within the City's remaining Administrative departments. As current service demands from General Fund departments continue to outpace revenue growth, these departments will continue to be challenged to reduce costs and enhance efficiencies in order to meet current and anticipated service levels and key performance indicators. Performance Measures will be reevaluated and adjusted as necessary for FY18.

CHANGES IN CAPITAL IMPROVEMENT FUNDS

The FY17 capital budget totals \$125,378,000 - a \$13,428,000 increase, 12 percent, from FY16. In FY09, voters approved the Fix Our Streets initiative totaling \$451,628,000, of which \$285,000,000 is provided by general obligation bonds. To date, all \$285,000,000 has been issued. In FY14, voters approved the Improve Our Tulsa capital program to begin at the conclusion of the Fix Our Streets program in FY15. This program will provide \$918,700,000, of which \$355,000,000 is provided by general obligation bonds with the remaining \$563,700,000 coming from the extension of a capital improvements sales tax. To date, \$127,000,000 in bonds has been issued with the anticipation that another \$78,000,000 will be issued in FY17. This initiative was designed primarily to address streets and transportation needs, however, notable funds have been directed towards citywide and departmental capital needs as well. In FY16, voters approved the most recent capital program, the 2016 Tulsa Economic Vision Program. The program will provide \$510.6 million in funds to address economic development projects across the City. Projects in this program will receive their first appropriations in FY17 through the issuance of revenue bonds. Lastly in FY17, authorities are scheduled to finance projects totaling \$74,234,000 with revenue bonds and loans.

Public Safety and Protection

FY17 appropriations in this category total \$8,595,000. The Police Department will be spending \$3.1 million of this on the replacement of capital equipment and squad cars, while another \$1,795,000 will be appropriated towards the renovation of the Police Courts and COMPSTAT facilities. The Fire Department will spend \$1.5 million on the rehabilitation of various stations, including driveways and the replacement of bay doors. Additionally, Fire will receive \$2.2 million to begin construction of Fire Station 8 in southeast Tulsa.

Cultural Development and Recreation

FY17 appropriations in this category total \$12,665,000. The Parks and Recreation Department will receive \$3.7 million for various projects. Two million and three hundred thousand will be spent to begin construction on the Lacy Pool project, while \$150,000 will be spent on design for the Whiteside Pool reconstruction. The remaining \$1.25 million will be spent on the addition of two water playgrounds, safety surfaces at three sites, and repairs and security upgrades at Hicks, Whiteside, and the Mohawk Pro Shop. The Tulsa Zoo will receive \$4.5 million to begin construction on the Carnivores Exhibit, as part of the Tulsa Zoo Master Plan. Another \$4.4 million will be spent by the Gilcrease Museum and Performing Arts Center (PAC) for various facility repairs, including HVAC and Fire suppression improvements at the PAC.

Public Works, Transportation, and Infrastructure

FY17 total “pay as you go” appropriations in this category total \$103,598,000. This total does not include \$107,952,000 in general obligation and revenue bonds, which are off-cycle appropriations and not included in the annual adopted budget. Water system improvements are primarily targeted to the City’s treatment and distribution systems, however as recommended by the current Water/Sewer Comprehensive Plan, the City has recently begun directing more funding towards the rehabilitation of water related facilities. These projects will receive a combined total of \$31,761,000 in FY17. Sanitary sewer projects will receive a combined allocation of \$42,473,000 in FY17. This year, funding is fairly evenly distributed between citywide needs and specific treatment plant and lift station improvements. There will be \$4,276,000 appropriated for the replacement of concrete piping, reflecting the Tulsa Municipal Utility Authority’s (TMUA) dedication to replace a dedicated percent annually. Additionally, \$2,251,000 will be appropriated to provide sewer utilities to currently unsewered areas. Stormwater improvements consist of small neighborhood drainage projects and will receive \$5,500,000 in FY17 allocations. There will also be \$83,446,000 in allocations from the 2014 Sales Tax Fund, as well as \$78,000,000 in allocations from the fourth issue of the 2014 Improve Our Tulsa Bond Program. Of these dollars, Street and Expressways will receive total appropriations of \$129,766,000 for improvements including major street rehabilitation and road widening, bridge replacement and repair, and various traffic control projects. Additionally, \$1,350,000 will be allocated to address facility and roofing needs citywide. This includes \$375,000 to address infrastructure identified by the City’s Americans With Disabilities Act (ADA) Self Evaluation.

Social and Economic Development

The Planning and Development Department will receive allocations of \$2,850,000 in FY17. These funds will be directed towards infrastructure improvements in the Eugene Fields area, as well as the Corridor and Small Area Plan projects, and the Annual Economic Development Opportunities project. Lastly, \$300,000 will be appropriated for the replacement of an incinerator at the Animal Shelter.

Administrative and Support Services

The Asset Management Department (AMD) will receive allocations of \$840,000 in FY17. Of these appropriations, \$740,000 will be used to address site and facility repairs; including sidewalks, HVAC, plumbing and energy upgrades at various AMD sites. The remainder will be used to install emergency generators necessary to continue service during inclement weather, at the Newblock and 56th and Garnett sites. Lastly, \$6,580,000 will be allocated for the replacement of various citywide capital equipment, as supported by the 2012 Equipment Study.

Conclusion

As noted above, the Improve Our Tulsa capital program will provide \$918,700,000 to address the City’s street maintenance backlog, as well as the City’s aging facilities infrastructure and departmental capital needs. This program will continue through FY21, or until all projects are complete, depending on which circumstance occurs first. Additionally, in FY16, voters approved the most recent capital program to address economic development needs across the City. This program will provide \$510,600,000 and will receive its first appropriations in late FY17 through the issuance of revenue bonds. The City will continue to utilize loans and revenue bonds to finance water and wastewater treatment plant improvements to address plant maintenance backlogs. Under current policy, the majority of the enterprise capital needs will continue to be financed through user charges and revenue bonds, as these systems are self-supporting.

IMPACT OF FY16 CAPITAL IMPROVEMENTS ON THE OPERATING BUDGETS

The City of Tulsa’s capital budget has a direct impact on the City’s operating budget. Some improvements may reduce financial obligations on the General Fund by creating cost-saving opportunities. However, some improvements funded in the capital budget will increase the City’s operating expenses. These obligations may include increased maintenance costs, janitorial services, utilities, and personnel. Therefore, as part of preparing the Capital Improvements Plan (CIP), estimates are submitted by sponsoring departments regarding future operating costs that these projects may incur. A listing of these projects is included in the Approved Capital Programs Summary in Section 6 of the Budget and Capital Plan.

The anticipated General Fund impact of recently completed capital projects is not expected to be extraordinary in FY17, however, it is possible this impact may grow in future years as more projects are completed in the Improve Our Tulsa and new 2017 Temporary Limited Use Sales Tax capital programs. The City continues its focus on renovation and rehab of existing infrastructure, began in the 2005 Capital Improvement Bond Program and as evidenced by the 2014 Improve Our Tulsa Sales Tax Program. A large number of projects in these programs focused on the rehabilitation or repair of existing assets which often have little to no additional impact on the General Fund. New construction or expansion projects will continue to be minimal in the immediate future, as most expansion projects were scheduled for funding in the later years of the program. Although, in FY17, several recently completed projects will have some impact on the operating budget.

Currently, the City's capital funding program is in transition between finalizing projects from the 2006 Sales Tax and 2008 Fix Our Streets programs and progressing into the construction phase of the 2014 Improve Our Tulsa program. The result is, outside of street rehabilitations, there are few projects anticipated to be completed in FY17 or FY18 that will impact the City's operating budget.

The Parks Department has two projects completed in FY16 which will require additional operational funding going forward: site improvements at Franklin Park will require an additional \$27,000 for maintenance and lighting, and the Springdale Water Playground will require additional funding for maintenance as well as another \$52,000 annually to operate and maintain the water playground. Cumulatively, the Parks Department will require an additional \$106,000 in its operating budget to cover the full year costs of maintenance, water, and lighting for these assets. Per the Park's Master Plan, in an effort to minimize these operating impacts, the migration towards water parks will reduce costs in the operating budget over time as they are far less expensive to maintain than traditional pools.

The Metropolitan Tulsa Transit Authority (MTTA) will be replacing several buses in FY17 as existing vehicles reach the end of their useful life. The annual operating impact for these replacements is \$42,000 and includes \$29,400 in utilities and fuel with \$12,600 anticipated for maintenance and materials. Overall, this impact should represent a net savings to MTTA as a result of these new CNG buses coming online and replacing the traditional diesel buses which are more expensive to operate and maintain.

Finally, as in prior years, considerable funding from the voter-approved capital packages will be appropriated for the rehabilitation of streets and expressways throughout the City of Tulsa. In FY17, street improvements will receive \$129.7 million in capital allocations. As more arterial and non-arterial streets are improved, the annual maintenance costs on existing roads should lessen as the aggregate useful life of the street system rises across the city.

| TRANSFERS TO OTHER FUNDS | 9,600 | 9,680 | 9,600 | 80 | 0.8% | 9,295 |
| Total Capital Funds | 138,000 | 135,058 | 121,550 | 13,508 | 11.1% | 99,771 |
| Less: Transfers | 9,600 | 9,680 | 9,600 | 80 | 0.8% | 9,295 |
| CAPITAL BUDGET | \$ 128,400 | \$ 125,378 | \$ 111,950 | \$ 13,428 | 12.0% | \$ 90,476 |

Note: The 2016 Economic Vision Fund (Fund #6015) estimated to be \$8.4 million in FY17 and \$23.4 million for the entirety of FY18 is not reflected in this chart. Project schedules are being finalized and will be in place prior to the sales tax assessment beginning January 1, 2017.

**DEVELOPMENT OF THE FISCAL YEAR 2016-2017
OPERATING AND CAPITAL BUDGET**

| | |
|--------------------------------------|---|
| September 2015 | Early September: Department Directors debriefing on FY16 Budget Process. |
| September 2015 | Mid-September: City Council debriefing on Budget. General discussion of changes and /or improvements. Discuss with Council the timing of the FY16 Compendium of Needs process. |
| October 2015 | The Finance Department Budget and Planning Division notifies all departments that new capital requests and any revisions to previous submissions are due in November. A list of non-funded capital requests is provided to ensure they are all reviewed and updated. |
| November 2015 | Departments review previous capital requests to ensure all information is still current and prepares new capital requests. |
| December 2015 – February 2016 | Budget and Planning Division reviews all new capital requests. Projects are forwarded to the Indian Nations Council of Governments (INCOG) for review and comment and for presentation to the Tulsa Metropolitan Area Planning Commission (TMAPC). |
| December 2015 | Budget and Planning Division distributes Budget Manual and other operating budget preparation material to departments. Meetings are held with departments' staff responsible for completing budget requests. |
| January 2016 | Deadline for departments to submit operating budget requests and related supporting material. |
| February 2016 | Proposed new capital projects are presented to TMAPC for review. TMAPC finds that the projects are in conformance with the City's comprehensive plan. |
| February 2016 | Budget and Planning Division reviews budget requests and prepares summary reports. The Mayor and Management Team review the reports, preliminary revenue estimates and significant issues. Mayor briefs Council on Budget requests and preliminary revenue estimates. |
| February - March 2016 | Budget and Planning Division, in close collaboration with departments, develops a proposed five-year capital improvements schedule - the first year of which will be the upcoming fiscal year's proposed capital budget. |
| March - April 2016 | Mayor and Management Team are briefed on departments' requests. They make the policy decisions necessary to prepare a balanced budget for City Council consideration. |
| March 25, 2016 | Submit Energy, Security, and Vehicle Policies to City Council as required by Ordinance. |
| April 28, 2016 | Mayor presents proposed Budget and CIP to City Council. |
| May and June 2016 | City Council reviews proposed Budget and CIP. As part of the process, the City Council holds hearings, one official as required by State Law, and interviews the Mayor and various department directors, as part of the deliberations. |
| June 16, 2016 | Adoption of Budget, Capital Improvements Plan, and approval of resolutions related to trusts and their debt. |

FIVE YEAR FINANCIAL FORECAST FOR FISCAL YEARS 2016-2020

INTRODUCTION

This document covers major funds for Fiscal Years (FY) 2016 through 2020, and includes each fund's original FY16 budget as adopted by the City Council and approved by the Mayor. The annual report is prepared to provide policy makers with the most current information needed to make judgments about the major financial policy issues facing the City of Tulsa. It is not a detailed line-item spending plan, service delivery plan, or budget for the next five years, but an examination of how issues will affect Tulsa's financial condition. It has been designed to meet the following objectives:

- provide the Mayor and City Council with information about potential financial changes;
- provide an updated financial base by which different financing options can be judged; and
- provide elected officials information about the long-term impacts of current and anticipated financial policies.

As with any multi-year analysis, it is based on assumptions about the future. Of particular importance to a study of this type is the performance of the national and local economies, since tax revenues and demands for services are directly related to private economic activity. As assumptions become less reliable the further out in time they are applied, it is important this type of analysis be updated annually as new data are available and new issues arise.

It begins with a review of the projected economic indicators and assumptions. This is followed by sections about the General Fund and enterprise funds.

EXECUTIVE SUMMARY

LOCAL ECONOMY

All labor figures have now regained losses sustained in the previous recession, and are currently at historic highs. The area labor force gained 28,400 new participants in 2015. This was an increase of 6.4 percent over the previous year. Wage & Salary employment reported its fifth consecutive year of growth, increasing 1.1 percent over CY14, and ended the fiscal year at a seasonally adjusted total of 443,100. The greatest relative growth was sustained in the Service sector, which increased 2.7 percent over the previous fiscal year, and at a median annual rate of 1.6 percent over the previous 10 years. The larger Total Employment survey reported an increase of 6.5 percent over the previous year to total a seasonally adjusted 454,700 in CY15. As Total Employment grew faster than the labor force, the metro jobless rate fell in CY15 to 4.3 percent, a decrease of 0.5 points from CY14 (4.8 percent). After 5 years of growth, retail sales in the TMSA remained essentially flat in CY15. However, the Oklahoma State University Center for Applied Economic Research has forecast retail sales to grow at an annualized rate of 2.9 percent, employment at 1.2 percent, and per capita personal income at 4.2 percent over the coming 4 years.

Gross Metro Product (GMP) for the area was estimated to have remained flat over the previous year; but is forecast to resume growth at an annualized rate of 2.8 percent through CY19. Barge freight reported lower but steady traffic despite the closure of several channels due to a large scale infrastructure improvement project, while air freight reported its highest annual total since CY09 at 59,825 tons shipped over the year. Considering the conservative growth forecast in both employment and GMP, it is expected that although the pace may be slowing, the local economy will continue to experience modest improvement and continued stability for the near future.

GENERAL FUND

Recent economic indicators have been stable with several demonstrating upward trends. However, growth prospects remain limited. As a result of this, budgeted revenues will remain conservative. FY16 GF revenues are projected to be \$272.3 million. This is 2.6 percent higher than the FY15 Actual Budget and based on modest sales tax growth. The GF will benefit from a reduction in the Oklahoma Tax Commission retention fee from 1 percent to 0.5 percent, which will add approximately \$600,000 in additional GF revenue in FY16 for the 10.5 months that the reduction will be in effect. Sales tax is forecast to grow by 1.3 percent in FY17. Beyond FY17, it is forecast that all revenue within the General Fund will grow at 1 percent thru FY20. The City will assume no service level increases in the FY16 budget. However, the FY16 budget will include compensation increases. As a result of a recent compensation study, the City will take steps to bring compensation up to market study minimums for those employees which fall below minimum identified levels. Satisfactory Performance Increases (SPI) are included in FY16 for all pay groups and personal costs are forecast to increase at 2 percent annually thru 2020. Additionally, various public safety grants will end in FY16, leaving the General Fund to absorb these additional salary costs, as well as the City is expected to hold both a Fire and Police Training Academy in FY16. Considering this and other cost increases, stress in the General Fund is expected in FY16 and beyond. Lastly, it is assumed that all other increases in materials, supplies, and other services and charges will not exceed inflation in FY16.

SOLID WASTE

The City's new volume based refuse collection system has now been in effect for three years. It is modeled after other utilities such as water, electricity, or gas; in that the more that is used, the more one pays. Recycling disposal is also provided, though not mandatory. The Tulsa Public Facilities Authority issued Revenue Bonds worth \$10,900,000, in order to purchase trash carts which TARE then provided to customers for use. Debt service for carts, as well as operations, is financed through a Council approved service rate structure. Debt service on this issue is anticipated to end in FY21. There are no anticipated rate increases for FY's 17 through FY20.

WATER

The Tulsa Metropolitan Utility Authority (TMUA) contracted with the Infrastructure Management Group (IMG) Team in 2012 to complete a new comprehensive assessment of the City's water and sewer system. The 2012 Comprehensive Water System Study (CWSS) reviewed and built on the previous comprehensive plans prepared in 2001 and updated in 2008. The study reviewed the current operation and capital needs of the water system and made recommendations for future short-term and long-term capital improvements. For the first time, in FY16, TMUA utilized the asset optimization program to better align investments with asset failure cycles. Going forward, all capital plans will be based upon this model. Current projections recommend annual 7 percent rate increases in FY's 17 through 18, 6 percent in FY19, and 5.5 percent in FY20.

SEWER

The Tulsa Metropolitan Utility Authority (TMUA) contracted with the Infrastructure Management Group (IMG) Team in 2012 to complete a new comprehensive assessment of the City's water and sewer system. The 2012 Comprehensive Water System Study (CWSS) reviewed and built on the previous comprehensive plans prepared in 2001 and updated in 2008. The study reviewed the current operation and capital needs of the wastewater system, in addition to addressing consent and administrative orders received by the Environmental Protection Agency and the Oklahoma Department of Environmental Quality. The updated CWSS makes recommendations for future short-term and long-term capital improvements. For the first time, in FY16, TMUA utilized the asset optimization program to better align investments with asset failure cycles. Going forward, all capital plans will be based upon this model. Current projections recommend annual rate increases of 9 percent for FY's 17 through FY20.

STORMWATER

The stormwater program has been successful, but some physical components of the system are aging and will need renovation. A rate increase of 3 percent in FY18, and again in FY20, will provide funds to address the growing needs of small and large drainage projects and growing capital maintenance needs.

CITY OF TULSA FISCAL YEARS 2016 - 2020 FIVE-YEAR FINANCIAL FORECAST SUMMARY

Actual Operating Results for FY 2015, Original Budget for FY 2016, Planned Budgets for FY 2017,
and Forecasted Budgets for FY 2018-2020

(amounts expressed in thousands)

| | Actual 2015 | Original Budget 2016 | Planned 2017 | Forecast 2018 | Forecast 2019 | Forecast 2020 |

CITY OF TULSA 2016 – 2017 BUDGET COMMUNITY PROFILE

GREATER TULSA

Tulsa's first "town council" meeting in 1836, under an oak tree which still stands on a hill near the downtown area, was presided over by Archie Yahola, a full-blooded Creek Indian and chief of the Tulsa Lochapolas. The name Tulsa was derived from "tallasi", a contraction of the Creek "Tallahassee" or "Tallahassee", meaning "old town".

The town's initial growth came as a center for ranchers, farmers, and traders. When the post office was established in 1879, the name Tulsa became official. Cattle ranching became a major business in the area and led to the extension of the Frisco Railroad into the city in 1882.

Tulsa was incorporated as a municipality on January 8, 1898. With the discovery of oil in nearby Red Fork in 1901, the city grew quickly, reaching a population of 7,298 by the time of Oklahoma statehood in 1907. By 1920, the population had reached 72,075 and Tulsa soon earned the title, "Oil Capital of the World".

Although oil-related businesses remain an important part of the city's economy, Tulsa has developed a widely diversified business base which includes nationally prominent companies in; aviation and aerospace, telecommunications, data processing, manufacturing, and distribution. The community's employment base is diverse and balanced among several job sectors including; manufacturing, construction, services, high technology, health care, education, and transportation.

Today, Tulsa has grown to become a thriving community with a well-earned reputation as simply a great place to live. The original Council Oak tree spreads its branches overlooking a city park against a backdrop of high-rise buildings and expressways. It is reminder that, while the city has branched out in many directions, its roots have remained strong.

A BEAUTIFUL SITE

Tulsa is located in the northeastern quadrant of Oklahoma which is often called "green country" due to its wooded terrain in the rolling Ozark foothills. The city, which lies at an elevation of 700 feet above sea level, has a temperate climate. The average daily temperature is 61 degrees, the average rainfall is approximately 40 inches, and the city experiences continually changing conditions throughout all four seasons.

EDUCATION

The Tulsa Public School district, the second largest school district in Oklahoma, provides traditional educational settings and curricula as well as magnet and special emphasis schools that offer instruction in subjects such as languages, international studies, and health care. Tulsa Technology Center, with seven campuses, also plays a key role in the city's public secondary education portfolio. A number of excellent private schools are also available for students at both the primary and secondary levels.

In the arena of higher education, Tulsa offers a variety of options from community college and vocational studies to undergraduate, graduate, and professional degree programs at both public and private universities. These institutions include; Tulsa Community College, Oral Roberts University, University of Oklahoma, Langston University, University of Tulsa, Oklahoma State University, Spartan School of Aeronautics, Northeastern State University, the University of Phoenix, OSU Center for Health

Sciences and the OU Health Sciences Center. As of the 2016 Spring Semester, 40,295 students were enrolled in institutions of higher learning.

BUSINESS AND INDUSTRY

Tulsa has undergone a gradual metamorphosis from a cow town/rail center, to oil and gas capital, to a multi-faceted cosmopolitan business environment with international connections. Having survived the economic roller coaster of oil booms and busts, the city now enjoys a diversified business base that includes employers in; health care, aerospace, telecommunications, data processing, higher education, aircraft maintenance, manufacturing, and professional services. Tulsa is home to regional headquarters for a number of Fortune 500 companies.

As noted in the Executive Summary, wage and salary employment growth is often positively related to sales tax revenues; the largest source of revenue for the city. The health of regional companies is vital to city services.

Leading employers in the metro area include; AAON, Alorica, American Airlines, AT&T, Baker Hughes, Bank of Oklahoma, BC/BS of Oklahoma, Broken Arrow Public Schools, Cherokee Hard Rock Hotel and Casino, City Of Tulsa, Direct TV, Hillcrest Healthcare System, IC of Oklahoma, Jenks Public Schools, NORDAM Group, One Gas, ONEOK, Osage Casinos, OSU Medical Center, Owasso Public Schools, Public Service Company of Oklahoma, QuikTrip Corp, Reasor’s Foods, River Spirit Casino, Saint Francis Healthcare System, St. John Medical Center, State Farm Insurance, Spirit AeroSystems, Tulsa County, Tulsa Community College, Tulsa Public Schools, US Postal Service, Union Public Schools, University of Tulsa, Verizon, Wal-Mart Stores/ Sam’s Club, and Williams Companies.

SHIPPING

Tulsa offers a wide range of shipping options including rail, water, highway, and air. One unique attribute is Tulsa’s Port of Catoosa, created by the completion of the McClellan-Kerr Arkansas River Navigation System. The Port of Catoosa is the westernmost port on the Inland Waterway System. Another important contributor to economic growth in Tulsa and northeast Oklahoma is the Tulsa International Airport.

PUBLIC TRANSPORTATION

The City of Tulsa provides safe and well designed streets and expressways throughout the city. The Metropolitan Tulsa Transit Authority, which constructed a new downtown terminal in 1998 and more recently a new midtown station, serves passengers throughout the metropolitan area with efficient and low-cost transportation.

HEALTHCARE

Tulsa has a long history of outstanding health care provided by nationally recognized medical facilities. The city is home to two medical schools that offer not only state-of-the-art techniques and knowledge but also attract outstanding medical students and physicians. Beyond providing leading edge health care, the Tulsa medical community is also a major employer.

UTILITIES

Through a combination of public and private enterprises, Tulsa offers first-rate utility services. The City of Tulsa maintains an aggressive capital program to improve and maintain its facilities. Natural gas in Tulsa is provided for most residents by Oklahoma Natural Gas, and the primary provider of electricity is AEP PSO. Local telephone service is provided by 15 different providers. Due to the presence of Verizon, Level 3, and Williams; Tulsa has become a major telecommunications hub with an extensive network of digital and fiber optic links.

NEIGHBORHOODS

Tulsa's unique charm and character comes from the many different neighborhood communities which make up the metroplex. In a time when many cities are dominated by tract housing projects, Tulsans appreciate the diversity. Outlying communities include: Bixby, Broken Arrow, Catoosa, Jenks, Glenpool, Owasso, Sand Springs, Sapulpa, and Skiatook.

Importantly, Tulsa is experiencing growth in all directions. This growth is due in part to the high quality of affordability of housing, along with low interest rates for home loans. The National Association of Home Builders recently reported that nearly 75 percent of homes in Tulsa are considered affordable for the area's median income. In addition to current growth through new construction, Tulsa is committed to redevelopment of older neighborhoods to enhance both livability and property values.

By Daniel Kleefeld

GOVERNMENT

From 1909 to 1990, Tulsa was governed by a commission form of government. In 1990, the government changed to a mayor-council form under a voter-approved amended Charter. The Mayor, elected every four years, serves as the chief executive of the City and is responsible for preparing and submitting annual budgets to the City Council. The Council consists of nine members, elected every two years by geographic districts, and serves as the legislative branch under the direction of a chairman. The City Auditor, also elected biennially, and the Mayor are the only two officials elected at large by the citizens of the city.

SERVICE INFORMATION AND STATISTICS

Below are several statistics related to services provided by the City; Information and statistics on police and fire protection, streets and expressways, water, sewer, flood control, and solid water service systems are included. Parks, library, and public transit information is listed as well. Except where otherwise noted, information is for the calendar year 2015.

WHAT IS "BUDGETARY BASIS"?

Budgetary Basis refers to the basis of accounting used to estimate financing sources and uses in the budget.

Cash Basis indicates transactions are recognized only when cash is increased or decreased;

Accrual Basis indicates revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at the time);

Modified Accrual Basis indicates expenditures, other than accrued interest on general long-term debt, are recorded at the time liabilities are incurred, and revenues are recorded when received in cash except for material and/or available revenues, which should be accrued to reflect properly the taxes levied and revenue earned.

 Cash Basis  Accrual Basis  Modified Accrual Basis

Refers to chart colors on the previous page.

BUDGET METHODS

The budgets of general government type funds (General Fund, Special Revenue Funds, Governmental and Enterprise Capital Funds, Fiduciary Funds, and three enterprise funds) are prepared on a cash basis. This indicates transactions are recognized only when cash is increased or decreased. Revenue estimates and expenditures are made based on actual cash to be received and expended in the upcoming fiscal year. Encumbrances are used when calculating fund balance and cash is reserved to ensure revenue for future payments.

Most Operating Enterprise Funds and Internal Service Funds are budgeted on an accrual basis. Revenues are recorded when they are earned, whether or not cash is received at the time. Expenditures are recorded when goods and services are received, whether cash disbursements are made at the time or not. The Capital Enterprise Funds are budgeted on a cash basis as noted above.

Budgets for the Debt Service and Special Assessments funds are prepared on a modified accrual basis. Expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred. Revenues are accrued to reflect the taxes levied and revenue earned.

None of the Funds' budgets include appropriations for vested compensated absences or depreciation. Some appropriations related to debt service reflect money being transferred to trustee banks on a monthly basis to meet semi-annual and/or annual principal and interest payments. As the actual principal and interest payment dates are not related to the city's fiscal year, there will be a difference in debt service expense in the budget and what is reported on annual financial statements. Also in some instances, bond reserves and interest earnings at the trustee bank will be used to meet debt obligations and these resources are not reflected in the budget.

ACCOUNTING METHODS

The Comprehensive Annual Financial Report (CAFR) shows the status of the city's finances on the basis of "generally accepted accounting principles" (GAAP).

Principal payments on long-term debt within the Enterprise Funds are applied to the outstanding liability on a GAAP basis as opposed to being expended on a Budget basis. In other words it is a "balance sheet" entry and is not reflected as expenditure in the CAFR.

General staff and administrative charges are recognized as direct expenses of the Enterprise Funds on a GAAP basis as opposed to being recognized as operating transfers into the General Fund from the Enterprise Funds on the Budget basis.

Compensated absences liabilities that are expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP basis) as opposed to being expended when paid (Budget basis).

Depreciation expenses are recorded on a GAAP basis. They are not budgeted in any governmental or proprietary fund.

Capital outlays within the Enterprise Funds are recorded as assets on a GAAP basis and expenditures on a Budget basis.

MUNICIPAL BUDGET ACT FUNDS NOT INCLUDED IN THE ANNUAL BUDGET DOCUMENT

The City of Tulsa does not include all of the funds subject to the Municipal Budget Act in its Annual Budget document. Some revenues, such as General Obligation and Revenue Bonds, Community Development and Local Law Enforcement Block Grants, Homeland Security Grants, and State Loans are received in the middle months of the fiscal year and not enough information is available to estimate appropriations in a reasonable manner. The appropriation of these monies is managed by budget amendment during the year after bonds are closed or grant agreements signed. The operating funds not included in the Annual Budget Book are equal to about two percent of the City's annual operating budget.

OVERVIEW

The General Fund (GF) serves as the primary operating fund for the City of Tulsa. It is the largest City fund in terms of revenues and expenditures. GF resources may be used to pay for any service the City has legal authority to provide under its charter and state laws.

BUDGET SUMMARY and FUND BALANCE

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard had no effect on the total amount reported as fund balance, it did fundamentally alter the categories and terminology used to present that amount on a governmental fund balance sheet. The unassigned fund balance is the net resources available in the GF after reserving for appropriations and encumbrances. The committed fund balance is a self-imposed limitation on funds, therefore, the emergency operating reserve is now designated as committed fund balance. With the adoption of this budget the City Council is officially committing these monies to the emergency operating reserve. It is also committing resources for a trust fund to address the City's Other Post Employment Benefits liability (OPEB). Additionally, a \$2 million allocation to the City's Economic Stabilization Reserve made in FY13 is reserved by a charter provision.

In FY15, revenues continued to improve year over year and the General Fund (GF) ended the year with \$7.4 million in unassigned fund balance. This is largely the result of improved sales and use tax collections which carried thru the first half of FY16. However, effects of the oil market have dampened growth prospects in the Tulsa area for the second half of FY16. This will likely continue through FY17. To balance the budget through the remainder of FY16, the City made reductions within the GF of \$4.0 million and instituted a hiring freeze. The City expects service levels to remain at these reduced levels thru FY18. The measures taken during FY16 to reduce expenditures have allowed the City to maintain the emergency operating reserve at slightly higher levels in FY17 at 6.4%.

REVENUE

FY17 GF revenues are projected to be \$267.3 million. This is 1.9 percent less than the FY16 Original Budget and is largely due to softening franchise fee and sales tax revenues. The GF will benefit from a reduction in the Oklahoma Tax Commission retention fee from 1 percent to 0.5 percent in the first two months of FY17 and will also benefit from the dissolution of the Blue Dome Tax Increment Financing District (TIF) providing an additional \$400,000 to the GF in FY17.

EXPENDITURES

The FY17 GF budget is \$267.5 million. The allocations between Personal Services, Materials and Supplies, and Other Services and Charges remain close to historical values. They make up 75 percent, 2 percent, and 21 percent of the FY17 GF budget, respectively. There are decreases within all account groups in the GF in FY17. Personal Services has been reduced by 1.1 percent while Materials and Supplies and Other Services will see 16.1 and 6.2 percent reductions, respectively. The GF will continue to absorb the costs associated with expiring Federal grants as seven (7) police officers will transition to the GF in FY17 at a partial-year cost of \$240,000.

Budgeted revenues and expenditures are largely balanced in FY17 with a small draw on fund balance, for one-time expenditures. To ensure a balanced budget, there will be significant service level impacts across most City departments. The City's splash pads will see reduced hours and in some cases they will be entirely shutdown. Park mowing cycles will be reduced from thirteen cycles to ten and right of way mowing from seven to five cycles. Budgeted positions will be reduced by thirty-five (35) affecting thirteen departments (13) with most of these being vacant positions, however, layoffs may occur.

The Public Safety program's appropriations supporting the Police, Fire, Municipal Court, and Emergency Management, account for 62 percent of the FY17 budget. The Administrative and Support Services category represents approximately 14 percent of the FY17 budget. Public Works and Transportation will receive the third largest allocation at 10 percent of the budget. Cultural and Recreational activities will be allocated 8 percent of FY17 resources. The City's Economic Development and Neighborhood Services functions will consume 4 percent of the FY17 budget and the remaining 2 percent will be transferred to other funds.

The Police and Fire Departments' total allocations are decreasing in FY17 by 1.7 and 0.6 percent, respectively. However in FY17, a January Police academy of twenty (20) is funded and Fire Department service levels will be supported by the addition of twenty seven (27) cadets funded by a SAFER grant. To bolster service levels in Police and Fire the Public Safety Tax will fund academies of thirty (30) and twenty (20) cadets, respectively in FY17.

Cultural and Recreational programs will be impacted by 2.4 percent reduction from the original FY16 budget in FY17. The majority of these reductions are by the Parks and Recreation Department. As noted above, splash pad hours and mowing cycles will be reduced as well as the elimination of five (5) positions.

Social and Economic Development program allocations are decreasing by 5.8 percent in FY17. The Mayor's Office of Economic Development will see reductions of over 42 percent as two (2) positions and an one-time allocation for a strategic plan will be eliminated in FY17. Additionally, the Planning and Development Department will be reduced by 2.3 percent primarily by the elimination of eight (8) positions.

Public Works and Transportation will be reduced by 4.9 percent in FY17. Engineering Services is eliminating the update of aerial photographs, reducing consulting fees and abolishing two (2) positions while Streets and Stormwater has reduced anticipated expenses for pavement repairs related to waterline breaks and other paving cuts as well as eliminated two (2) positions.

The Administrative and Support Services program's allocations are decreasing by 5.6 percent. Information Technology will eliminate two (2) positions and make significant reductions to software maintenance and support. The Finance Department will make reductions within materials and supplies and other services.

Transfers out will decrease by 2.6 percent in FY17 as a result of reduced support to the Golf Course operating fund and the satisfaction of the transfer requirement to the federal grant fund supporting Policing activities.

AIR FORCE PLANT 3 FUND

FY 2016-2017 & FY 2017-2018

OPERATING FUND

2240

SPECIAL REVENUE
FUND BUDGETED
ON A CASH BASIS

OVERVIEW

In December 1993, McDonnell-Douglas announced the cessation of operations at the Air Force facility known as Air Force Plant 3 (AFP 3), whereupon the City of Tulsa proceeded to have the United States Air Force convey AFP 3 back to the City as intended when the City deeded the 338 acres to the U. S. Government in 1941. In addition to the land and improvements, the United States gave the City \$10 million to address environmental problems and make improvements to the facilities.

The Mayor's Office, the Chamber of Commerce, PSO, ONG, Asset Management, Legal, Airports and other agencies have worked together to make the property suitable for continued commercial use. The land and improved facilities have been leased to Spirit AeroSystems, Inc., (formerly Boeing Aircraft) and Navistar.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this Fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The FY17 budget will continue to provide for improvements to the facility.

P.A. LAW ENFORCEMENT TRAINING FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 2320 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

The Penalty Assessment Law Enforcement Training Fund has been established to administer revenues collected under provisions contained in Oklahoma Statutes, "Title 20 -- Courts, Section 1313.2". This law allows any municipality having a basic law enforcement academy approved by the Council of Law Enforcement Education and Training (C.L.E.E.T.) to dedicate \$2.00 of each court fine over \$10.00, excluding parking or standing violations, to local law enforcement training programs. While the great majority of the money is appropriated to the Police Department, the law allows up to 7 percent of the amount collected to be used for court and prosecutor training. Appropriations to the Legal and Municipal Court Departments reflect this option.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

Due to declining revenues and fund balance, the FY17 budget has been reduced to align with current resources. This budget will continue to provide training for the Tulsa Police Department, Municipal Court employees and City Prosecutors.

JUVENILE CURFEW FINES

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 2330 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

The Juvenile Curfew Fines Fund was established by an agreement between the Tulsa County District Court and the City of Tulsa, under authority of Article 10 Oklahoma Statutes, Section 7303-1.2, Subsection F. This law authorizes municipalities to assume jurisdiction of juveniles guilty of certain misdemeanor violations. Subsection F mandates funds generated from "juvenile curfew fines" be used to fund local programs which address juvenile crime, costs related to prosecution and retention of juvenile offenders, and administrative costs for community intervention centers.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

Appropriations are used to partially fund a Probation Officer in the Municipal Court department related to specialized counseling and referral support for juveniles. The position also monitors the progress of all juvenile court cases, facilitates work-in-lieu-of-fines, schedules classes and prepares pre-sentence investigations.

E911 FEE OPERATING FUND

FY 2015-2016 & FY 2016-2017

| |
|---|
| OPERATING FUND 2420 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

In July 1987, Tulsa voters approved the development and implementation of an enhanced 911 system and a fee on phone service to cover its costs. The E911 Fee Operating Fund was established to account for the collection of the fee and to track the enhanced 911 service expenditures. Ordinance #16930, approved by the Mayor in December 1989, set a first-year emergency telephone user charge of five percent of the tariff rate with subsequent years set at three percent of the tariff rate. In 1994, the City Council approved raising the tariff rate back to five percent to establish an emergency communication capital equipment replacement and acquisition program. While the initial projects have been implemented, revenues from the tariff continue to provide a significant funding source for emergency dispatching. In 2006, Tulsa County voters approved a 50 cent per month user charge on cell phones. This revenue source also helps fund E911 operations.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

FY17 and FY18 revenues in the E911 Fee Operating Fund reflect passage of House Bill 3126, the "911 Reform Bill". HB3126 would increase the wireless 911 fee from \$0.50 to \$0.75 with \$0.17 of this additional assessment being made available to municipalities to help fund 911 operations. Revenues from this fee increase are anticipated to be approximately \$200,000 in FY17 and \$400,000 in FY18, the first full year of collections.

ECONOMIC DEVELOPMENT COMMISSION FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 2710 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

With approval of Ordinance #23294 on May 27, 2015, the allocation of the Hotel/Motel Tax was revised. This ordinance designates specific percentages of the tax for specific purposes. This fund is allocated 4.5 percent of the Hotel/Motel Tax collected by the City.

The fund shall be used to promote economic development activities recommended by the Economic Development Commission.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The Economic Development Commission Fund began FY16 with a fund balance of \$78,000 available for appropriation. Based on current revenue and expenditure estimates, this year-end balance is expected to decrease to \$70,000. In FY17, the fund will continue to promote economic development activities which are supported by the staff within the Mayor's Office of Economic Development.

CONVENTION & VISITORS FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 2720 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

With approval of Ordinance #23112 on May 27, 2014, the Convention & Visitors Fund was created. This fund is allocated 50.5 percent of the Hotel/Motel Tax collected by the City.

The fund shall be used to market and promote tourism and the use of convention facilities within the City of Tulsa.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The Convention & Visitors Fund began FY16 with a fund balance available for appropriation of \$233,000. In FY16 appropriations were increased by \$185,000 to account for stronger than anticipated revenues in FY15, leaving an ending fund balance of \$48,000. In FY17, the City will continue to contract with the Metropolitan Chamber of Commerce to support the Chamber's Convention and Visitors Bureau's efforts to bring convention and visitor dollars to Tulsa.

TULSA'S FUTURE FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 2730 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

With approval of Ordinance #23294 on May 27, 2015, the allocation of the Hotel/Motel Tax was revised. This ordinance designates specific percentages of the tax for specific purposes. This fund is allocated 0.0 percent of the Hotel/Motel Tax collected by the City.

The remaining fund balance shall be used to implement strategies for long-term economic growth and business diversification within the city of Tulsa.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY17 the remaining balance will be transferred to the Economic Development Commission Fund, Fund 2710, in accordance with the approval of Ordinance #23294 eliminating the Tulsa's Future Fund.

PUBLIC SAFETY TAX FUND

FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 2740 |
| GOVERNMENTAL FUND BUDGETED ON A CASH BASIS |

OVERVIEW

On April 5, 2016, Tulsa voters approved Ordinance #23420 setting a limited-purpose, permanent sales tax levy of sixteen one-hundredths of one percent (0.16%) to begin January 1, 2017 and continuing until July 1, 2021, on which date the said sixteen one-hundredths of one percent (0.16%) permanent sales tax shall increase to a twenty-six one-hundredths of one percent (0.26%) permanent sales tax for the purpose of providing revenue for the support of the public safety functions of the City of Tulsa as listed in detail in Title 43-I of Tulsa Revised Ordinances created with Ordinance #23423.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

With the sales tax assessment beginning January 1, 2017, the remittance by vendors to the Oklahoma Tax Commission and ultimate transfer to the City of Tulsa will not occur in full until March 2017. These partial-year resources reflected in the fund are estimated to be \$4,429,000 in FY17 with outlays for approved public safety functions of \$1,339,000 anticipated. The ending fund balance for FY17 of \$3,090,000 shall be made available for these same approved purposes in FY18 and beyond.

STREETS AND TRANSIT FUND

FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 2750 |
| GOVERNMENTAL FUND BUDGETED ON A CASH BASIS |

OVERVIEW

On April 5, 2016, Tulsa voters approved Ordinance #23421 setting a limited-purpose, permanent sales tax levy of eighty-five thousandths of one percent (0.085%) to begin January 1, 2017 for the purpose of providing revenue for the support of street maintenance, traffic and public transportation functions of the City of Tulsa as listed in detail in Title 43-J of Tulsa Revised Ordinances created with Ordinance #23424.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

With the sales tax assessment beginning January 1, 2017, the remittance by vendors to the Oklahoma Tax Commission and ultimate transfer to the City of Tulsa will not occur in full until March 2017. These partial-year resources reflected in the fund are estimated to be \$2,353,000 in FY17 with outlays for approved street maintenance, traffic and public transportation functions of \$2,312,000 anticipated. The ending fund balance for FY17 of \$41,000 shall be made available for these same approved purposes in FY18 and beyond.

CONVENTION & TOURISM FACILITIES FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 2810 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

With approval of Ordinance #23112 on May 27, 2014, the allocation of the Hotel/Motel Tax was revised. The Convention Fund was renamed the Convention & Tourism Facilities Fund, and will receive 43.0 percent of the Hotel/Motel Tax levied pursuant to first chapter of Title 44, together with all income derived from the investment of the tax.

This fund shall be used to construct, reconstruct, operate, maintain, and repair buildings and facilities to foster the development of the City as a convention and tourist destination, and to acquire land in connection therewith.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The Convention & Tourism Facilities Fund began FY16 with a fund balance of \$706,000. Based on current revenue and expenditure estimates, this year-end balance is expected to decrease to \$252,000. In FY17, the revenue received from the Hotel/Motel Tax will continue to support the operating and capital needs of the Performing Arts Center and the Cox Business Center. The revenue received from the sale of sponsorships and naming rights for the BOK Center will be utilized for debt service payments on the bonds used for upgrades within the facility.

SHORT-TERM CAPITAL FUND

FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 2910 SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |
|--|

OVERVIEW

The Short-Term Capital Fund was established to finance the City's short-term capital needs. For budget purposes, a short-term capital asset has a minimum value of \$1,000 and a useful life of more than one year but less than ten years. Revenue is provided by the 2014 Sales Tax Fund which includes provisions for "short-term" capital improvement projects.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

Since July 2014, sales tax revenue in the Short-Term Capital Fund has come from the Improve Our Tulsa funding package which was approved by voters in November 2013 and is anticipated to provide funding for capital equipment until 2021 when the package expires.

The Short-Term Capital Fund began FY16 with a fund balance available for appropriation of \$447,000. The accumulated ending balance, along with sales tax revenue collected throughout the year, will be used to fund the City's capital equipment needs in FY17.

MUNICIPAL EMPLOYEES' RETIREMENT FUND

FY 2015-2016 & FY 2016-2017

| |
|---|
| OPERATING FUND 3000 |
| FIDUCIARY FUND BUDGETED ON A CASH BASIS |

OVERVIEW

The Municipal Employees' Retirement Plan (MERP) Fund was established to provide special funding for expenses associated with the cost of administering the retirement benefits of employees. Most revenue is received by transfer from the Municipal Employees' Pension Trust Fund. A small amount of revenue is received from interest on investments. MERP is a defined benefit plan that pays retirees a fixed monthly income. At retirement there are a variety of monthly income options available, such as joint survivorship and level income.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The Municipal Employees' Retirement Plan Fund began FY16 with a fund balance of \$191,000. It is expected that the expenditures will exceed revenues by approximately \$56,000, resulting in a FY16 ending balance of \$135,000.

ONE TECHNOLOGY CENTER FUND

FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 3450 |
| ENTERPRISE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

In September 2007, the Tulsa Public Facilities Authority (TPFA) purchased the 15 floor 630,000 square foot One Technology Center (OTC) from Leucedia National Corporation for \$53 million. The purchase was financed by lease payment revenue bonds. TPFA leased 251,000 square feet of the building to the City of Tulsa for the relocation of the City Hall staff and the staff housed in four other City owned facilities. The remaining 379,000 square feet of the building will be leased to private sector tenants. Currently, all but one and a half floors of the remaining space has been leased to private companies and the vacant space is being actively marketed.

The One Technology Center (OTC) Fund was established to account for the revenues and expenditures associated with the operation of the 630,000 square foot facility.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY17, revenue from parking fees, rental income, interest income, a transfer from the General Fund, and other miscellaneous sources will be used to finance the operation of the facility and for increasing debt service obligations.

RMUA-GENERAL OPERATING FUND

FY 2016-2017 & FY 2017-2018

OVERVIEW

The Regional Metropolitan Utility Authority (RMUA) was established as a Trust by Ordinance #12644 on October 10, 1972. This fund was established in order to facilitate cooperative ventures between the City of Tulsa and surrounding legal entities acting through the Trust. The purposes of RMUA, as described in its trust indenture, are to provide water supply treatment, wastewater treatment, and pollution control facilities for governmental entities that have agreed to participate. Currently, the City of Tulsa operates a sewage treatment plant with the City of Broken Arrow. Operating costs are shared by the two cities, but the City of Tulsa actually operates the plant. Costs are determined based on the flow rates into the plant from each city. RMUA's annual budget is subject to approval by the RMUA Trustees. It is being presented here for information and disclosure only. It is not subject to City Council approval under the Oklahoma Municipal Budget Act. Revenues come from Broken Arrow and Tulsa and are determined by the actual cost of operation.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY17, revenues are expected to exceed outlays by \$448,000, contributing to the estimated year-end fund balance of \$954,000.

TULSA AUTHORITY FOR RECOVERY OF ENERGY

FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 3623 |
| PROPRIETARY FUND BUDGETED ON AN ACCRUAL BASIS |

OVERVIEW

The Tulsa Authority for the Recovery of Energy (TARE) was created November 11, 1977 as a trust of the City of Tulsa. It manages the City's solid waste pickup and disposal programs.

The TARE fund was established to account for the revenues and expenditures involved with collection and disposal of trash within the city. Revenues are derived from charges on trash collection and disposal. The solid waste service revenues are used for collection of refuse and recycling, disposal of refuse, membership in the Metropolitan Environmental Trust (Met), and the green and bulky waste program.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The Authority re-bid the residential refuse collection contract in FY12. The new system is cart based with rates set on a "pay as you throw" basis. The contractor, NewSolutions, began providing refuse and recycling collection service in October 2012. The contract for recycling processing was awarded to Tulsa Recycle & Transfer which also began service in October 2012. Beginning Spring of 2014, green waste collection transitioned from City staff to contracted services. City staff provided collection service for the bulky waste and neighborhood cleanup programs.

In FY14, TARE approved an operating reserve policy in line with Government Finance Officers Association recommendations. The policy is to maintain funds equal to two (2) months of average monthly expenditures.

TARE began FY16 with a fund balance of just over \$7,087,000 after reserving for encumbrances and the operating reserve. Fund balance is being used to support operations during the refinement of the collection system.

TULSA STADIUM IMPROVEMENT DISTRICT

SPECIAL ASSESSMENT FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 4102 SPECIAL ASSESSMENT FUND BUDGETED ON A MODIFIED ACCRUAL BASIS |
|---|

OVERVIEW

The Tulsa Stadium Improvement District (TSID) No. 1 was created July 10, 2008 pursuant to Oklahoma Statutes Title 11, Sections 39-103 and 39-103.1.

Its purpose is to create a funding source for improvements and services within downtown Tulsa, including a funding mechanism for the construction of a multi-purpose public recreational facility with a primary purpose as a ballpark, together with its maintenance and other improvements and services.

The current boundary consists of all tracts and parcels of real property lying within Planning District No.1 of the Comprehensive Plan of the City of Tulsa, commonly known as the Inner Dispersal Loop (IDL).

The Tulsa City Council passed resolution #7571 in July 2008, to levy an annual special tax assessment which began July 1, 2009. The FY17 assessment rate per gross square footage has been set at \$0.067. As assessment revenues are received, they are split between two components, capital (\$0.043) and services (\$0.024). District revenue also supports enhancement and redevelopment of downtown property and will increase the economic benefit derived from the downtown infrastructure and BOK Center investments.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

FY17 revenues are projected to be \$3,502,000. Of this amount, \$2,218,000 will be used to pay for the annual debt service and capital needs for the ballpark. Approximately \$1,346,000 of remaining available resources will be used to fund downtown services such as street sweeping, landscape maintenance and capital improvements, as well as administrative services.

WHITTIER SQUARE IMPROVEMENT DISTRICT

SPECIAL ASSESSMENT FUND
FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 4122 |
| SPECIAL ASSESSMENT FUND BUDGETED ON A MODIFIED ACCRUAL BASIS |

OVERVIEW

The Whittier Square Improvement District (WSID) was created pursuant to Oklahoma Statutes, Title 11, Article 39, Sections 101-121. The district provides enhanced street, alley and sidewalk cleaning, parking lot maintenance, and landscaping maintenance at a service level higher than normal City standards. The increased services help ensure a more pleasing and convenient business environment for customers, property owners and businesses in the area. The district is comprised of all property fronting South Lewis Avenue, from the Martin Luther King, Jr. Memorial Expressway to East 11th Street South and along East Admiral Boulevard, from the east line of Zunis Avenue to a point approximately 100 feet west of South Atlanta Avenue and along East 1st Street South, from the alley approximately 150 feet west of South Lewis Avenue to the west line of South Lewis Avenue.

The City provides approximately 50 percent of the revenue required to provide these services with a transfer from the General Fund. The City has contracted with a non-profit corporation, Whittier Square Improvement District, Inc., which was formed by owners of the properties, to collectively manage the daily affairs of the district and oversee the service providers.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The FY17 budget reflects \$20,000 in the service accounts which will provide for the management contract between the City and the Whittier Square Improvement District, Inc.

SINKING FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 4306 |
| DEBT SERVICE FUND BUDGETED ON A MODIFIED ACCRUAL BASIS |

OVERVIEW

The Sinking Fund is not subject to the Municipal Budget Act and is not part of the adopted budget. It is included here for informational purposes only. The Sinking Fund (a Debt Service Fund) accounts for the accumulation of financial resources for the payment of interest and principal on the City's general long-term debt. Ad Valorem taxes are used for the payment of principal, interest and commissions to fiscal agents on the City's general obligation bonds and judgments which are recorded in the General Long-Term Debt Account Group.

The Oklahoma Constitution requires the City make an annual Ad Valorem tax levy for the sinking fund which, along with cash and investments in the fund, is sufficient to pay interest and principal on bonded indebtedness and judgments, as the City is by law required to pay.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The estimated FY16 reserved ending fund balance that will carry over to FY17 is \$12,801,000. Previous judgments being paid over a multi-year period are known and included in the fund balance reserve.

HOME INVESTMENT PARTNERSHIP PROGRAM (HOME)

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 5561 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

The HOME program was created by the National Affordable Housing Act of 1990 and has been amended several times by subsequent legislation, the most recent in August 2013. The objectives of the HOME program are to: 1) Provide decent affordable housing to lower-income households; 2) Expand the capacity of non-profit housing partners; 3) Strengthen the ability of state and local governments to provide housing; and 4) Leverage private-sector participation.

Allocations of the Housing and Urban Development (HUD) grants are governed by Ordinance 22813. Applications for grant funding are received, reviewed, and scored by five independent reviewers. The HUD Community Development Committee comprised of mayoral, council, INCOG, and City staff appointees assesses the compiled scores and makes funding recommendations. Recommendations are presented to the Mayor and City Council for further review and discussion. A Resolution with final funding awards is executed by the City Council and Mayor and submitted to HUD with the Annual Action Plan.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this Fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

All FY17 appropriations consist of administrative costs in the Finance Department and allocation to eligible program activities. Any unspent balance is reserved for eligible program activities.

EMERGENCY SOLUTIONS GRANT

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 5563 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

The Homeless Emergency Investment Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) amended the McKinney-Vento Homeless Assistance Act, revising the Emergency Shelter Grants Program in significant ways and renaming it the Emergency Solutions Grants (ESG) program. The ESG Interim Rule took effect on January 4, 2012.

Allocations of the Housing and Urban Development (HUD) grants are governed by Ordinance 22813. Applications for grant funding are received, reviewed, and scored by five independent reviewers. The HUD Community Development Committee comprised of mayoral, council, INCOG, and City staff appointees assesses the compiled scores and makes funding recommendations. Recommendations are presented to the Mayor and City Council for further review and discussion. A Resolution with final funding awards is executed by the City Council and Mayor and submitted to HUD with the Annual Action Plan.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this Fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

All FY17 appropriations consist of administrative costs in the Finance Department and allocation to eligible program activities. Any unspent balance is reserved for eligible program activities.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 5565 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

Title 1 of the Housing and Community Development Act of 1974 authorized the creation of the Community Development Block Grant (CDBG) program. The goals of the program are to: 1) Provide decent, safe and sanitary housing; 2) Provide a suitable living environment; and 3) Expand economic opportunities. Activities funded under CDBG must meet one of three National Objectives: 1) Provide a benefit to low and moderate income persons; or 2) Prevent or eliminate slum and blight; or 3) Meet an urgent community need that threatens the health and/or welfare of residents.

Allocations of the Housing and Urban Development (HUD) grants are governed by Ordinance 22813. Applications for grant funding are received, reviewed, and scored by five independent reviewers. The HUD Community Development Committee comprised of mayoral, council, INCOG, and City staff appointees assesses the compiled scores and makes funding recommendations. Recommendations are presented to the Mayor and City Council for further review and discussion. A Resolution with final funding awards is executed by the City Council and Mayor and submitted to HUD with the Annual Action Plan.

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS (HOPWA)

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 5567 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

The AIDS Housing Opportunity Act was enacted in 1990, and amended in 1992, to provide States and localities with the resources and incentives to devise long-term comprehensive strategies for meeting the housing needs of persons with acquired immunodeficiency syndrome and families of such persons.

Allocations of the Housing and Urban Development (HUD) grants are governed by Ordinance 22813. Applications for grant funding are received, reviewed, and scored by five independent reviewers. The HUD Community Development Committee comprised of mayoral, council, INCOG, and City staff appointees assesses the compiled scores and makes funding recommendations. Recommendations are presented to the Mayor and City Council for further review and discussion. A Resolution with final funding awards is executed by the City Council and Mayor and submitted to HUD with the Annual Action Plan.

P.D. FORFEITURE AWARDS FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 5761 |
| SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS |

OVERVIEW

The Police Department Forfeiture Awards Fund, created by Ordinance #16712 in October 1986, accounts for all cash proceeds received by the City from federal law enforcement activities. The actual use of this fund is limited to law enforcement and drug education purposes. Revenue to this fund is unpredictable and seldom estimated unless official word is received from the U.S. Justice Department about money Tulsa can expect as its share of forfeited proceeds and property.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The ending fund balance for FY15 was \$128,000 and is estimated to be fully appropriated by the end of FY16. Any future forfeiture awards received within this fund shall be made available for eligible law enforcement purposes through established processes for approval.

MISCELLANEOUS CAPITAL PROJECTS FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| CAPITAL FUND 6001 |
| GOVERNMENTAL CAPITAL FUND BUDGETED ON A CASH BASIS |

OVERVIEW

This fund is used to account for miscellaneous capital projects that are not financed by previously approved sales tax or general obligation bond programs. Interest earnings are credited to the General Fund.

The revenue and appropriations in this fund reflect continued implementation of improvements to the City's permit & licensing system (PALS) programs. Equipment and systems are being installed that will allow internet access to the building permit and licensing systems, as well as bar coding plans to allow real time tracking through the approval process. As the implementation of these and other related systems takes several years, the project has been established in a non-lapsing fund.

In 2009, the Tulsa City Council adopted ordinance #22169 which amended Title 11, Section 1220 of Chapter 12 of the municipal code regarding "Rights-Of-Way Occupancy Management" and established an educational and governmental access capital contribution fee to be assessed on video service providers utilizing the City's rights-of-way. The collected fees shall be used to support governmental public information and educational cable television broadcasts.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY17 and FY18, there are no planned appropriations. The estimated FY16 fund balance will be held for future public access television and permit and licensing system improvements (PALS). Approximately \$937,000 will be held for PALS related improvements and \$2,260,000 will be held for public access television improvements.

2001 FIVE-YEAR SALES TAX FUND

FY 2016-2017 & FY 2017-2018

OVERVIEW

This fund was established by City Ordinance to account for the 2001 Third Penny Sales Tax program. The sales tax under this program lasted five years, but completion of the projects is taking somewhat longer. The fund began receiving sales tax revenue in September 2001 and received its last allocation in September 2006. Budgeting is done on a cash basis for this Governmental Capital Fund.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

Original revenue estimates for the program were \$390 million, but approximately \$325 million has been collected. The projects not fully funded were included in the 2006 Sales Tax Extension program. The FY17 and FY18 fund balance will be reserved for projects identified by the Mayor and City Council. Completed projects will be closed in FY17 to cure this funds negative cash position.

2006 SPECIAL EXTENDED SALES TAX FUND

FY 2016-2017 & FY 2017-2018

CAPITAL FUND
6009

GOVERNMENTAL
CAPITAL FUND
BUDGETED ON A
CASH BASIS

OVERVIEW

This fund was established by City Ordinance to account for the 2006-2012 Third Penny Sales Tax capital projects. The May 9, 2006 vote provides funding for this program. All projects total \$463.5 million. The fund began receiving sales tax revenue in September 2006. Budgeting is done on a cash basis for this Governmental Capital Fund.

A revenue bond was issued in June 2006 to finance the uncompleted projects in the 2001 Sales Tax program. Fund 6010 is being used to account for the related revenues and expenditures.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

Revenues from the Third Penny Sales Tax are normally used in the year received to fund capital and capital maintenance projects. This fund is projected to receive interest earnings in FY17.

All appropriations for the original projects outlined in title 43-F of the City of Tulsa Revised Ordinances have been made. In FY17, an additional \$2.2 million will be appropriated from fund balance and interest income to the East Tulsa Fire Station project in order to complete the project as originally proposed. All remaining fund balance in FY17 and FY18 will be reserved for projects identified by the Mayor and City Council.

2008 SALES TAX SPECIAL TEMPORARY STREETS FUND

FY 2016-2017 & FY 2017-2018

OVERVIEW

This fund was established as part of the Fix Our Streets Program authorized by the electorate in November of 2008. This authorized temporary increase in the sales tax levy of one and two-twelfths percent (1.167%) was to be used for the repair, construction and reconstruction of streets, bridges and related infrastructure as outlined in the applicable ordinance. The authorized tax levy expired June 30, 2014.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The FY 14 Budget was reduced by \$5.0 million to offset underperforming sales tax revenue. In FY15, the last \$10.0 million in sales tax revenue pledged to this program was appropriated for street maintenance and repair projects. There will be no budget cycle appropriations in FY17. The FY17 and FY18 fund balance will be reserved to complete projects within the original program in the event of cost overruns. There are thirteen (13) projects which have yet to begin construction.

1985 SALES TAX ECONOMIC DEVELOPMENT FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| CAPITAL FUND 6012 |
| GOVERNMENTAL CAPITAL FUND BUDGETED ON A CASH BASIS |

OVERVIEW

This fund was established in 1991 with a \$1,500,000 transfer from the 1985 Third Penny Sales Tax program. It is used to finance economic development projects in areas designated by the City Council. Budgeting is done on a cash basis for this Governmental Capital Fund.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

There will be no budget cycle appropriations in FY17. The FY17 and FY18 fund balance will be reserved for projects identified by the City Council. This fund will be closed in FY17.

2014 SALES TAX FUND

FY 2016-2017 & FY 2017-2018

CAPITAL FUND

6014

PROPRIETARY
CAPITAL FUND
BUDGETED ON A
CASH BASIS

OVERVIEW

This fund was established by City Ordinance to account for the 2014-2021 Third Penny Sales Tax capital projects. In November 2013, the electorate approved the extension of a 1.1 percent sales tax which will provide funding for this program. The fund began receiving sales tax revenue in July 2014. Budgeting is done on a cash basis for this Governmental Capital Fund. The total program estimate is \$563.7 million and will include projects from across the City including roadways, parks, public safety, and economic development.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

Revenues from the Third Penny Sales Tax are normally used in the year received to fund capital and capital maintenance projects. Total appropriations in FY17 total \$83.4 million and planned appropriations in FY18 total \$84.5 million. Any fund balance will be used to support current and future appropriations in accordance with the 2014 Sales Tax Ordinance.

2016 TULSA ECONOMIC VISION FUND

FY 2016-2017 & FY 2017-2018

OVERVIEW

On April 5, 2016, Tulsa voters approved Ordinance #23422 setting a limited-purpose, temporary sales tax levy of three hundred five thousandths of one percent (0.305%) to begin January 1, 2017 for the purpose of providing revenue for the support of economic development projects across the City of Tulsa as listed in detail in Title 43-K of Tulsa Revised Ordinances created with Ordinance #23425.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

With the sales tax assessment beginning January 1, 2017, the remittance by vendors to the Oklahoma Tax Commission and ultimate transfer to the City of Tulsa will not occur in full until March 2017. These partial-year resources reflected in the fund are estimated to be \$8.4 million in FY17 and \$23.4 million for the entirety of FY18. As project schedules are developed, these resources will be utilized to support debt service and debt issuance costs for a planned revenue bond sale in calendar year 2017. A limited number of pay-as-go appropriations will also be scheduled depending on engineering and cash flow considerations.

FY 2016-2017 & FY 2017-2018

CAPITAL FUND

6021

PROPRIETARY
CAPITAL FUND
BUDGETED ON A
CASH BASIS

OVERVIEW

This fund allows for the separate accounting of capital projects that are financed with revenue generated within the TMUA-Water Operating Fund (Fund 7020). The fund receives a transfer from the TMUA-Water Operating Fund each fiscal year to provide financing for capital projects, and since the fund is a capital projects fund, appropriations do not lapse at the end of each fiscal year as they do in operating funds. Interest revenue is credited to the TMUA-Water Operating Fund. Most of the time, transfers are fully appropriated, but a fund balance available for appropriation can be generated when projects are constructed for less than original estimates.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY17 and FY18, a transfer from the TMUA-Water Operating Fund will finance needed water system improvement projects. All of the projects are contained in the TMUA/City Council adopted Capital Improvements Plan. They are listed at the end of this fund summary.

TMUA-SEWER CAPITAL PROJECTS FUND

FY 2016-2017 & FY 2017-2018

| |
|--|
| CAPITAL FUND 6031 |
| PROPRIETARY CAPITAL FUND BUDGETED ON A CASH BASIS |

OVERVIEW

This fund allows for the separate accounting of capital projects that are financed with revenue generated within the TMUA-Sewer Operating Fund (Fund 7030). The fund receives a transfer from the TMUA-Sewer Operating Fund each fiscal year to provide financing for capital projects, and since the fund is a capital projects fund, appropriations do not lapse at the end of each fiscal year as they do in operating funds. Interest revenue is credited to the TMUA-Sewer Operating Fund. Most of the time, transfers are fully appropriated, but a fund balance available for appropriation can be generated when projects are constructed for less than original estimates.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY17 and FY18, a transfer from the TMUA-Sewer Operating Fund will finance needed sanitary sewer system improvement projects. All of the projects are contained in the TMUA/City Council adopted Capital Improvements Plan. They are listed at the end of this fund summary.

STORMWATER MANAGEMENT ENTERPRISE FUND

FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 7010 |
| PROPRIETARY FUND BUDGETED ON AN ACCRUAL BASIS |

OVERVIEW

The Stormwater Management Enterprise Fund was established by Ordinance #17285 in January 1985. It is "for the purpose of identifying and controlling all revenues and expenses attributable to stormwater drainage services." The primary revenue source for the fund is the Stormwater Management Fee. This is a fee collected from residents and businesses within the city. The fee provides funds for "operating, constructing, equipping, maintaining, acquiring and owning within the city a stormwater drainage system." In addition to financing the development and maintenance of facilities, the fee also provides funds for studying and mapping the city's drainage system in order to identify and assess flood-prone areas. The Stormwater Drainage and Hazard Mitigation Advisory Board (SDMH) was established to oversee stormwater policy, hear policy appeals and oversee the budget.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

This fund began FY16 with a fund balance of \$2,585,000 after reserving for encumbrances. The fund has an informal policy of maintaining an operating reserve of 5 percent of revenues. For FY17, the reserve would be \$1,368,000. The FY17 estimated outlays are expected to exceed revenues for the fiscal year resulting in a use of fund balance. This use of fund balance will be for capital drainage improvements throughout the City.

The Stormwater Drainage & Hazard Mitigation Advisory Board has identified a need for additional capital improvement funds. The transfer to capital projects is \$5,500,000 in FY17 and \$5,100,000 in the FY18 financial plan. The five year plan proposes no rate increase in FY17 and a 9% increase for FY18.

TMUA-WATER OPERATING FUND

FY 2016-2017 & FY 2017-2018

| |
|---|
| OPERATING FUND 7020 |
| PROPRIETARY FUND BUDGETED ON AN ACCRUAL BASIS |

OVERVIEW

The Tulsa Metropolitan Water Authority was established as a Trust on April 5, 1957 (Ordinance #8113) for the purpose of maintaining the City's water and wastewater systems. The name was changed August 23, 1989 to the Tulsa Metropolitan Utility Authority (TMUA). A lease agreement and operation and maintenance contract dated February 1, 1984 were entered into between the City and TMUA specifying the City would lease to TMUA the water and sewer system assets, and the City would operate and maintain them. Two operating funds were established to account for these activities - one for water services and one for sanitary sewer services. Within the Water Operating Fund, the City records all revenues and expenditures generated by the water supply system's operations. Over 90 percent of the revenue in the fund is derived from the sale of treated water.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY98, the TMUA Board decided to establish an operating reserve totaling 5 percent of projected revenues from annual water sales. TMUA established two other reserves in FY08, a rate stabilization reserve and a capital projects reserve. Those reserves will be funded over time as resources are available. The FY16 beginning fund balance of \$22,770,000 reflects the cash balance in the fund after reserving for encumbrances and the 5 percent operating reserve.

A six percent rate increase is projected for FY17 and the FY18 financial plan. The increase is needed to support operations, maintenance, and the Authority's goal of funding more capital projects from cash rather than debt. In FY17, outlays are expected to exceed revenues and the year-end balance after reserving for the 5 percent cash operating reserve is estimated to be positive.

TMUA-SEWER OPERATING FUND

FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 7030 |
| PROPRIETARY FUND BUDGETED ON AN ACCRUAL BASIS |

OVERVIEW

The Tulsa Metropolitan Water Authority was established as a Trust on April 5, 1957 (Ordinance #8113) for the purpose of maintaining the City's water and wastewater systems. The name was changed August 23, 1989 to the Tulsa Metropolitan Utility Authority (TMUA). A lease agreement and operation and maintenance contract dated February 1, 1984 were entered into between the City and TMUA specifying the City would lease to TMUA the water and sewer system assets and the City would operate and maintain the assets. Operating funds were established to account for these activities - one for water services and one for sanitary sewer services. Within the Sanitary Sewer Operating Fund, the City records all revenues and expenditures generated by the sanitary sewer system's operations. The major portion of the revenues are generated by fees charged for disposing of wastewater.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY98, the TMUA Board decided to establish an operating reserve totaling 5 percent of projected annual sanitary sewer service charges. They established two other reserves in FY08, a rate stabilization reserve and a capital projects reserve. Those reserves will be funded over time as resources are available. The FY16 beginning fund balance of \$12,547,000 reflects the cash balance in the fund after reserving for encumbrances and the 5 percent operating reserve.

A nine percent rate increase is projected for FY17 and FY18 financial plan. The increase is needed to support debt service and the Authority's goal of funding more capital projects from cash rather than debt. In FY17, outlays are projected to exceed revenues and the year-end balance after reserving for the 5 percent cash operating reserve is estimated to be positive.

GOLF COURSE OPERATING FUND

FY 2016-2017 & FY 2017-2018

OVERVIEW

The Golf Course Operating Fund was created for the purpose of accounting for the operations of the City's golf courses located at Mohawk and Page Belcher Parks. To comply with the Governmental Accounting Standards Board's (GASB) Statement No. 34, the City began accounting for all golf operating revenues and expenditures in this separate fund, beginning July 1, 2000. Enterprise funds are used to report activity for which a fee is charged to users for goods or services.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

On January 1, 2008, Billy Casper Golf began managing and staffing the four golf courses at Page Belcher and Mohawk Park.

The Golf Course Operating Fund will receive a transfer for operations from the General Fund in FY17 in the amount of \$75,000 and funds will be transferred from the Third Penny Sales Tax Fund for equipment purchases.

FY17 outlays are projected to exceed resources by \$77,000 resulting in an estimated year-end fund balance of \$290,000. Financial performance could improve or decline dependent upon the number of days with playable weather conditions at the golf courses throughout the year.

EMSA ENTERPRISE FUND

FY 2016-2017 & FY 2017-2018

OVERVIEW

The Emergency Management Services Authority (EMSA) Fund was created to support the operations of EMSA Eastern Division. However, a small amount pays EMSA's share of the City's utility billing system costs, a position to oversee certain compliance issues with the fee and an additional amount is used to defray some of the operational costs for the Fire Department's first responders. In December 2011, Ordinance #22596 was approved establishing a rate stabilization fund equal to 10 percent of EMSA's annual budget for the Eastern Division. This fund is to be retained by the City and shall be funded from revenues received from the emergency medical fee. Uses for the rate stabilization fund are limited to the provision of Medical Service Program services and related City administrative costs and services. In June 2014, the City Council passed Ordinance #23133 increasing the monthly emergency medical fee from \$3.64 to \$5.45 per month which will continue to be used for previously established purposes.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

Emergency medical fee revenues are estimated to be \$7,025,000 in FY17 and most will be transferred to EMSA. A \$650,000 transfer to the General Fund to support the Fire Department's first responder program is included as well as \$350,000 for the department's purchase of supplies and equipment related to that program.

OFFICE SERVICES INTERNAL SERVICE FUND

FY 2016-2017 & FY 2017-2018

| |
|--|
| OPERATING FUND 8011 |
| INTERNAL SERVICE FUND BUDGETED ON AN ACCRUAL BASIS |

OVERVIEW

The Office Services Internal Service Fund is used to manage the City's chargeback system for postage, certain office supplies, printing and reproduction expenses. This fund was established in FY01 to clearly identify these costs at the department level. After this fund was established, funding for postage, certain office supplies, printing and reproduction expenses was appropriated in the Office Services budget, and funding was increased or decreased based on departments' requests. The goal of the chargeback system is to better manage expenditures and reduce costs.

While this fund is supported primarily by the General Fund, approximately one-fourth of its services are charged to the Enterprise Funds. Some revenue is also received from other outside agencies that acquire forms and business cards from Office Services, and utilize City mail and copying services.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

Given the function of the Office Services Internal Service Fund, a large fund balance should not materialize. The FY17 budget is set at \$991,000 and includes charges for internal office services for all City departments. Reimbursement for these services will be made in the same manner as other charge back expenditures. Revenue received from charge backs to the user departments is based on actual expenditures for convenience copier rental, printing services and wireless device charges. The Finance Department-Accounting Section will make monthly journal entries to reduce each department's budget for actual expenses incurred, and will book revenue in the Office Services Internal Service Fund to match expenditures.

Changes were made to the Office Services chargeback system in FY15 and are expected to continue in FY17 and beyond. These changes will shift the expenditures that occur in the fund out to the user departments directly. It is expected that this change will ultimately result in closer monitoring of charges by the departments and would eventually eliminate the need for this Internal Service fund.

WORKERS' COMPENSATION SERVICE FUND

FY 2015-2016 & FY 2016-2017

OVERVIEW

This fund was established in FY84 as a means to account for the cost of insurance plans for City employees. Prior to the establishment of this Internal Service Fund, insurance was accounted for through a series of trust funds. In FY17 the insurance provided for workers compensation and employee insurance plans will be separated into two separate internal service funds. The workers compensation insurance will continue to be accounted for in fund 8020 and the employee insurance plan will be accounted for in fund 8025.

The City of Tulsa is self-insured for Workers' Compensation. Contributions to this fund are transferred monthly from each City department with salary accounts. The transfer is based on a department's historical claims experience percentage that reflects the relationship between administrative workers' compensation costs to salaries.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In 2013, the City launched our Safety Culture Transformation Project aimed at improving the safety culture and ultimately reducing our workers' compensation costs. Through this project we have implemented several new programs including safety committees, job hazard analysis procedures and a robust injury investigation process. In just three years, the results are showing great success with the reduction of our OSHA recordable injuries reduced by 42% and injury costs of by 21%.

EMPLOYEE INSURANCE SERVICE FUND

FY 2015-2016 & FY 2016-2017

OVERVIEW

This fund was established in FY17 as a means to account for the cost of insurance plans for City employees. Prior to the establishment of this Fund, insurance and workers' compensation were accounted for through fund 8020.

The City continues to offer its employees and various agencies insurance plans covering health, dental, life, and long-term disability. The health plan will be offered through Community Care of Oklahoma. Providing only one health provider has allowed a firmer control of escalating health insurance costs while still providing complete insurance coverage.

In FY95, the Firefighters' Union opted out of the City's dental, health, and life plans and now procures separate coverage for its members. In FY08, the Police Officers' Union opted out of the City's dental, health, and life plans and now procures separate coverage for its members.

The City will continue to pay a major portion of insurance costs for its employees. Additional resources required to finance the insurance costs are obtained through the payroll process with charges to departments' budgets and deductions from employee paychecks. City agencies with employees participating in the programs make payments directly to the Employees' Insurance Service Fund.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

In FY16, the City transitioned from a defined benefit plan to a defined contribution plan, as well as, transitioning from a fiscal year enrollment period to calendar year. With this change, employees are empowered to make choices as to the level of health and dental care coverage required for their life situation.

EQUIPMENT MANAGEMENT SERVICE FUND

FY 2015-2016 & FY 2016-2017

| |
|---|
| OPERATING FUND 8030 |
| INTERNAL SERVICE FUND BUDGETED ON AN ACCRUAL BASIS |

OVERVIEW

The Equipment Management Service Fund is used to account for the centralized maintenance program for all City vehicles. Each year a rate structure is established for the specific services provided by the Equipment Management Division of the Asset Management Department. These services include vehicle repairs, regular preventive maintenance, body shop repairs, fuel for on-road and off-road vehicles, car wash, and a motor pool of vehicles available for City business. Rates are set to recover only funds needed to support operations. Monthly billing for services rendered are charged through the department's Equipment Management Information System.

While this fund is supported primarily by the General Fund, approximately forty percent of its services are charged to the Enterprise Funds. Some revenue is also received from other outside agencies that use the City's facilities for vehicle maintenance and fuel.

BUDGET SUMMARY

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. While the new standard has no effect on the total amount reported as fund balance, it fundamentally alters the categories and terminology used to present that amount on the governmental fund balance sheet. The fund balance for this fund is now referred to as the Assigned Fund Balance. The 'End of Year' Assigned Fund Balance is the amount available for appropriation intended specifically for this fund's use.

The Equipment Management Service Fund began FY16 with a fund balance of \$438,000. The estimated year-end fund balance for FY17 will be \$369,000. This balance is maintained for cash flow needs.

DEBT SERVICE

Municipal Court

Mission Statement

To provide justice to the public through fair, responsive and courteous services as defined by law.

Overview of Services

The Municipal Court of Tulsa is one of two municipal courts of record in Oklahoma. The Court adjudicates City ordinance violations, traffic cases and misdemeanor offenses. The Municipal Court is comprised of five divisions:

- Administrative Services – provides support to the Court by setting administrative policy, fiscal management, personnel management and strategic planning;
 - Court Operations – responsible for the issuance and recall of warrants, booking and releasing offenders and entering, filing, maintaining and retrieving court files and documents;
 - Public Defender – provides defense counsel to indigent persons charged with municipal ordinance violations;
 - Court Services – includes the Judicial and Probation sections which are responsible for dispensing justice to persons charged with Municipal Court violations, monitoring those sentenced to incarceration and providing an alternative to imprisonment and/or fines through performance of community service.
-

Goals

1. Enhance enforcement of Municipal Court judgments.

Objective 1.1: Complete Expunges within 30 days of the order date signed by the judge.

Objective 1.2: Minute clerk entries for daily court will be entered within 24 hours of court appearance. Entries for Specialty Courts, ex: Juvenile Court & Special Service Court, will be entered within 48 hours of court appearance.

Objective 1.3: All hand written citations will be data entered within 24 hours of receipt from the prosecutor's office.

Municipal Court

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|--|------------------------|------------------------|--------------------------|------------------------|
| 1.1.1: % of Expunges completed within 30 days of the order date signed by the judge. | New Measure | 80% | 60% | 80% |
| 1.2.1: : % Minute clerk entries for daily court entered within 24 or 48 hours (depending upon the type as described in the objective) | New Measure | 80% | 70% | 80% |
| 1.3.1: % of hand written citations entered within 24 hours of receipt from the prosecutor’s office | New Measure | 80% | 50% | 80% |

Budget Strategy Overview

Resources allocated to Municipal Court will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including public safety. Due to budget reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above. Performance Measures will be reevaluated and adjusted as necessary for FY 2017-2018.

• ORGANIZATION CHART •

Police

Mission Statement

To apply all knowledge, skills and available resources by working in partnership with our community to provide quality service, protect life and property, prevent crime and resolve problems so people can live without fear in a safe environment.

Overview of Services

The Police are granted authority primarily through state and federal statutes. The mission of the Police is to prevent crime and disorder in the City of Tulsa by the use of problem solving, citizen partnership, proactive patrol techniques and a high standard of professional courtesy and ethics. Priorities for the department include:

- Apprehending criminal offenders;
- Placing value on the preservation of human life;
- Recognizing that prevention of crime and reducing fear are operational priorities;
- Involving the community in the delivery of law enforcement services;
- Making the Department accountable to the community it serves;
- Committing to professionalism in all aspects of Department operations;
- Maintaining the highest standards of integrity; and
- Developing technology to create efficiencies of service;
- E-911 call handling and dispatching functions for the City, County and nearby jurisdictions.

Goals

1. Enhance public safety by enforcing federal, state and local laws.

Objective 1.1: Reduce Part One crimes (homicide, burglary, rape, etc.) 3% over previous year.

Objective 1.2: Reduce number of fatality/high injury collisions 3% over previous year.

2. Decrease response time to priority one calls.

Objective 2.1: Increase Priority One calls responded to in three minutes or less by 5% over previous year.

Police

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|-----------------|-----------------|-------------------|-----------------|
| 1.1.1: % reduction in Part One crimes over previous year | 3.6% decrease | 3% decrease | 12% increase | 3% decrease |
| 1.1.2: # of Part I crimes reported | 23,556 | 22,378 | 24,216 | 23,005 |
| 1.1.3: Part I Property crime rate per 1,000 population | 50.25 | 47.74 | 51.66 | 47.74 |
| 1.1.4: Part I Violent crime rate per 1,000 population | 8.69 | 8.25 | 8.88 | 8.25 |
| 1.2.1: % reduction in fatality/high injury collisions over previous year | 13.9% decrease | 3% decrease | 20% decrease | 3% decrease |
| 1.2.2: # of sworn officers dedicated to traffic patrol | 38 | 40 | 38 | 45 |
| 2.1.1: % increase of Priority One calls responded to in three minutes or less | 0.3% increase | 5% increase | 0% | 5% increase |

Budget Strategy Overview:

Resources allocated to Police will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including public safety. Budget allocations prioritize public safety; however, due to reductions realized in the General Fund in FY 2016-2017, the department may be challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above. Performance measures will be reevaluated and adjusted as necessary for FY 2017-2018.

A permanent Public Safety Sales Tax program approved by voters in April 2016 will provide additional funding in the Police Department, beginning with the FY 2016-2017 budget, for additional Police Officers, equipment and operating costs. The anticipated staffing increases are to be fully phased in over five years. The program also includes resources for additional 911 operator staff.

Fire

Mission Statement

The Tulsa Fire department is dedicated to the protection of life, health, property and the environment by delivering quality life and fire safety services.

Overview of Services

It is the Fire department's goal to emphasize fire prevention and public education of a comprehensive community fire safety program as well as provide progressive emergency medical services. Because total success in preventing all fires is unrealistic, The Fire department remains unwavering in operations to minimize the impact of fires when they do occur. The department is committed to reducing, as much as possible, the impact of environmental damage from hazardous material incidents, along with meeting the needs of other calls for service from the community.

Tulsa Fire's service strategies are:

- Aggressively deliver life and fire safety education to the community;
- Aggressively work to prevent hazardous conditions;
- Respond promptly to rescues, fires, medical emergencies and natural disasters;
- Ensure actions are safe, professional and in harmony with the needs of the environment and the demands of the community; and
- Actively coordinate fire services with other agencies in the region.

Goals

1. Continue to deliver the highest quality emergency services.

Objective 1.1: Safely respond to all emergency incidents in a timely manner.

Objective 1.2: Provide a healthy work environment.

2. Prevent fire, loss of life, and loss of property.

Objective 2.1: Inspect buildings regularly to ensure the structures remain compliant with City of Tulsa Fire Code.

Objective 2.2: Inspect building applications to ensure planned development complies with City of Tulsa Fire Code.

Objective 2.3: Engage in regular community outreach to educate citizens on fire safety.

Fire

Objective 2.4: Provide thorough investigation services to prosecutors, property owners, and property insurers.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|------------------------|------------------------|--------------------------|------------------------|
| 1.1.1: % of arrival on scene within six minutes from receipt of call | 85.5% | 90% | 85% | 90% |
| 1.1.2: Total # of incidents responded to | 56,053 | 57,000 | 57,000 | 57,000 |
| 1.1.3: # of fire fatalities as a result of accidental fires | 9 | 0 | 5 | 0 |
| 1.1.4: % of property value saved (value of building compared to the total damage) | 92.7% | 95% | 93% | 95% |
| 1.2.1: % of reduction of firefighter injuries from previous year | 33% | 5% | 5% | 5% |
| 2.1.1: # of building inspections completed | 7,450 | 7,000 | 7,000 | 7,000 |
| 2.2.1: % of fire protection system plan reviews completed within 10 business days of receipt | 100% | 90% | 90% | 90% |
| 2.3.1: # of public education events | 974 | 1,000 | 1,000 | 1,000 |
| 2.3.2: # public safety education participants served | 139,282 | 140,000 | 140,000 | 140,000 |
| 2.3.4: # of free smoke alarms installed | 557 | 600 | 600 | 600 |
| 2.4.1: % of arson cases cleared by arrest | 17% | 15% | 15% | 15% |

Budget Strategy Overview

Resources allocated to Fire will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including public safety. FY 2016-2017 budget allocations prioritize public safety; however, due to reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above.

A SAFER (Staffing for Adequate Fire and Emergency Response) Grant is anticipated to fund the personnel cost for the July 2016 academy of 27 cadets. The grant will provide resources totaling \$1,314,000 in FY17 and \$1,467,000 in FY18 with costs expected to shift to the General Fund following the two year grant period.

A permanent Public Safety Sales Tax program approved by voters in April 2016 will provide additional funding in the Fire Department, beginning with the FY 2016-2017 budget, for additional Firefighters, capital and operating costs.

Emergency Medical Services Authority

Department Budget Summary

FY 2016-2017

Mission Statement

To provide ambulance service to 1,000 square miles and meet the highest standards of pre-hospital care.

Overview of Services

A public trust of the City of Tulsa and City of Oklahoma City governments, the Emergency Medical Services Authority (EMSA) is Oklahoma's largest provider of emergency medical services.

EMSA provides advanced life support medical care to patients who suffer injuries and illnesses and transports patients to and from the hospital by ambulance. The Authority provides oversight and ensures quality compliance of the contracted ambulance services provider, and conducts billing, accounting, purchasing and other business functions. The Medical Director provides medical oversight of the contracted provider and reports to the Medical Control Board. The contracted provider is held to a performance-based contract that includes strict service standards and financial penalties for non-compliance.

In 1977, EMSA was established in Tulsa. Today, EMSA is the exclusive ambulance provider for 16 Oklahoma cities. EMSA has two divisions, the eastern division, with Tulsa as the major city, and the western division centered around Oklahoma City.

Goals

1. Provide the highest quality emergency response and pre-hospital care.

Objective 1.1: Meet or exceed professionally recognized standards for emergency response.

2. Provide efficient and reliable services at a reasonable cost to consumers.

Objective 2.1: Meet or exceed budgeted number of transports per year.

Emergency Medical Services Authority

3. Process billing accounts in a timely fashion.

Objective 3.1: Meet or exceed budgeted patient service revenue by processing bills and collecting fees timely.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |

Tulsa Area Emergency Management Agency

Department Budget Summary

FY 2016-2017

Mission Statement

TAEMA is dedicated to the protection of the citizens of Tulsa and Tulsa County from all emergencies and disasters.

Overview of Services

The Tulsa Area Emergency Management Agency (TAEMA) is responsible for the coordination of preparing for, responding to, recovering from and mitigation of major emergencies and disasters. TAEMA collaborates with City and County departments and various other agencies to ensure readiness to manage response to emergencies and disasters. This includes naturally occurring events such as tornadoes, straight line winds, floods, winter storms, wild fires, drought, extreme heat, earthquakes and pandemics. Planning is also done for man-made events that may involve acts of terrorism or accidents that could include plane crashes or hazardous chemical releases. TAEMA conducts numerous disaster exercises with the response community each year to test emergency plans and enhance readiness to respond to disasters. TAEMA manages the Community Warning System consisting of 98 warning sirens covering the City and portions of the unincorporated area of Tulsa County. TAEMA coordinates with volunteer groups, including amateur radio clubs who assist during severe weather and disaster events, and other volunteer agencies active in disasters (VOADs) that perform varied and numerous activities after disasters.

TAEMA is jointly funded with the City of Tulsa and Tulsa County each contributing 40 percent and the federal government contributing 20 percent of operational revenue.

Goals

1. Manage the Community Warning System and activate the 98 warning sirens appropriately for tornado warnings, 80 mile per hour straight line winds, major floods and nuclear attacks.

Objective 1.1: TAEMA personnel will test the warning sirens at least once each week with the live test being done on Wednesdays at noon, weather permitting.

2. Manage the Emergency Operations Center emergency communications systems and maintain system readiness by servicing radio equipment and taking part in regularly scheduled radio tests.

Objective 2.1: TAEMA personnel will take part in all Oklahoma Department of Emergency Management Op-Secure (high frequency) and 800 MHz weekly radio tests.

Tulsa Area Emergency Management Agency

Objective 2.2: TAEMA, in coordination with the Oklahoma Department of Emergency Management, will conduct Bi-monthly Northeast Region radio tests for primary users of the 800 MHz 6A TAEMA talk group, along with a Northeast Regional Mutual Aid talk group (NERMA).

3. Improve preparedness measures by reaching more citizens through social media, Facebook and Twitter.

Objective 3.1: TAEMA personnel will post preparedness measures weekly to Twitter and Facebook to actively increase preparedness in citizens.

4. TAEMA personnel will monitor emergency or disaster situation and activate the Emergency Operations Center as appropriate to provide public warning functions and assistance to Incident Command

Objective 4.1: TAEMA will activate Emergency Operations Center per Standard Operating Guidelines for weather or other response activities.

Objective 4.2: As the designated point of contact for the National Weather Service, TAEMA will monitor weather events to determine if EOC activation is warranted.

5. TAEMA will ensure that Jurisdictional Emergency Operations Plans and Hazard Mitigation Plans are reviewed and updated per Federal and State requirements.

Objective 5.1: TAEMA will maintain a record of all School System Emergency Plans, ensure that they are reviewed in a timely manner, and on file for current year.

Objective 5.2: TAEMA will provide timely updates and reviews of all emergency plans for the City of Tulsa.

6. To ensure understanding and proper implementation of the Emergency Operations Plan, TAEMA will plan or facilitate emergency exercises with area response agencies. TAEMA will complete After Action Reports and Improvement plans as document of record regarding these exercises.

Objective 6.1: TAEMA will conduct a minimum of 4 emergency exercises of any type with complete after action reports and improvement plans

Tulsa Area Emergency Management Agency

Objective 6.2.: TAEMA will conduct 1 full scale exercise each year with completed after action report and improvement plan.

7. TAEMA is mandated under Title III SARA by Region 6 Environmental Protection Agency and the Oklahoma Department of Environmental Quality to participate and take a leadership role in the Local Emergency Planning Committee (LEPC) alongside local Hazardous Materials Experts and members of the First Responder Community

Objective 7.1: TAEMA will participate in the Quarterly LEPC meeting.

Objective 7.2: TAEMA will maintain an active role in the LEPC by serving on the LEPC Board.

8. TAEMA will actively participate and ensure that the City of Tulsa maintains its certification in the National Weather Service StormReady Community Program.

Objective 8.1: Maintain 4 methods for EOC to receive information from the National Weather Service

Objective 8.2: Maintain and Operate an Emergency Operations Center that will service as the Point of Contact for weather related events.

Objective 8.3: Maintain and Utilize 4 methods for dissemination of local warnings

Objective 8.4: Host Annual Storm spotter training seminar in coordination with the National Weather Service office in Tulsa.

Objective 8.5: Utilize at least 4 methods for gathering and monitoring hydro-meteorological data.

Objective 8.6: Annually meet with Meteorologists from the National Weather Service

Park and Recreation

Mission Statement

The mission of the Tulsa Park and Recreation Department is to provide and preserve quality parks and recreation opportunities for all.

Overview of Services

With oversight from the Park Board, the City of Tulsa manages 143 parks covering roughly 8,035 acres. This includes 2 nature centers, 5 community centers, WaterWorks Art Studio, 64 miles of walking trails, 2 skate parks, 2 dog parks and 5 swimming pools. In addition, there are 186 sports fields, 106 playgrounds, 103 tennis courts, 12 water playgrounds, 19 splash pads as well as 79 picnic shelters, 4 golf courses and 5 disc golf courses.

The Department's primary focus is to provide a variety of recreational opportunities to the public. The Park Master Plan, adopted in February 2010, guides future planning with oversight from the Master Plan Citizen's Committee.

Goals

1. Work in partnership with other City of Tulsa departments and volunteer groups to mobilize citizen engagement, human investment, neighborhood vitality, public safety and sustainability.

Objective 1.1: Provide a quarterly newsletter to the public.

Objective 1.2: Communicate effectively with the public regarding the Oxley Nature Center services and the availability for volunteer assistance.

2. Provide Parks and Recreation development programs to increase available of recreation opportunities to citizens of the City of Tulsa.

Objective 2.1: Open all Recreation Centers (Central, Hicks, Lacy, Oxley, Reed, Waterworks and Whiteside) for a minimum of 65 hours per week.

Objective 2.2: Provide a wide variety of aquatic activities to the public.

Objective 2.3: Provide youth sports recreational activities to City of Tulsa youth.

Park and Recreation

Objective 2.4: Charge appropriate fees for rental of facilities for special events to ensure that the department has sufficient revenues to continue to provide quality facilities to the general public.

- 3. Provide Parks and Recreation facilities maintenance, landscape maintenance, and emergency response so that City of Tulsa residents and visitors have safe parks and trails.

Objective 3.1: Plant 75-100 trees per year, water and mulch young trees to decrease tree loss.

Objective 3.2: Respond to structural repair requests for all park facilities and amenities within 7 calendar days.

Objective 3.3: Perform routine preventative maintenance on park lighting, restroom facilities, park buildings, pools and detention ponds.

Objective 3.4: Perform graffiti abatement in all City of Tulsa parks within 24 hours of being notified.

Objective 3.5: Perform monthly playground inspections for all playground structures.

Objective 3.6: Install Park Rules Signs and Park ID Signs.

Objective 3.7: Fertilize park greenery, oversee mowing contractors for parks and sports complexes, clean out creek banks within parks, perform field maintenance of sports fields in sports complexes, clean outdoor restrooms, and clean shelters prior to each confirmed rental.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |

| 2.4.1: \$ value of rental fees collected for events or activities held at parks | New Measure | \$35,540 | \$37,000 | \$40,000 |
| 2.4.2: A minimum of 5 family, culturally, healthy, nutritional oriented exercise programs held per quarter at each Recreation Center. | New Measure | New Measure | 25 | 35 |
| 3.1.1: # of trees planted | New Measure | 75 | 135 | 100 |
| 3.1.2: % of young trees (planted in previous 5 years) that are lost due to lack of care | New Measure | 0 | 2 | 2 |
| 3.2.1: Average time to respond (in days) to structural repair requests | New Measure | 7 | 7 | 7 |
| 3.3.1: % of preventative maintenance inspections needed that were performed on City Park facilities | New Measure | 100% | 100% | 100% |
| 3.4.1: Average time to respond (in hours) to graffiti abatement requests | New Measure | 24 | 16 | 16 |
| 3.5.1: % of playground structures which received a monthly playground inspection | New Measure | 100% | 100% | 100% |
| 3.6.1: # of Parks Rules Signs and Park ID signs installed | New Measure | 55 | 55 | 55 |
| 3.7.1: % of citizens surveyed who indicate they are "Very Satisfied" or "Somewhat Satisfied" with the cleanliness and maintenance of park facilities | New Measure | 75% | 75% | 80% |

¹ The department's goal is to remain open 65 hours/week as indicated on Objective 2.1. However, due to anticipated budget cuts for FY 2016-2017, the department estimates that we will only be able to be open 55 hours/week. This target will be re-adjusted when funding is back to levels that can meet the long term goal.

Park and Recreation

Budget Strategy Overview

Resources allocated to Park and Recreation will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including efficient government and quality of City parks and recreation. Due to budget reductions realized in the General Fund, the department is challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above. Performance Measures will be reevaluated and adjusted as necessary for FY 2017-2018.

PARK AND RECREATION

STAFFING SUMMARY

Gilcrease Museum

Department Budget Summary

FY 2016-2017

Mission Statement

Gilcrease Museum, through its collections, is dedicated to bringing art, history and people together to research, discover, enjoy and understand the diverse heritage of the Americas.

Overview of Services

The Thomas Gilcrease Institute of American History and Art, better known as Gilcrease Museum, was gifted to the City of Tulsa in 1954 by Mr. Gilcrease with the stipulation that the City would (1) make payment on his debts; (2) preserve, protect, and display his collection of art, artifacts, documents, and books; and (3) care for his facility. The collection includes paintings by well-known artists such as George Catlin, Thomas Moran, Charles Russell and bronzes by Frederic Remington. Documents include one of the earliest extant letters from the Western Hemisphere, a letter dated 1512 from Diego Columbus (Christopher's son) and the only certified copy of the Declaration of Independence. Among the artifact collection is a Bedford Mound beaver pipe, dated to 200 A.D., that is considered the finest Hopewell effigy pipe known to be in existence. The collection of more than 400,000 items is one of international significance. Gilcrease is fortunate to have a state-of-the-art conservation laboratory, 203 seat auditorium, restaurant, Museum store, rental facilities, and 23 acres of formal gardens within its 460 acre property.

Based on the management agreement with City of Tulsa, The University of Tulsa (TU) assumed operation of the Gilcrease Museum as of July 1, 2008. TU has made several capital improvements to the facility and continues to expand the collections by donations and purchases.

2015-16 has been another successful year for Gilcrease Museum on many fronts including the hiring of a new Executive Director, James Pepper Henry who assumed the role in March 2015. TU has diligently worked with the City of Tulsa to facilitate the capital improvement projects as part of the Improve our Tulsa funding package.

Exhibitions for the coming fiscal year include the continuation of *On Common Ground* and *Focus on Favorites: Masterworks from the Gilcrease Collection*; new exhibitions – *Showing the Hand of the Artist: The Draftsmanship of William R. Leigh*, *West Mexico: Ritual and Identity*, *Frida Kahlo: Through the Lens of Nikolas Muray*, *Chocolate*, and *Artists and Artistry of Plains Indian Communities*.

Gilcrease Museum

Goals:

- 1. Continue to expand educational programming opportunities and outreach programs.

Objective 1.1: Provide educational services to at least 20,000 school-aged children per year.

- 2. Increase community interest and attendance to museum and exhibits.

Objective 2.1: Attract 100,000 visitors per year.

| Performance Metrics | FY 13-14 Actual | FY 14-15 Actual | FY 15-16 Estimate | FY 16-17 Target |
|--|--------------------|--------------------|----------------------|--------------------|
| 1.1.1: # of school-aged children receiving services per year | 29,936 | 35,326 | 15,504* | 20,000 |
| 2.1.1: # of visitors attracted annually | 78,144 | 81,384 | 38,537** | 100,000 |

* As of January 22, 2016 ** As of December 31, 2015

Budget Strategy Overview:

The annual appropriation request from The University of Tulsa to the City for FY 2016-2017 is \$3,003,272.

Pursuant to the management agreement, The University of Tulsa will provide an annual report to the Gilcrease Board of Trustees and elected officials documenting the management activities at the museum.

Performing Arts Center

Mission Statement

Maintain a safe, attractive and inclusive facility that serves the public and in which can be provided a wide range of enlightening and engaging arts and entertainment in a comfortable setting, thereby contributing to the vitality of the City and its neighboring communities.

Overview of Services

Opened in 1977, the Performing Arts Center (PAC) was designed with a special emphasis on staging, lighting and acoustic conductivity. The PAC is known as the cultural apex of Tulsa. It houses five separate performance areas and one large reception hall in one building including the 2,365-seat Chapman Music Hall with seating on three levels, another proscenium theatre seating 420 and three studio theatres of varying capacities. The Westby Pavilion, a beautifully appointed reception hall, was added in June 2000 along with additional restrooms. Tulsa Symphony, Tulsa Opera, Tulsa Ballet, Choregus Productions, American Theatre Company, Theatre Tulsa, Playhouse Tulsa, Theatre North, Chamber Music Tulsa, Celebrity Attractions and Tulsa Town Hall all call the PAC home. National touring companies and other local community groups use the facilities as well.

Goals

1. Continue the Performing Art Center's commitment to a quality arts and entertainment experience.

Objective 1.1: Host a minimum of 500 performances each year.

2. Offer marketing services that make the Performing Arts Center attractive to user groups, and effectively assist touring promoters.

Objective 2.1: Annually achieve a minimum of \$7 million per year in gross ticket sales at the Performing Arts Center.

Objective 2.2: Provide a venue and services that contribute a \$23 million economic impact to the City of Tulsa and surrounding businesses downtown.

Performing Arts Center

Objective 2.3: Annually attract 225,000 people to attend Performing Arts Center events and generate revenue that can better support the facility’s expenses.

- 3. Effectively manage the calendar of available performance dates to ensure maximum utilization of the facility.

Objective 3.1: Achieve a 40% utilization rate of available days for non-performance activities.

Objective 3.2: Achieve a 30%utilization rate of available days for performance activities.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|-----------------|-----------------|-------------------|-----------------|
| 1.1.1: # of performances per year | 505 | 500 | 485 | 500 |
| 1.2.1: User group survey rating | 9.72 | 9.7 | 9.8 | 9.7 |
| 2.1.1: \$ amount of gross ticket sales | \$7,969,494 | \$7M | \$7M | \$7M |
| 2.2.1 Estimated economic impact | New Measure | \$23.1M | \$23M | \$23M |
| 2.3.1 Total annual attendance | 237,387 | 225,000 | 220,000 | 225,000 |
| 3.1.1 % of available days utilized for non-performance event activities | New Measure | 40% | 60% | 40% |
| 3.1.2 % of available days utilized for performance activities | New Measure | 30% | 50% | 30% |

Budget Strategy Overview

The FY 2016-2017 Performing Arts Center budget is being set to maintain existing service levels and meet the performance metrics above.

Resources dedicated to the Performing Arts Center will provide funding to address Mayor and City Council priorities including efficient and reliable government and economic development. Funding will also be allocated for capital equipment and capital improvements in order to maintain the facility and allow the building to run more efficiently while maintaining a high level of service.

• ORGANIZATION CHART •

River Parks Authority

Mission Statement

To maintain, preserve, develop and promote the Arkansas River and adjacent land areas under the Authority’s jurisdiction within Tulsa County for the economic and cultural benefit of the community. Vision: to be the region’s premier park, recreation and entertainment destination.

Overview of Services

River Parks is unique among Tulsa’s public spaces because of its location on the banks of the Arkansas River. The river corridor offers opportunities and challenges to blend preservation and enhancement of green space and wildlife habitat with select commercial development such as the Blue Rose Café, and family destination attractions such as the 41st Street Plaza, River West Festival Park, and Turkey Mountain.

Goals

1. Development and Preservation: To provide safe, attractive, and well-maintained park facilities for public use, year-round.

Objective 1.1: Make River Parks’ trails and facilities available year-round, to serve an estimated 1 million visitors’ outdoor recreational, fitness and entertainment interests.

2. Funding: River Parks supplements it’s funding from Tulsa County and the City of Tulsa with private fundraising for operations, programming and capital improvements.

Objective 2.1: Raise at least \$1,300,000 in private fundraising.

3. Community Relations: Web-based communications are easy to navigate, providing useful and timely information about all facets of River Parks, including its outdoor events and entertainment.

Objective 3.1: Increase usage numbers for websites and social media managed by River Parks by showing regular and ongoing communications and allowing ease of inquiry.

4. Programming: Major events are hosted by River Parks, primarily for earned revenues; minor events are facilitated by River Parks’ staff for various user groups.

River Parks Authority

Objective 4.1: Attract at least 9 major events and 75 minor events per year.

| 4.1.1: Number of major and minor events available to the public | 7 major 75 minor | 8 major 75 minor | 9 major 75 minor | 9 major 75 minor |

Budget Strategy Overview

River Parks Authority serves its customers and stakeholders by pursuing a mix of public and private funding, including in-kind resources. Networking with local government officials and the broader community of businesses and charitable foundations helps to provide outstanding public-use facilities for Tulsa-area citizens. The Authority’s relationship network is engaged by the Board and managerial staff, using a team approach in identifying park development and fundraising opportunities.

River Parks’ staff of 13 full-time employees and part-time events and Park Patrol employees, is the principal resource through which the citizens are served. Staffing is supplemented by contractors to reduce costs for services like mowing, restroom cleaning, and licensed plumbing and electrical work. In July 2015, the Authority began contracting with The Center for Employment Opportunities (CEO) for much-needed supplemental maintenance manpower. The program’s annual cost is paid by \$12,500 in public funds and a \$50,000 private grant.

BOK Arena & Cox Business Center

Department Budget Summary

FY 2016-2017

Mission Statement

To provide professional management to administer, operate, market and maintain the Cox Business Center and BOK Arena for the presentation and enjoyment of events involving entertainment, education and cultural, sports, religion, banquets, dances and conventions.

Overview of Services

Opened in 1964, the Cox Business Center (formerly the Tulsa Convention Center) has accommodated over 25 million people and more than 20,000 events. With an impressive expansion completed in January 2010, the Tulsa Convention Center's Tulsa Ballroom is the largest in Oklahoma.

Opened in 2008, the BOK Center is Tulsa's state-of-the-art sports and entertainment venue. The 19,199 seat arena is home of the ECHL's Tulsa Oilers. The BOK Center was designed to host major concerts, family shows, ice shows and other world-class entertainment.

The 565,000 square-foot BOK Center and the 227,000 square-foot Tulsa Convention Center make a huge impact on the community and the events they attract to Tulsa.

Goals

1. Welcome patrons to City of Tulsa event centers and the downtown Tulsa area.

Objective 1.1: Welcome a minimum of 950,000 attendees to event centers per year.

2. Maintain an active schedule of performances and other events.

Objective 2.1: Gross a minimum of \$22 million in ticket sales per year.

Objective 2.2: Schedule and service a minimum of 550 event days/performances annually.

BOK Arena & Cox Business Center

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |

Economic Development

Mission Statement

To work proactively to promote, encourage and facilitate the development of responsible and properly planned business growth within the community in order to expand and strengthen the local economy and to diversify the community's tax base.

Overview of Services

The Mayor's Office of Economic Development was created in March 2014 to prioritize economic development and streamline efforts including film and music initiatives. Services include management of Brownfields Program grant funds to assist in redevelopment of brownfield sites, retail marketing, impact analysis for economic development incentive applications, and staffing for the Economic Development Commission. Historically, this Department contracts with Tulsa Regional Chamber to provide coordination of economic development (Tulsa Future) and tourist (VisitTulsa) efforts. Additionally, the Department provides staffing, street sweeping and maintenance services to the Stadium Improvement District Trust within the Inner Dispersal Loop (IDL).

Goals

1. Proactively market Tulsa as an attractive and business friendly city for retail development.

Objective 2.1: Generate 312 Buxton Reports, including grant applications, economic development and educational information, per year.

Objective 2.2: Market City of Tulsa to twelve new retailers per year.

Objective 2.3: Market City of Tulsa to 25 new commercial broker/developers located outside of Tulsa per year.

2. Promote City of Tulsa as a tourist center, encourage use of convention facilities and increase sales tax revenue for City.

Objective 3.1: Achieve level revenue in the Lodging tax over current year.

Economic Development

3. Provide professional expertise, technical analysis and data requests related to key economic development initiatives that support the Tulsa community including incentives for business and development to strengthen the overall economic climate.

Objective 4.1: Develop at least 25 investment models, feasibility and impact analysis reports for various projects including Tax Increment Financing, Tax Abatement and other department administered incentives.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|--|-----------------|-----------------|-------------------|-----------------|
| 1.1.1: # of Buxton Reports generated per year | New Measure | 312 | 350 | 350 |
| 1.2.1: # of new retail contacts per year | New Measure | 12 | 12 | 12 |
| 1.2.2: # of retail business that chose to locate in Tulsa through Economic Development efforts | New Measure | New Measure | 1-2 | 2 |
| 1.3.1: # of new commercial broker/developers located outside Tulsa per year | New Measure | 25 | 25 | 25 |
| 2.1.1: % increase in lodging tax revenue year over year | 12% | 4% | -2% | 2.8% |
| 2.1.2: Total Lodging Tax Collected | \$7.5mm | \$7.8mm | \$7.2mm | \$7.4mm |
| 3.1.1: # analyses developed | New Measure | 25 | 25 | 26 |

Budget Strategy Overview

Resources allocated to Mayor's Office of Economic Development will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including economic development and public safety. Due to budget reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above. Performance measures will be reevaluated and adjusted as necessary for FY 2017-2018.

Working in Neighborhoods

Department Budget Summary

FY 2016-2017

Mission Statement

To promote community education, develop and sustain private-public partnerships that enhance public safety, neighborhood revitalization and the quality of life of all residents within the City of Tulsa.

Overview of Services

The Working in Neighborhoods (WIN) department was created in October 2006 to focus on the following areas: Housing, Neighborhood Services, Neighborhood Investigations (Code Enforcement) and Animal Welfare. Primary functions of the department include:

- Providing housing programs that maintain the City's affordable housing stock by: assisting homeowners with emergency housing repairs and rehabilitation; preventing early institutionalization of the elderly; creating incentives for development of affordable housing in partnership with other neighborhood revitalization initiatives; and revitalizing neighborhoods by addressing substandard housing.
- Increasing opportunities for neighborhood reinvestment by: developing database and mapping system to identify and prioritize neighborhood needs; serving as the contact between residents and the City in coordinating the delivery of public/private resources and services to benefit neighborhoods; and establishing neighborhood associations and/or block groups to stabilize and improve neighborhood environments.
- Promote voluntary compliance and enforcement of City nuisance codes by: assisting residents wanting to voluntarily correct code violations; providing a fair and unbiased enforcement program to correct nuisance violations and land use requirements; providing opportunities to residents and neighborhood groups wanting to participate in neighborhood clean-up initiatives.
- Providing for the efficient and effective operation of the animal shelter and animal services in the field by: providing a safe, healthy environment for companion animals in the community; supporting and educating neighborhood residents on animal control codes, rules and recommendations; and providing increased opportunities for adoption of animals.

Goals

1. Continue to work toward the elimination of substandard housing in Tulsa.

Objective 1.1: Reduce the number of substandard, vacant and abandoned housing in Tulsa.

Working in Neighborhoods

2. Increase opportunities for public/private re-investment to stabilize and improve neighborhoods.

Objective 2.1: Utilize a neighborhood-mapping database to prioritize the delivery of public resources and planning efforts for at least 4 neighborhoods per year.

Objective 2.2: Facilitate monthly clean-up initiatives for City neighborhoods.

3. Implement a proactive education program designed to enhance code compliance, collaboration and coordination of public/private services throughout the City's neighborhoods.

Objective 3.1: Educate residents and commercial property owners on prevention of code violations and ways to promote the public safety of Tulsa neighborhoods by bringing 1100 code violations to voluntary compliance per month.

Objective 3.2 Investigate Code Compliance complaints efficiently and effectively.

4. Implement a proactive education program designed to promote spaying and neutering of animals.

Objective 4.1: Reduce the number of animals euthanized at Tulsa Animal Welfare by 5%.

Objective 4.2: Increase the number of live exits of animals from Tulsa Animal Welfare by 10%

Objective 4.3: Reduce animal intake at Tulsa Animal Welfare by 5%.

Working in Neighborhoods

Budget Strategy Overview

Resources allocated to Working in Neighborhoods will be dedicated to Mayor, Tulsa City Council and Citizen priorities including economic development, beautification, public safety, neighborhood stabilization and enforcement of City codes. Due to budget reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet service levels and performance metrics listed above. Performance measures will again be evaluated and adjusted as necessary for FY 2017-2018.

Planning & Development

Mission Statement

To assist Tulsans in improving their lives, neighborhoods and community by planning for efficient and sustainable development and providing dependable, cost effective, high-quality customer services while assisting the public in achieving their development goals without compromising the ordinances of the City of Tulsa.

Overview of Services

The Planning and Development department was created by the Mayor in April 2011. The department is responsible for the implementation of the City's comprehensive plan and development permitting including infrastructure and building plan review and inspection services for all private development within the City of Tulsa.

The department coordinates current planning services through the Indian Nations Council of Governments (INCOG) and supports development-related authorities, boards and commissions including the Tulsa Development Authority, Tulsa Parking Authority, Tulsa Metropolitan Planning Commission, City of Tulsa Board of Adjustment and others.

Goals

1. Implement PLANiTULSA, the City of Tulsa's comprehensive plan.

Objective 1.1: Complete or update small area plans for at least two key areas to jump-start priority projects and initiatives.

Objective 1.2: Implement tools, programs and regulations recommended in the comprehensive plan and subsequent small area plans.

Objective 1.3: Conduct education and outreach activities to inform the community about PLANiTULSA.

2. Promote economic development while protecting public safety.

Objective 2.1: Issue permits and conduct inspections for customers within established timeframes.

3. Efficiently facilitate required historic preservation review processes to support both public and private investment in historic properties and districts citywide, in accordance with the Comprehensive Plan and the goals of Chapter 10A of the zoning code.

Planning & Development

Objective 3.1: Assist Working in Neighborhoods and Grants Administration efforts by processing at least 250 applications under Section 106 Review for federally-funded actions.

Objective 3.2: Assist owners of historic properties by facilitating 60 applications for Certificates of Appropriateness in Historic Preservation Zoning Districts.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|------------------------|------------------------|--------------------------|------------------------|
| 1.1.1: # of small area plans created or updated by 6/30/16 | 4 | 2 | 3 | 2 |
| 1.2.1: # of tools, programs and regulations created that were recommended in the comprehensive plan and subsequent small area plans. | New Measure | 5 | 5 | 5 |
| 1.2.2: # of housekeeping amendments initiated by staff to reflect legislative actions (zoning changes, adopted plans, etc.) | New Measure | 5 | 4 | 5 |
| 1.3.1: # of education and outreach activities conducted to inform the community about PLANITULSA | New Measure | 3 | 4 | 3 |
| 2.1.1: Average # of working days for plans review | 8.8 | 10 | 8 | 14 |
| 2.1.2: Average # of calendar days to issue permits for commercial projects under \$1 million | 41 | 30 | 43 | 45 |
| 2.1.3: Average # of working days to complete IDP reviews | 7.45 | 7 | 7 | 10 |
| 2.1.4: Average # of inspections performed per day per inspector | 12 | 15 | 12 | 10 |
| 3.1.1: # of Historic Preservation Section 106 applications processed annually | New Measure | 260 | 330 | 250 |
| 3.2.1: # of permits granted for Historic Preservation work under Certificate of Appropriateness processed annually | New Measure | 60 | 70 | 60 |

Planning & Development

Budget Strategy Overview

Resources allocated to Planning and Development will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including economic development, beautification, public safety and enforcement of City codes. Due to budget reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet service levels and performance metrics listed above. Performance measures will again be evaluated and adjusted as necessary for FY 2017-2018.

DEBT SERVICE

Engineering Services

Department Budget Summary

FY 2016-2017

Mission Statement

To provide our customers dependable, cost effective, high-quality services in the area of engineering and architectural services. Build a strong, positive public image, create and promote a safe, productive workforce and work environment by efficiently using all financial, human and material resources.

Overview of Services

The Engineering Services department plans, designs and field-inspects public improvement and capital projects for the benefit of the City of Tulsa. Engineering Services provides and/or administers planning, engineering/architectural design and construction quality assurance services for projects involving water systems, wastewater systems, transportation, stormwater, parks and all City departments.

Goals

1. Manage the planning, design and construction of public improvement and capital projects so that projects are completed on schedule and within budget, while ensuring engineering/architectural integrity and meeting all applicable local, state and federal rules and regulations.

Objective 1.1: Capital projects will be designed and right-of-way/easements acquired within the scheduled time frame.

Objective 1.2: Capital projects will be constructed within the scheduled time frame.

Objective 1.3: Capital projects will be completed within appropriated budgets.

Objective 1.4: Capital projects will be performed with the change order amounts at or less than the amounts allowed by state statutes.

Objective 1.5: Design agreements will be executed within five months for projects funded for design in the fiscal year.

Objective 1.6: Capital project will pass one year maintenance period without major issues.

Engineering Services

2. Increase efficiency of public construction projects bidding process.

Objective 2.1: Maintain current postings for all public construction projects’ bid advertisement information on the City of Tulsa website, in local newspapers and in designated plan room locations.

Objective 2.2: Contracts will be executed within four months of award of bid.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|-----------------|-----------------|-------------------|-----------------|
| 1.1.1: % of capital projects designed, right-of-way easements acquired and utilities relocated within scheduled time frames | 62% | 80% | 45% | 80% |
| 1.2.1: % of capital projects constructed within scheduled time frames | 95% | 90% | 98% | 90% |
| 1.3.1: % of capital projects completed within appropriated budgets | 100% | 95% | 100% | 95% |
| 1.4.1: Change order % for capital projects (State statute: Projects valued at: a) \$1,000,000 or less: 15% maximum; b) Above \$1,000,000: 10% maximum | 4% | 7% | 6.5% | 7% |
| 1.5.1: % of design agreements that are executed within five months after funding is available. | New Measure | 100% | 84.5% | 100% |
| 1.6.1: % of capital projects that pass the one year maintenance period without major issues. | New Measure | 100% | 100% | 100% |
| 2.1.1: % of bid advertisements posted and updated in all locations | 100% | 95% | 100% | 95% |
| 2.2.1: % of contracts executed within four months of the date a bid is awarded. | New Measure | 100% | 100% | 100% |

Engineering Services

Budget Strategy Overview

Resources allocated to Engineering Services will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including efficient government, public safety and capital maintenance and improvements to City infrastructure. City infrastructure programs / projects involve: transportation, water and sewer, stormwater, cultural and recreational facilities, public safety, public facilities, and economic development. Engineering Services is funded by General and Enterprise funds.

In FY 2016-2017, Engineering Services will administer and manage approximately \$215 million in new funding for capital projects, from design to completion, for street improvements, rehabilitation and repairs, water and sewer system improvements, stormwater flood control and improvements to public facilities. The major funding sources for FY 2016-2017 are: Improve Our Tulsa Sales Tax and Bond Issues: \$136 million; Water Enterprise and Bonds: \$32 million; Sewer Enterprise, Bonds, and Loans: \$42 million; and Stormwater Enterprise: \$5 million.

The Vision renewal program, approved April 2016, will require project management and oversight responsibilities from Engineering Services for projects exceeding \$422 million. The program will continue over a period of 15 years. Projects will be funded both on a “pay as you go” basis, and advance funding through the issuance of revenue bonds. These bonds are anticipated to be issued sometime in mid-to-late FY 2016-2017. The debt will be serviced through revenue collected by the 2017 Special Temporary Limited Use Economic Development Sales Tax.

Streets & Stormwater

Department Budget Summary

FY 2016-2017

Mission Statement

Improve quality of life and safety for citizens of Tulsa by providing consistent, cost-effective and high quality services in the areas of streets maintenance and inspections, traffic control, stormwater and land management, and refuse and recycling.

Overview of Services

The Streets and Stormwater department's primary areas of responsibility are street maintenance and right-of-way inspections, traffic control, stormwater, land management, and refuse and recycling service through the Tulsa Authority for the Recovery of Energy (TARE).

Goals

1. Maintain and improve the safety, quality and appearance of City of Tulsa streets and right-of-ways.

Objective 1.1: Respond to requests for emergency street repairs within one hour of notification.

Objective 1.2: Monitor mowing and landscape maintenance of public right-of-ways to ensure grass height is compliant with City of Tulsa ordinance.

Objective 1.3: Maintain clean arterial and residential streets.

2. Maintain and improve the safety and efficiency of movement of traffic within City of Tulsa.

Objective 2.1: Review, modify and update traffic signal timing and synchronization plans.

Objective 2.2: Maintain well-marked, highly visible pavement markings to ensure efficient traffic operations and public safety.

Objective 2.3: Maintain a safe and efficient transportation system by improving, reviewing and implementing new traffic signs.

Streets & Stormwater

3. Maintain and improve the safety, quality and appearance of the City of Tulsa stormwater facilities.

Objective 3.1: Respond to requests for stormwater emergencies within 60 minutes of notification.

Objective 3.2: Maintain channel and detention pond capacity to prevent flooding and improve stormwater quality.

Objective 3.3: Protect creek and channel integrity, protect infrastructure and improve stormwater quality.

Objective 3.4: Maintain good drainage along streets for public safety and infrastructure protection.

Objective 3.5: Prevent the discharge of pollutants to the stormwater collection system.

Objective 3.6: Provide citizens the opportunity to dispose of household hazardous waste in an environmentally safe manner.

4. Provide timely collection of residential refuse and recycling services.

Objective 4.1: Provide residential collection services on the scheduled collection day(s).

Objective 4.2: Respond to requests and notifications of illegally dumped items on public right of ways and city properties.

Objective 4.3: Respond to requests and notifications of dead animals on rights of ways and public streets.

Objective 4.4: Provide the citizens and other local government agencies with an area to drop off green waste and pick up mulch and firewood.

Streets & Stormwater

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |

| 4.4.1 Number of customers served by the mulch site | New Measure | New Measure | New Measure | 22,000 |

¹"No Target" has been input because the department has not historically tracked this metric. During FY 2016-2017 the Department will gather the data and based upon the information learned will be able to set a realistic target for FY 2017-2018.

Budget Strategy Overview

Resources allocated to Streets & Stormwater will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including efficient government, beautification, transportation, public safety and maintenance of City streets. Due to continued budget reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above. Performance measures will be reevaluated and adjusted as necessary for FY 2017-2018.

STAFFING SUMMARY

• ORGANIZATION CHART •

Water & Sewer

Mission Statement

To provide our customers dependable, cost effective, high-quality services in the areas of water and sewer; build a strong, positive public image; and create and promote a safe, productive work force and work environment by efficiently using all financial, human and material resources.

Overview of Services

The Water and Sewer department, formerly a division of the Public Works department, was created by Mayor Dewey Bartlett in March 2011. This department manages, operates and maintains the City's water and wastewater systems. Tulsa's drinking water comes from two sources: Lakes Spavinaw and Eucha on Spavinaw Creek and Lake Oologah on the Verdigris River. Lakes Spavinaw and Eucha are owned and operated by the City. Lake Oologah is operated by the U.S. Army Corps of Engineers. A third emergency source of water is available from Lake Hudson on Grand River. Water is treated at two treatment plants: Mohawk and A.B. Jewell. Collected wastewater is treated at four treatment plants: Southside, Northside, Haikey Creek and Lower Bird Creek.

Goals

1. Provide dependable, cost-effective, high quality service to all water and sewer customers while complying with all federal, state and local regulations.

Objective 1.1: Supply the public with drinking water in compliance with health based National Primary Drinking Water Standards.

Objective 1.2: Operate and maintain wastewater collection and treatment systems in compliance with the Oklahoma Pollutant Discharge Elimination System (OPDES) permits.

2. Make timely and effective responses to water and sewer related emergencies.

Objective 2.1: Maintain average of less than five hours water service disruption per customer for water emergency repairs.

Objective 2.2: Provide on-site responses to sanitary sewer stoppage and overflow calls within two hours.

Water & Sewer

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|--|----------------------------|----------------------------|------------------------------|----------------------------|
| 1.1.1: % of customer service demand met for treated water | 99.95% | 98% | 99.97% | 98% |
| 1.1.2: Drinking water compliance rate (# of days in full compliance divided by 365 days) | 100% | 100% | 100% | 100% |
| 1.1.3: Water treatment energy use (kWh per MG treated) | 1,396 | 1,800 | 1,393 | 1,700 |
| 1.1.4: Average residential water bill per month | \$23.00 | \$32.80 | \$24.62 | \$33.95 |
| 1.2.1: Wastewater compliance rate (# days in full compliance divided by 365 days) | 99.4% | 98.6% | 99.6% | 98.6% |
| 1.2.2: Wastewater treatment energy use (kWh per MG treated) | 1,883 | 2,000 | 1,797 | 2,000 |
| 1.2.3: Average residential sewer bill per month | \$27.31 | \$36.61 | \$30.14 | \$39.90 |
| 2.1.1: Average # hours for water turned off per 1000 customers during emergency repairs | 5.11 | 5.00 | 5.33 | 5.00 |
| 2.1.2: # of water interruptions of services per 1000 customers | 9.3 | 10.0 | 6.9 | 10.0 |
| 2.1.3: Water Distribution System Integrity (# of water main breaks and leaks per 100 miles of pipe) | 55 | 34 | 41 | 34 |
| 2.2.1: % of on-site responses to sanitary sewer stoppage and overflow calls within two hours | 97.86% | 95% | 96.8% | 95% |
| 2.2.2: # of collection system overflows per 100 miles per year | 19.6 | 6.0 | 12.6 | 6.0 |

Water & Sewer

Budget Strategy Overview

The FY 2016-2017 Water & Sewer budget is set to meet the service levels and performance metrics outlined above. The department will utilize a Business Plan to meet these metrics, as well as additional key performance indicators. Resources allocated to this department will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including efficient government, public safety and quality of City water service.

The budget continues to fund the operation and maintenance of the City's water and sewer systems at a level which meets or exceeds EPA drinking water and clean water standards.

Resources have been dedicated to the implementation of the Utility Enterprise Initiative. The initiative is the result of an intensive study, by outside consultants, of the water and sewer systems' governance, management and operations. This initiative includes: a strategic business plan; performance management; operations and capital improvement program optimization; and asset management program. The implementation of the plan should result in operational savings and reduced borrowing for capital improvements while still providing outstanding service to customers. The implementation of the Utility Enterprise Initiative is to be completed in FY 2016-2017.

Tulsa Transit

Department Budget Summary

FY 2016-2017

Mission Statement

The mission of Tulsa Transit is to be a premier transportation provider, committed to safe, professional, efficient, reliable, accessible and quality service.

Overview of Services

Tulsa Transit provides an array of public transportation programs which serve residents in the City of Tulsa, and connecting service to the cities of Broken Arrow, Jenks, and Sand Springs. These services include fixed route bus service, ADA Para-transit services for the disabled, commuter bus service and special events service. To coordinate these services and provide information to the public, Tulsa Transit operates a customer call center, which processes over 600,000 inquiries annually. Tulsa Transit also operates two transit stations in Tulsa, which are located at Fourth and Denver, and Thirty-third and Memorial.

Goals

1. Provide an efficient and effective public transit service for our riders.

Objective 1.1: Provide quality customer service for Fixed Route and Lift Program participants by meeting internal benchmarks for customer satisfaction.

Objective 2.1: Increase operating revenue by meeting internal benchmarks for the number of fixed route and lift program passengers per hour.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|--------------------|--------------------|----------------------|--------------------|
| 1.1.1: # of Fixed Route complaints per 10,000 boardings | 4.24 | 4.0 | 4.31 | 4.0 |
| 1.1.2: # of Lift Program complaints per 10,000 boardings | 23.41 | 23.0 | 19.07 | 23 |
| 1.1.3: # miles between fixed route road calls | 9,986 | 7,500 | 8,250 | 7,500 |
| 1.1.4: % of fixed route bus arrives within 10 minutes or less of scheduled time | 92% | 95% | 92% | 95 |
| 1.1.5: # miles between lift route road calls | 22,308 | 22,500 | 22,443 | 22,500 |

Tulsa Transit

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|--|----------------------------|----------------------------|------------------------------|----------------------------|
| 2.1.2: # of Lift Program passengers per bus hour | 2.07 | 2.0 | 2.07 | 2.0 |
| 2.1.3: Total # of Fixed Route riders | 2,986,736 | 3,108,073 | 3,100,000 | 3,040,241 |
| 2.1.4: % Fixed Route ridership increase (decrease) over previous FY | New Measure | 3.6% | -1% | -2% |
| 2.1.5: Total # of Lift Program riders | 125,640 | 122,771 | 119,900 | 119,918 |
| 2.1.6: % Lift Program ridership increase over previous FY | New Measure | -3% | -3% | 0% |

Budget Strategy Overview

Resources allocated to Tulsa Transit will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including transportation.

Elected Officials

Mission Statement

Overview of Services

The official duties of the City's elected officials are stated in the City Charter. The Mayor is responsible for the administration of all City departments; the City Council is responsible for enacting laws and approving all proposed budgets and budget amendments; and, the Internal Auditor is responsible for keeping an independent watch over City operations and resources to ensure citizens' resources are safeguarded and efficiently and effectively applied to the intended purposes.

The service measurements below pertain to the City Auditor's department only. No measurements are included for the Mayor or City Council in this summary.

The mission of the City Auditor is to provide accountability of city government.

Goals

1. Recommend adequate controls and safeguarding of assets.

Objective 1.1: Achieve at least 90% acceptance rate from management on recommended solutions for improving work processes and controlling risk.

Objective 1.2: Achieve at least 90% implementation rate from management on recommended solutions for improving work processes and controlling risk.

2. Assist management in improving operations and reducing risk of loss or waste.

Objective 2.1: Provide quality audits as judged by clients with quality ranking above three on a one (poor) to four (excellent) scale.

Elected Officials

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|--|------------------------|------------------------|--------------------------|------------------------|
| 1.1.1: % of acceptance rate for recommendations | 90% | 90% | 90% | 90% |
| 1.2.1: % of implementation rate for recommendations | 86% | 90% | 87% | 90% |
| 2.1.1: Quality ranking on a 1-4 scale | 3.31 | 3.25 | 3.30 | 3.25 |

Budget Strategy Overview

Resources allocated to the City Auditor will be dedicated to Mayor and Tulsa City Council priorities including efficient government. The City Auditor’s budget provides resources to perform internal audits as part of an annual plan including evaluation of internal controls and compliance with regulations, statutes, ordinances and established practices. The budget of the City Auditor is sufficient to meet City Charter duties of the City Auditor and to meet the performance metrics shown above.

Mayor and City Council budgets are set to meet goals and objectives for shared Mayor-Council and Citizen priorities, including efficient government, economic development, transportation, beautification and public safety.

Mayor's Office of Human Rights

Department Budget Summary

FY 2016-2017

Mission Statement

Promote equal opportunity, democratic rights and to protect human rights of persons in Tulsa against discrimination because of race, color, religion, sex, national origin, age, disability, marital status, familial status, sexual orientation or gender identity through advocacy, advisory, education and enforcement services.

Overview of Services

The Office for Human Rights' current strategy is to promote human and civil rights through advisory, educational training and enforcement services. The primary functions of Human Rights include:

- Compliance Investigation: Ensuring all City of Tulsa contractors are in compliance with City, State and Federal regulations, and investigating complaints covered under Title 5 of the City Ordinance based on race, color, religion, sex, national origin, ancestry, marital status, familial status, disability, sexual orientation or gender identity;
- Small Business Enterprise (SBE) Program: supporting a competitive and diverse business environment in the Tulsa Metropolitan Statistical Area by promoting the growth and success of local small businesses;
- Provide Support to Mayor's Boards and Commissions: Providing administrative, technical and professional support to City of Tulsa Title 5 and Title 12 commissions;

Goals

1. Provide prompt and equitable investigation and resolution of discrimination complaints within the Tulsa community, programs and services.

Objective 1.1: Initiate investigation of all complaints that fall under Title 5 jurisdiction within 60 days of receipt of complaint.

2. Administrate and maintain the Small Business Enterprise (SBE) Program. MOHR coordinates the processing of membership applications, maintain an online membership database, as well as provide educational and networking opportunities for members.

Objective 2.1: Process applications for the SBE Program within 30 days of receipt.

Objective 2.2: Provide educational training for SBE members on a quarterly basis.

Objective 2.3: Maintain 6-10% utilization of SBE members successfully being awarded sub-contracting bids.

Mayor’s Office of Human Rights

3. Provide administrative and technical support to City of Tulsa Title 5 Boards and Commissions.

Objective 3.1: Staff, as mandated under Charter, all meetings for (1) Human Rights Commission, (2) Greater Tulsa Area Indian Affairs Commission, (3) Greater Tulsa Area Hispanic Affairs Commission, and (4) Mayor’s Commission on the Status of Women. Communicate regularly and on an as needed basis to respond to, educate, and advise members of these commissions.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|--|------------------------|------------------------|--------------------------|------------------------|
| 1.1.1: % investigation of discrimination complaints initiated within 60 days | 100% | 100% | 100% | 100% |
| 1.1.2: Total # of discrimination complaints received | 22 | 22 | 30 | 30 |
| 2.1.1: # of SBE applications processed per month | New Measure | New Measure | 10 | 10 |
| 2.1.2: % of applications processed within 30 days | New Measure | New Measure | New Measure | 75% |
| 2.2.1: # of training courses provided per quarter | New Measure | New Measure | New Measure | 4 |
| 2.3.1: % utilization of SBE members successfully awarded sub-contracting bids | New Measure | New Measure | New Measure | 10% |
| 3.1.1: # Board and Commission meetings staffed | New Measure | New Measure | New Measure | 55 |

Budget Strategy Overview:

Resources allocated to the Mayor’s Office for Human Rights (MOHR) will be dedicated to the Mayor and Tulsa City Council priorities including efficient government. Due to budget reductions in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies, while working with reduction in staff, in order to meet current service levels and performance metrics listed above. MOHR was successful in partnering with the Commission on the Status of Women’s Annual Pinnacle Awards, and the Greater Tulsa Area Indian Affairs Commission’s Dreamkeepers Awards. The Mayor’s Office for Human Rights looks forward to further success in 2017 with the Boards and Commissions, and release of the new Small Business Enterprise (SBE) Program. New performance measures have been created, and will be reevaluated and adjusted as necessary for FY 2017-2018.

• ORGANIZATION CHART •

Mission Statement

To provide the City with high quality, innovative and professional legal services in a timely and cost-effective manner.

Overview of Services

The City Attorney and the Legal department provide all the City's municipal legal services. The department prepares and reviews ordinances, resolutions, executive orders and contracts, and handles litigation, claims and controversies involving the City. Attorneys give advice and legal opinions to the City's elected officials, officers, employees, and to City boards, trusts, authorities and agencies.

Goals

1. Prosecute violators of City of Tulsa ordinances in a timely manner.

Objective 1.1: Determine whether to prosecute offenders on arrest charges within two working days of receipt of information.

Objective 1.2: Provide effective and efficient municipal ordinance prosecution to ensure efficient resolution of municipal criminal complaints.

2. Draft and approve all City contracts and other instruments, to which the City of Tulsa is a party to, in a timely manner.

Objective 2.1: Complete initial reviews of routine contracts within ten business days of receipt.

3. Provide legal advice, consultation, training and client representation to the City of Tulsa.

Objective 3.1: Represent the City of Tulsa in claims and cases.

Legal

| Performance Metrics | FY 14-15 Actual | FY 15-16 Actual | FY 15-16 Estimate | FY 16-17 Target |
|---|----------------------------|----------------------------|------------------------------|----------------------------|
| 1.1.1: % of reviews for prosecutions completed within two working days | 100% | 100% | 100% | 100% |
| 1.2.1: # of charges filed | 4,992 | 4,987 | 4,048 | No Target ¹ |
| 1.2.2: # of charges reviewed | 5,226 | 5,221 | 4,305 | No Target |
| 2.1.1: % of contracts completed within ten business days | 93% | 91% | 99.8% | 90% |
| 3.1.3: # of claims received | 331 | 328 | 362 | No Target |

¹ "No target" indicates this is a metric that is not completely controlled by the department. The metric is tracked to show volume of work, but the department cannot anticipate yearly targets ahead of time due to change in circumstances from year to year.

Budget Strategy Overview

Due to budget reductions realized in the General Fund in FY 2016-2017, the Legal Department will be challenged to reduce costs and enhance efficiencies in order to meet the duties required under the Charter, Article III, §4, and to meet performance metrics listed above. Performance measures will be reevaluated and adjusted as necessary for FY 2017-2018.

Human Resources

Department Budget Summary

FY 2016-2017

Mission Statement

To manage, promote, and maintain professional employer/employee relationships within a safe and healthy work environment.

Overview of Services

The Human Resources department exists in order to assist the City's workforce with serving the citizens of Tulsa by maintaining a safe and healthy work environment and provides consultation with City management in order to accomplish objectives relating to employee relations and maintaining healthy employer/employee relationships.

The Human Resources Department's major areas of responsibility include:

- Employment
 - Compensation and Classification
 - Occupational Health
 - Workers' Compensation
 - Employee Development
 - Insurance and Retirement Services
-

Goals

1. Under the auspices of the City Charter, recruit and retain qualified employees for all City departments.

Objective 1.1: Recruit and screen qualified internal and external applicants for vacant positions.

Objective 1.2: Promptly respond to salary requests.

2. Provide good faith workers' compensation claims management for City employees.

Objective 2.1: Close reported injury claims within 90 days of submission.

Human Resources

3. Provide occupational health services to ensure the City of Tulsa employs and maintains a healthy workforce.

Objective 3.1: Provide timely occupational health services, including pre-employment physicals and medical evaluations, through the medical clinic.

4. Provide benefits and retirement plan services to city employees so they can have a cost effective health and welfare benefit plan for a more secure financial future.

Objective 4.1: Effectively communicate benefits with employees through a variety of Communications tools (email, City Walk, regular updates in My Foundation newsletter).

5. Maintain positive employee and labor relations to retain a quality workforce.

Objective 5.1: Develop policies and enforce appropriate standards so that human resources are managed effectively.

Objective 5.2: Promptly investigate and resolve complaints regarding policy violations.

6. Ensure the City of Tulsa employs and maintains a well-trained and safe workforce.

Objective 6.1: Provide training opportunities and safety contacts to share with employees on a regular basis, and update City policies as needed to address safety concerns.

Human Resources

| 4.1.1: % of new employees enrolled in benefits prior to eligibility date | New Measure | 100% | 97% | 100% |
| 5.1.1: # of grievances filed | New Measure | New Measure | New Measure | No Target |
| 5.1.2: # of grievances conducted per City policy and collective bargaining agreements | New Measure | New Measure | New Measure | No Target |
| 5.1.3: % of grievances resolved without arbitration | New Measure | New Measure | New Measure | No Target |
| 5.1.4: % of investigation reports provided within 90 days of initiating the investigation | New Measure | New Measure | New Measure | 80% |
| 6.1.1: % reduction in job site injuries over previous year | New Measure | 50% | New Measure | 50% |
| 6.1.2: # of job site injuries | New Measure | New Measure | New Measure | No Target |

Human Resources

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|--|------------------------|------------------------|--------------------------|------------------------|
| 6.1.4: % of registered employees who attend workshops or training | New Measure | New Measure | New Measure | 100% |
| 6.1.5: % of employees rating meetings, workshops, training as effective | New Measure | New Measure | New Measure | 90% |

"No Target" indicates that the Department does not have sufficient historical information at this time to set a target. The metric will be measured during FY 2016-2017 and based upon that data gathered a target will be set for future fiscal years.

Budget Strategy Overview

Resources allocated to Human Resources will be dedicated to Mayor and Tulsa City Council priorities including efficient government. Due to budget reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above. Performance measures will be reevaluated and adjusted as necessary for FY 2017-2018.

Workers' Compensation

Department Budget Summary

FY 2016-2017

Mission Statement

Overview of Services

Workers' Compensation is not a department in the traditional sense; and therefore, does not have a mission statement, goals, objectives or key performance indicators.

Workers' Compensation, administered by the Human Resources department, is responsible for managing state mandated salary continuation and medical benefits for injured employees. Funding for this program includes fees for physicians and surgeons for injury evaluation and treatment, payment of court costs, temporary and on-going disability payments and handling of related claims. Pension system mandated salary continuation, as well as injury leave benefit programs arising under collective bargaining agreements and policies, are determined and administered within this funding area; however, direct payments are made through the individual department budgets.

The City of Tulsa is self-insured for Workers' Compensation and payments are made from the Workers Compensation Fund. Contributions to this fund are automatically transferred monthly from each City department having salary accounts. The transfer is based on a department's historical claims experience percentage that reflects the relationship between administrative workers' compensation costs to salaries.

Goals

There are no goals for this area. It is not a department in a traditional sense. It is a cost center designed to capture and account for Workers' Compensation costs.

Budget Strategy Overview

This section is not applicable to this area.

Employee Insurance Admin

Department Budget Summary

FY 2016-2017

Mission Statement

Overview of Services

Employee Insurance Administration is not a department in the traditional sense; and therefore, does not have a mission statement, goals, objectives or key performance indicators.

The Employee Insurance Administration program, administered by the Human Resources department, was established in FY84 as a means to account for the cost of insurance plans for City employees. Prior to the establishment of the Employee Insurance Service Fund, insurance was accounted for through a series of trust funds.

The City offers its employees and various City agencies insurance plans covering health, dental, life, supplemental life and long-term disability. The City pays a major portion of insurance costs. City agencies with employees participating in the programs make payments directly to the Employee Insurance Service Fund.

Currently firefighters and police officers do not participate in the City of Tulsa employee insurance program for health, dental and life coverage. They contract separately for these benefits as allowed by State law. The City pays the employees amounts comparable to civilian employees for their benefits.

Goals

There are no goals for this area. It is not a department in a traditional sense. It is a cost center designed to capture and account for employee insurance.

Budget Strategy Overview

This section is not applicable to this area.

General Government

Department Budget Summary

FY 2016-2017

Mission Statement

Overview of Services

General Government is not a department in the traditional sense; and therefore, does not have a mission statement, goals, objectives or key performance indicators.

The General Government program, administered by the Finance Department, is responsible for general-purpose expenditure requirements that are not chargeable to a specific department. Expenses include City memberships, advertising, property and casualty insurance premiums, property revaluation payments to Tulsa County, election expenses and outside legal counsel. Typically, no personnel costs are charged to this program.

Goals

There are no goals for this area. It is not a department in a traditional sense. It is a center to pay for city-wide activities that are not confined to one department.

Indian Nations Council of Government

Department Budget Summary

FY 2016-2017

Mission Statement

To provide local and regional planning, information, coordination, communication, implementation and management services to member governments and their constituent organizations resulting in regional cooperation and the enhancement of public and private decision-making capabilities and the solution of local and regional problems.

Overview of Services

A cooperative and coordinative approach to local government problem-solving is the basis for the Indian Nations Council of Governments (INCOG) operations. It provides staff to the Tulsa Metropolitan Area Planning Commission (TMAPC) and the City Board of Adjustment (BOA). INCOG provides a wide array of regional programs in transportation and environmental planning, community and economic development, aging services, public safety, GIS/mapping and data services and regional legislative and public policy advocacy through Coalition of Tulsa Area Governments (CTAG).

INCOG is the Metropolitan Planning Organization for regional transportation planning and is responsible for the development of regional plans and programs ensuring that the City of Tulsa and other regional local governments are eligible for federal funding for transportation projects. INCOG directs Surface Transportation UZA/BG and Transportation Alternative Program funding and provides technical assistance for competitive grant programs (TIGER grants, etc.).

INCOG is also designated as an Economic Development District by the federal Economic Development Administration for the Tulsa area, creating access to federal funding for City projects. INCOG's Ozone Alert! Program strives to improve air quality through voluntary measures and maintaining attainment status.

INCOG has worked in partnership with the City of Tulsa Planning and Development Department on the Zoning Code update over the past couple of years. The new Zoning Code was adopted in November 2015 and took effect on January 1, 2016. Now that it is adopted, INCOG staff plays a key role in the implementation, including working with the TMAPC, BOA and stakeholders to ensure they receive adequate training. INCOG, partnering with the City of Tulsa and professional development associations, sponsored training for private sector design and development professionals. Approximately 100 individuals attended this training session. INCOG staff will play a key role in the update of the Subdivision Regulations as that process rolls out in 2016.

INCOG has played a significant role in the drafting of the proposed River District Design Overlay. As result of a joint Mayor and City Council retreat held in February 2015, the shared goal of "drafting regulatory tools to guide river development" and "adopting river corridor design guidelines" was identified. A steering committee comprised of City Councilors, representatives from the Mayor's office, urban planners, local architects, developers, builders and others, was established in early 2015 to begin working on design guidelines for the area surrounding the Arkansas River.

Indian Nations Council of Government

The steering committee met regularly throughout 2015 to discuss desired design concepts along the Arkansas River Corridor. INCOG staff has been the primary lead on drafting overlay provisions, with significant input from the steering committee. The steering committee has produced an initial draft of the overlay and staff is working with consultants to ensure appropriate code language and to graphically illustrate the proposed design concepts. Staff and members of the steering committee are currently holding meetings with industry groups and will hold Town Hall meetings to inform property owners and the general public in April. The proposed River Design Overlay could be adopted by City Council as early as June, 2016.

INCOG staff continues to serve as the lead agency for amendments and general maintenance of the Comprehensive Plan. The “master” document is maintained by INCOG staff and kept up to date as amendments are adopted. Since 2013, 42 amendments to the Comprehensive plan have been processed and/or adopted.

Goals

1. Maintain eligibility and secure funding for transportation and economic development projects.

Objective 1.1: Pursue and secure federal grant funding for surface transportation projects.

Objective 1.2: Pursue and secure federal grant funding for economic development projects.

Objective 1.3: Monitor air quality and develop strategies for maintaining compliance with new, more stringent EPA ozone standard.

2. Provide consistent delivery of timely and reliable land development reviews and services for TMAPC and the BOA and coordinate with the City of Tulsa to implement and maintain the Comprehensive Plan.

Objective 2.1: Process approximately 950 land development applications annually with zero errors.

Objective 2.2: Promote new tools and processes in the new Zoning Code to implement the Comprehensive Plan including development of River District design guidelines.

Objective 2.3: Implement the Comprehensive Plan through active involvement in the development, adoption and implementation of Subdivision Regulations update, small area plans and other planning and zoning initiatives.

Objective 2.4: Provide Comprehensive Plan conformance reviews for capital improvements projects and tax increment/incentive district projects; maintain Comprehensive Plan as a living document through plan amendments.

Indian Nations Council of Government

3. Maintain eligibility and secure state and federal funding for aging services programs

Objective 3.1: Provide funding for service delivery for aging services programs in the City of Tulsa including nutrition programs and home delivered meals, caregiver support, homemaker services, legal aid, chronic disease self-management.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|-----------------|-----------------|-------------------|-----------------|
| 1.1.1: Federal transportation funding allocated to City/Transit | \$27.5M | \$17.5M | \$15.5M | \$25M |
| 1.1.2: Pursue and secure federal grant funding for Tulsa area economic development projects | \$2.45M | N/A | \$.35M | \$1M |
| 1.1.3: Ozone design value | .74 | N/A | .68 | .70 |
| 2.1.1: # of land development applications | 946 | 900 | 975 | 950 |
| 2.1.2: # of staff processing errors on application reviews | 7 | 0 | 2 | 0 |
| 3.1.1: # of units of service delivery Tulsa aging services nutrition program | 133,392 | 112,753 | 108,000 | 91,800 |

Budget Strategy Overview

Resources allocated to INCOG will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including economic development, efficient government and transportation. Due to budget reductions realized in the General Fund in FY 2016-2017, the agency is challenged to reduce costs and enhance efficiencies in order to meet current service levels and key performance indicators listed above. Performance measures will be reevaluated and adjusted as necessary for FY 2017-2018.

Finance

Mission Statement

Provide centralized financial services in accordance with established financial policies, and maintain the City seal and records as required by statutes and charter.

Overview of Services

The Finance department provides centralized public financial functions for the City of Tulsa through nine divisions: Administration, Budget and Planning, Treasury, Purchasing, Accounting, Office for Maximizing and Advancing Performance (MAAP), Grants, Utility Services and City Clerk. Services include:

- Accounting for City revenues, expenditures, assets and liabilities;
 - Preparing and administering the annual operating and capital budgets and strategic planning;
 - Processing all requests for purchase of goods and services;
 - Maintaining and securing the highest possible prudent return on the City's investment portfolio;
 - Assuring timely payment of the City's bills, claims, and debt liabilities;
 - Developing and monitoring the City's annual five year capital plan;
 - Maintaining and providing copies of all official and financial documents;
 - Developing and implementing financial policies and programs consistent with legal requirements;
 - Administering the City's and authorities' debt programs;
 - Grants Administration;
 - City Clerk; and
 - Utility Services.
-

Goals

1. Protect the City's financial assets.

Objective 1.1: Invest cash reserves to preserve capital, meet liquidity needs and maximize returns.

2. Maintain the City's financial health.

Objective 2.1: Maintain or improve the City's general obligation bond ratings.

Finance

Objective 2.2: Maintain general fund emergency operating reserve at the level set by policy.

Objective 2.3: Develop a budget document that qualifies for GFOA Distinguished Budget Presentation Award.

Objective 2.4: Prepare financial reports that are timely and of the quality warranting GFOA awards for excellence in financial reporting.

3. Ensure good stewardship of City revenues by maximizing collection efforts and ensuring all grant dollars serve the populations they are focused towards.

Objective 3.1: Achieve collection of 99.3% of revenue billed by Utilities Services.

Objective 3.2: Achieve collection of 35% of revenue billed by other City services.

Objective 3.3: Effectively manage Grants allocated through the City of Tulsa.

4. Contribute to efficient and reliable local government.

Objective 4.1: Complete the purchasing cycle on average purchases of commodities within 12 business days.

Objective 4.2: Sell City property that has been declared surplus in an efficient and thorough manner while maximizing revenues.

Objective 4.3: Increase efficiency by utilizing electronic payments.

Objective 4.4: Efficiently and effectively manage City records by ensuring the Adopted Records Retention Schedule is followed.

Objective 4.5: Initiate process improvements that will increase efficiency and effectiveness of operations and regularly engage in continuous process improvements.

Objective 4.6: Establish an engaged workforce.

Budget Strategy Overview

Resources allocated to Finance will be dedicated to Mayor and Tulsa City Council priorities including efficient government and will continue to be reevaluated and adjusted to service level expectations based on resources. Due to budget reductions in the FY 2016-2017 General Fund budget, the department will be challenged to enhance efficiencies in order to meet current service levels and performance metrics listed above. The department will engage in the implementation of a new financial system in FY 2016-2017, with completion in FY 2017-2018. The new financial system will enhance efficiency in business processes and reporting financial data throughout the entire organization.

Information Technology

Department Budget Summary

FY 2016-2017

Mission Statement

To provide cost effective and highly efficient technology services for our clients.

Overview of Services

The Information Technology Department (IT) is an internal service organization that is committed to providing the technology needs of all City departments. The goals of every department become the goals of IT. The department will be managed following industry standard work breakdown structures ensuring a cost effective and highly efficient service delivery. The department will consist of the following divisions:

Project Management – Provides IT project management, resource planning and strategic deployment planning

Architecture - Provides future-focused application, data, system and security architecture services. Coordinates vendor pilots, research and development projects, and provides direction to all City departments ensuring a consistent architecture across applications and systems

Administration - Coordinates audit compliance, technology budgeting and procurement, technology asset management, contract review and management, governance, policies and procedures administration, forecasting, and City-wide office services including print services, mail, supplies and records management.

Development Services – Provides development services including application development, web development, and application integration services

Deployment Services – Provides system and application deployment services including testing, deployment, and documentation of applications and systems

Support Services – Provides support services including service desk, application support, and minor application configuration

Operation Services – Maintains, supports, and secures the City-wide network, network-delivered applications including email and internet, servers, data center, system backup and recovery, business continuity/disaster recovery planning, desktop and laptop computer management, audio/visual technology, voice systems, radios and regional radio system, vehicular electronic equipment and emergency warning systems.

Information Technology

Goals

1. Provide redundant, resilient and reliable Information Technology services for the City

Objective 1.1: Monthly and annual customer satisfaction surveys with a score of 3 or lower will be reviewed to resolve customer service issues and concerns.

Objective 1.2: Manage service levels with statistics from the IT Service Desk including ticket resolution within 30 days.

Objective 1.3: Efficiently manage IT resource utilization to resolve at least 40% of customer requests on first contact thereby allowing more time for strategic endeavors.

2. Align services and resources with customer goals.

Objective 2.1: Manage resource capacity and utilization to ensure proper project prioritization and planning. Establish total available capacity and ensure general and administrative tasks do not exceed 20% of total capacity.

Objective 2.2: Provide technology needs analysis and project administration services to City management and project sponsors so they can complete technology projects that meet their business goals within agreed schedules.

3. Reform our approach from reactive to proactive.

Objective 3.1: Manage operations to ensure average system uptime of 99.90% excluding regularly scheduled maintenance.

Objective 3.2: Efficiently install technology for city vehicles and consistently provide IT support of city devices (computers, two-way radios, wireless devices, etc.)

Information Technology

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |

| 1.3.4: # of databases supported | New Measure | New Measure | 1,909 | No Target |
| 2.1: Resource Utilization: Project and Operational Task Utilization | New Measure | New Measure | 88.7% | 80.0% |
| 2.1.2: Resource Utilization: General and Administrative | New Measure | New Measure | 11.3% | 20.0% |
| 2.2.1: # of technology projects managed | New Measure | New Measure | 304 | No Target |
| 2.2.2: % of technology projects managed with budget of \$1million or more | New Measure | New Measure | 40 | No Target |
| 2.2.3: # of technology projects completed | New Measure | New Measure | 10 | No Target |
| 2.2.4: % of technology projects completed on schedule and within budget | New Measure | New Measure | New Measure | No Target |

Information Technology

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|------------------------|------------------------|--------------------------|------------------------|
| 3.1: Average System Uptime | New Measure | New Measure | 99.91% | 99.90% |
| 3.2.1: # of radios in service | New Measure | New Measure | New Measure | No Target |
| 3.2.2: # of radios repaired | New Measure | New Measure | 540 | No Target |
| 3.2.3: # of vehicles outfitted | New Measure | New Measure | 192 | No Target |
| 3.2.4: # of tower site repairs | New Measure | New Measure | 252 | No Target |
| 3.2.5: # of in-car laptops repaired or exchanged | New Measure | New Measure | 936 | No Target |
| 3.2.6: # fire station responses | New Measure | New Measure | 360 | No Target |

¹"No target" indicates this is a metric that is not completely controlled by the department. The metric is tracked to show volume of work, but the department cannot anticipate yearly targets ahead of time due to change in circumstances from year to year.

Budget Strategy Overview

The FY 2016-2017 Information Technology budget is being set to improve existing service levels and meet performance metrics. Resources allocated to Information Technology will continue to address priorities from the Mayor, City Council and Citizen Survey priorities, which include improving government, efficiency, and reliability, public safety, and economic development. The FY 2016-2017 budget includes continued support for all business operations of the City as well as new technology initiatives such as system and network security monitoring, asset management and predictive analytics, radio enhancements, planning and implementation of a new financial system, a new permit and planning system, and a selection of a new police and courts records management system.

FY 18 CHANGES FOR OPERATION

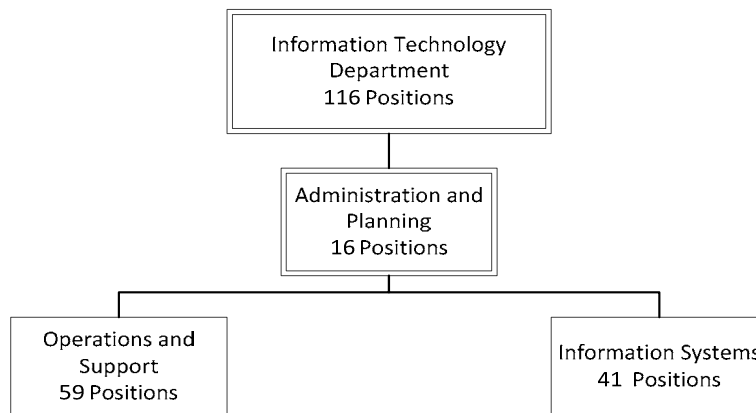

Changes in IT hardware and software maintenance and lease agreements will continue in FY18. FCC/FAA mandated inspections of City radio towers, a Microsoft Premier Support Agreement and maintenance for Police video storage devices exiting warranty coverage have also been added. FY18 appropriations have been provided for training in new Radio System technology to support City communication needs. Operational changes allowing vendors to directly invoice departments for wireless communications services are anticipated.

Customer Care Center

Department Budget Summary

FY 2016-2017

Mission Statement

To serve as the central point of contact for the City of Tulsa, facilitating responsive, accessible and accountable City government.

Overview of Services

The Customer Care Center was created in June 2011, by consolidating the Utility Billing Call Center from the abolished Public Works department with the Mayor's Action Center from the Communications Department. The purpose of the Customer Care Center is to enhance the City's ability to provide consistent, timely and quality responses to citizens' requests for information and assistance with services and programs.

The Customer Care Center provides courteous, pleasant and knowledgeable staff to listen and help answer or address citizen requests and concerns. Citizen contact with the Customer Care Center is typically by phone, mail, email and web-based sources through multiple published phone numbers. Requests are resolved in the Customer Care Center or gathered, logged and routed to the appropriate departments for review and resolution. Weekly reports are generated and forwarded to designated department personnel to help facilitate a timely response. All service requests are monitored by the Customer Care Center until resolved. Examples of call types include: water requests, refuse concerns, nuisance, zoning, potholes, animal welfare, citizen comments and general inquiries.

Goals

1. Provide courteous, effective and expedient customer service to all customers.

Objective 1.1: Answer 85% of Customer Care Center calls within 45 seconds with a less than 8% call abandonment rate.

Objective 1.2: Maintain a 90% customer service quality score level through our recording and monitoring program.

Customer Care Center

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|------------------------|------------------------|--------------------------|------------------------|
| 1.1.1: % of calls answered within 45 seconds | 56% | 85% | 62% | 85% |
| 1.1.2: Average call abandonment % | 16% | <8% | 11% | <11% |
| 1.2.1: Customer service quality score % for recorded and monitored calls | 94% | 90% | 92% | 90% |

Budget Strategy Overview

Resources allocated to Customer Care Center will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including efficient government and customer service. Customer Care Center is funded by General and Enterprise funds. Due to budget reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above. Performance measures will be reevaluated and adjusted as necessary for FY 2017-2018.

Communications

Mission Statement

To facilitate open and accountable access to city government for the citizens of Tulsa and assist in communicating the prioritized initiatives set by the administration and all other City departments.

Overview of Services

The Department of Communications was created in October 2006. The primary functions of Communications include:

- **Graphic Design Services:** Ensure the consistency and quality in delivery of key messages and information to citizens of Tulsa through professional branding and visual communication services.
 - **Editorial Services:** Advise and assist City of Tulsa departments in presenting a professional image through the distribution of timely information, from a centralized point, to ensure consistency in quality and delivery of information to citizens of Tulsa.
 - **Media Relations Services:** Ensure consistency in quality and delivery of information and important messages to the citizens of Tulsa as the point of contact for media and public information.
 - **Social Media & Online:** Promote City of Tulsa and locally to increase awareness and knowledge of local government services and programs provided for taxpayer/customer benefit.
-

Goals

1. Ensure consistency in quality and delivery of information and important messages to the citizens of Tulsa as the point of contact for media and public information.

Objective 1.1: Create and implement media training for field supervisors at a minimum of three City department sections per year.

2. Educate and inform larger City of Tulsa employee and citizen audience through communication programs and media information campaigns.

Objective 2.1: Communicate important information to employees about compensation health and wellness, benefits, safety, internal programs and rewards

Communications

while recognizing employee successes through a multi-media program of employee communication.

Objective 2.2: Increase awareness of City of Tulsa programs for citizens through a variety of media platforms.

Objective 2.3: Organize Town Hall meetings for issues related to projects conducted by City of Tulsa or projects that will impact citizens.

Objective 2.4: Identify location and schedule for all Improve Our Tulsa project meetings in advance of design and construction phases.

3. Support department communication efforts with internal and external customers.

Objective 3.1: Deliver comprehensive communications plans including goals, objectives, audience analysis, tactics, and measurements using creative writing and video services.

Objective 3.2: Support communications efforts of departments by creating and implementing branding strategies that reflect the overall organization brand and deliver professional, high quality projects.

Objective 3.3: Facilitate media open records requests.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |

| 3.1.3: # of department specific public info requests processed | New Measure | New Measure | 1500 | No Target |
| 3.1.4: # of proactive media pitches | New Measure | New Measure | 138+ | 140 |
| 3.1.5: % of department/internal clients who respond positively in survey regarding services provided by Communications Department | New Measure | New Measure | New Measure | 100% |
| 3.2.1: # of graphic design projects logged | New Measure | New Measure | 169 | 169 |
| 3.2.2: % of graphic design projects logged “completed as of now” | New Measure | New Measure | 71% | 75% |
| 3.3.1: # of open records requests facilitated through Communications Department. | New Measure | New Measure | 43.5 | 13 ² |

¹“No target” indicates this is a metric that is not completely controlled by the department. The metric is tracked to show volume of work, but the department cannot anticipate yearly targets ahead of time due to change in circumstances from year to year.

² The department’s goal is to reduce number of Freedom of Information Act (FOIA)/Open Records requests by posting more info the City of Tulsa website. Meeting this target will depend upon coordination with other teams – IT Security, City Legal, Records – to ensure information posted meets internal guidelines.

Budget Strategy Overview

Resources allocated to Communications will be dedicated to Citizen Survey priorities including customer service and effective communication. Due to budget reductions realized in the General Fund in FY 2016-2017, the department will be challenged to reduce costs and enhance efficiencies in order to meet current service levels and performance metrics listed above. Performance measures will be reevaluated and adjusted as necessary for FY 2017-2018.

Asset Management

Mission Statement

To provide a safe and secure environment for citizens, employees and customers while ensuring accountability for the City's assets using environmentally efficient and reliable services to ensure proper utilization of properties, facilities, and the fleet as well as provide the best possible parking value to the citizens of Tulsa.

Overview of Services

Asset Management, created by Executive Order 2014-01, March 2014, organizes various general governmental functions related to major assets of the City. Leadership is provided for the security of the City's property/facilities, for acquisitions, management, analysis of return on investment and disposition. The department's responsibilities include:

- City of Tulsa Fleet Management and Maintenance
 - Parking Meter Repair and Installation
 - Parking Enforcement
 - Parking Garage Oversight
 - Security
 - Real Estate Procurement
 - Building Operations
-

Goals

1. Be responsive to and accountable for meeting our customers' fleet mission requirements.

Objective 1.1: Meet or exceed industry standards of 93% for designated fleet availability.

2. Service and repair parking meters in an efficient and timely manner.

Objective 2.1: 90% of parking meters will remain operational.

3. Enhance enforcement of parking meter violations

Objective 3.1: Enforcement personnel will dedicate at least 70% of their total paid time to monitoring parking meters for violations.

Asset Management

4. Continue to deliver high quality security services.

Objective 4.1: Respond to 90% of security incidents within thirty minutes of calls for help.

5. The economical preservation of City of Tulsa facilities, equipment, and systems at a level satisfactory to perform their designated functions.

Objective 5.1: Emergency – immediate response and action plan in progress within 2 hours, 80% of the time

Objective 5.2: Urgent – 80% of such work orders completed within 48 hours

Objective 5.3: Routine – 75% of such work orders completed within 7 days

6. Centralization and management of City of Tulsa real property inventory.

Objective 6.1: Complete 80% of inventory data entry

Objective 6.2: Complete all property acquisition needs within 12 months or less from the receipt of a valid legal description.

| Performance Metrics | FY 14-15 Actual | FY 15-16 Target | FY 15-16 Estimate | FY 16-17 Target |
|---|-----------------|-----------------|-------------------|-----------------|
| 1.1.1: % of designated fleet availability | 93% | 93% | 92% | 93% |
| 2.1.1: % of parking meters that are operational per year | 85% | 90% | 95% | 90% |
| 3.1.1: % of direct labor hours dedicated to parking meter enforcement per year | 100% | 70% | 99% | 70% |
| 4.1.1: % of arrival on scene within thirty minutes from receipt of call for security | New Measure | 90% | 97% | 90% |
| 5.1.1: % of time responding to emergency repairs within 2 hours | New Measure | 90% | 100% | 80% |
| 5.2.1: % of time completing work orders for urgent repairs within 48 hours | New Measure | 90% | 100% | 80% |
| 5.3.1: % of time completing work orders for routine repairs within 7 days | New Measure | 90% | 91% | 75% |
| 6.1.1: % of data entry completed during FY16 | New Measure | 80% | 97% | 80% |
| 6.2.1: % of acquisitions completed within 12 months of receipt of complete and accurate legal description | New Measure | 100% | 100% | 100% |

Asset Management

Budget Strategy Overview

Resources allocated to this department will be dedicated to Mayor, Tulsa City Council and Citizen Survey priorities including efficient government and public safety. Due to budget reductions in the FY 2016-2017 General Fund budget, the department will be challenged to enhance efficiencies in order to meet current service levels and performance metrics listed above. The Department has in process: training staff to become property managers, training staff to perform equipment warranty work and installing a parking meter program from a recently selected parking meter company.

DEBT SERVICE

OVERVIEW

The City's debt management program states, "General obligation (GO) and revenue bonds shall be issued for capital improvements and major capital maintenance. No operating expenses shall be funded using long-term borrowing." All long-term borrowing shall be planned and incorporated into the five-year Capital Improvements Program. To date the City has only issued GO bonds. All revenue bonds have been issued by authorities for whom the City is the beneficiary. Cities in Oklahoma could not issue revenue bonds until the 1990s. Authorities are still used for revenue bond debt financing because revenue streams are pledged under master indentures that run the life of previously issued long term bonds. Any revenue bonds issued by the City would have to be subordinate to the existing debt and carry higher interest costs.

GENERAL OBLIGATION BONDS

The City's GO indebtedness is rated AA and Aa1 by Standard & Poor's and Moody's, respectively. GO indebtedness is paid from the Sinking Fund. The primary revenue sources for the Sinking Fund are property taxes, and in the case of GO bonds for sanitary sewer improvements, sanitary sewer system user fees.

The Constitution of the State of Oklahoma prohibits the City from becoming indebted in an amount exceeding the revenue to be received for any fiscal year, without the approval of the voters. GOs are required to be fully paid within 25 years from the date of issue and are backed by the full faith and credit of the City. They have been approved by the voters and issued by the City for various municipal improvements.

Article 10 of the Oklahoma Constitution contains provisions under which municipalities can issue GO bonds. Section 27, which the city uses to structure GO bond issues, does not have any limits on the amount of bonds that can be issued given approval by the local voters.

Policies are in place to prohibit outstanding indebtedness of the City in total to exceed such levels as to cause the City's credit rating to be lower than a AA rating for general obligation debt. In no event shall the Net General Obligation Debt of the City exceed twenty-five percent (25%) of the net assessed market valuation of the taxable property of the City as established by the County Assessor.

With the issuance of new debt or refinancing existing debt, to the extent possible, bond sales are structured to achieve level debt service payments. This structuring helps to moderate the year over year change in property tax rates that support the repayment of the general obligation debt.

The FY17 appropriation for general obligation debt payment in the amount of \$75,343,000 provides for principal retirement of \$58,680,000 and interest expense of \$16,663,000. A schedule of annual principal and interest payments for general obligation serial bonds and a summary of general obligation bonds outstanding as of June 30, 2016 follows.

REVENUE BONDS AND OTHER LONG-TERM OBLIGATIONS

Revenue bonds and other outstanding long-term obligations consist of debt issued by several authorities and trusts of the City. The debt of these authorities and trusts does not constitute debt of the City and is payable solely from resources of the authorities and trusts.

Under an agreement between the City of Tulsa and the Tulsa Metropolitan Utility Authority (TMUA), the City prepares and adopts a budget for the Authority, which includes debt service on revenue bonds and other long-term obligations supported by revenues of the Water Operating Fund and the Sanitary Sewer Operating Fund.

A summary of revenue bonds and other long-term obligations of the authorities and trusts of the City outstanding as of June 30, 2016 follow. It should be noted that other than TMUA and the Tulsa Authority for the Recovery of Energy (TARE), the budgets for authorities and trusts are not approved by the City Council nor are their budgets prepared under the provisions of the Oklahoma Municipal Budget Act. Their debt is included in this document for information purposes only.

FISCAL YEARS 2017-2021 CAPITAL PLAN EXECUTIVE SUMMARY

In April of 2016, City of Tulsa voters approved a temporary sales tax levy of a little over 3/10ths of a cent for the purpose of funding large scale economic development projects. The tax will go into effect January, 2017 and will be in place for 15 years. The tax will fund over \$510.6 million in major capital and economic development projects across the city. Before passage, the most recent capital package was approved in 2013; the Improve Our Tulsa program. This program provides funding for projects during the FY15 to FY21 time period with roughly \$564 million from an extension of a 1.1 percent sales tax to address citywide needs, as well as \$355 million provided from general obligation bonds to address street improvements. In FY17, the City will sell its fourth bond issue of \$78 million bringing total Improve Our Tulsa bond appropriations to \$205 million. The shared Mayoral and City Council goal of continuing the commitment to improving the condition of our roadways, the need to provide funds for critical goals such as public safety, federal mandates, building code and short-term capital needs, and goals identified in PlaniTulsa were used to prioritize the allocation of the authorized \$918.7 million in the Improve Our Tulsa program. The commitment of these resources likely means that any newly identified or unfunded capital improvement projects will not be funded until the conclusion of these programs.

Historically, the City of Tulsa has had an aggressive capital improvements program. The Third Penny Sales Tax program by itself has financed almost \$2.4 billion in needed projects over the last thirty years. That amount has been augmented by \$2.0 billion of additional general obligation and revenue bond dollars and millions more from federal grants and loans. In November 2008, the City of Tulsa electorate approved a street improvement package totaling \$451.6 million. The program was comprised of \$285 million in general obligation bond proceeds and \$166.6 million in sales tax revenue which was derived from an extension of the existing third penny sales tax in addition to a 0.167 percent increase. The program funded 128 arterial and residential street projects across the City. The 2006 Sales Tax program, approved in May 2006, which provided \$465 million for capital projects throughout the City, is in the final stage of implementation. All of the appropriations to fund these improvements are complete. Information about these programs is contained in the FY17 Capital Budget - Funded Programs Status and Operating Impact (Section 6) of this document, and includes a list of the proposed funding for FY17.

In the spring of 2009 and again in 2013, the City updated its Capital Improvement Project (CIP) policy and procedures. International City Managers Association (ICMA) and case study recommendations were reviewed with subsequent changes outlined in the following text. The updated policy requires departmental justification of expansion projects based on the project's potential return on investment (ROI), its potential leverage and linkages to other projects, and its contribution to the City's strategic initiatives. Additionally, all replacement and rehabilitation projects were prioritized and placed in 4 distinct tiers based on their contribution to public safety, asset preservation, and core service provision. The highest priority tiered and expansion projects have been included in the Constrained Inventory of projects in Section 7. The remaining projects have been placed in the unpublished deferred unconstrained inventory of projects. A summary is on page 9 of this section. To further illustrate the character of City spending allocations, a pie chart of the total recommended funding dedicated to the maintenance of the City's existing assets, which is defined as "renewal", in contrast to the allocation recommended for expansion or "growth" projects has been included on page 3 of this section. Additionally, the jointly identified Mayoral and City Council priorities have been added to individual projects in Section 7. These goals are identified and defined in Section 1 of the annual budget document.

CAPITAL PLAN

Executive Summary

A SUMMARY OF THE CAPITAL BUDGET AND FIVE-YEAR CAPITAL PLAN

The following is a summary of all proposed, but unfunded capital expenditures for the next five years. It does not include project allocations in previously approved capital programs. *The amount shown does not include each department's funding from the approved 2017 Limited Purpose Sales Tax Program, 2014 Sales Tax Extension, 2014 General Obligation Bond Program, the 2008 Street Improvement Program, or the 2006 Sales Tax Extension. Information on the projects and appropriations for these programs is contained in Section 6. Due to the commitment of sales tax and bond proceeds to projects authorized in 2016, new or unfunded capital projects will likely not be funded until the conclusion of the Improve Our Tulsa program in 2021.*

| <u>PROGRAM/DEPARTMENT</u> | <u>Proposed 5-Year Funding</u> |
|--|------------------------------------|
| <u>PUBLIC SAFETY AND PROTECTION</u> | |
| Police and E-911 Department | \$0 million |
| The Police Department's highest priority is the renovation of the 911 Facility and its communications hardware. | |
| Fire | \$0 million |
| The Fire Department's highest priority is the replacement of its apparatus and Training Props for its recently completed Training Academy. | |
| Total Public Safety and Protection | \$0 million |
| <u>CULTURAL DEVELOPMENT AND RECREATION</u> | |
| Park and Recreation Department | \$0 million |
| The maintenance of the Park systems aging facilities is the Department's highest priority. Park system projects have been prioritized in the Park's Master Plan and funding has been allocated toward its implementation in previous capital programs. | |
| Tulsa Zoo | \$0 million |
| Implementation of the Zoo Master Plan is the highest priority. | |
| Gilcrease Museum | \$0 million |
| Fully restoring the Thomas Gilcrease house, as well as an expansion of the facility, remains the Gilcrease's highest priorities. | |
| Cox Business Center and BOK Center | \$0 million |
| Fire alarm systems at both the BOK Center and the Cox Business Center are the highest priorities. Additionally, both centers are in need of general facility rehabilitation and replacements; including electrical, security, and ADA improvements. Lastly, staff desires an expansion of the Cox Business Center. | |
| Performing Arts Center | \$0 million |
| The highest priorities at the PAC are the replacement of the Chapman Music Hall ceiling, Doenges Theatre seating replacement and HVAC upgrades. The PAC is also planning for an expansion of its facility. | |

CAPITAL PLAN

Executive Summary

| <u>PROGRAM/DEPARTMENT</u> | <u>Proposed 5-Year Funding</u> |
|--|---|
| River Parks The Authority's highest priorities continue to be the replacement of the low water dam and the expansion of the trail system further south to serve the rapidly growing south Tulsa area. | \$0 million |
| <i>Total Cultural Development and Recreation</i> | \$0 million |
| <u>PUBLIC WORKS AND INFRASTRUCTURE</u> | |
| Streets and Expressways One of the top priorities of the City continues to be arterial and residential street resurfacing. Funding to match ODOT eight year plan improvements and improvements identified in the Bicycle and Pedestrian Master Plan currently underway are a high priority. | \$100 million |
| Water The City continues implementing the IMG Water System Study, which identified the most critical needs in this area, such as protecting the Spavinaw watershed from pollution and the maintenance of the existing distribution system. | \$210.1 million |
| Sanitary Sewer The City completed all required projects to meet the consent orders issued in the late 1990's by State and Federal regulatory authorities. Additional isolated consent orders have been issued since then to eliminate recent specific incidents of residential sewage overflows. However, all consent orders have been completed presently. Future Utility Revenue Bonds and Enterprise Fund resources will be dedicated to the completion of any future consent orders, as well as the upkeep of existing assets. | \$218.2 million |
| Flood Control The continued implementation of the Citywide Flood Control Plan is the highest priority. Floodplain acquisition, planning services for the Hazard Mitigation Program, and urgent small drainage improvements are identified as the highest priorities by the plan. | \$25.6 million |
| Facilities ADA improvements at public facilities are top priority. Additionally, sources of maintenance capital need to be identified as an inventory backlog of over \$100 million in roofing and facility maintenance needs exists. | \$0 million |
| <i>Total Public Works and Infrastructure</i> | \$553.9 million |
| <u>SOCIAL AND ECONOMIC DEVELOPMENT</u> | |
| Planning and Development Planning and Development will continue to pursue application of the Comprehensive Plan through the initial steps of implementing several small area plans, as well as the beautification of Route 66 and infrastructure to support the Peoria/Mohawk Business Park. | \$0 million |

CAPITAL PLAN

Executive Summary

| <u>PROGRAM/DEPARTMENT</u> | <u>Proposed 5-Year Funding</u> |
|---|---|
| Working In Neighborhoods (WIN) The Animal Shelter's highest priority is completing the remaining phases of the shelter expansion. This expansion would focus on adoption and community outreach program spaces. | \$0 million |
| <i>Total Social and Economic Development</i> | \$0 million |
| Metropolitan Tulsa Transit Authority Projects (MTTA) MTTA's highest priorities are the continued replacement of its fleet, the construction of additional passenger shelters, and to improve and expand its service. | \$0 million |
| <i>Total Transportation</i> | \$0 million |
| <u>ADMINISTRATIVE AND SUPPORT SERVICES</u> | |
| Information Technology The Information Technology Department's highest priority is the need for more rigorous backup and recovery applications for the City's server and enterprise systems. A secondary priority is the automation of the Municipal Court's Courtroom Ticketing System. | \$0 million |
| Asset Management Projects AMD's top priorities include the modification of existing maintenance facilities to perform CNG repairs, as well as expanding the City's Compressed Natural Gas Fleet Fueling Infrastructure, and the replacement of one underground fuel tank. | \$0 million |
| Short Term & Contracted Capital Projects Projects in this category include facility construction, transportation improvements, and infrastructure development. Specifically, three University facility improvements (Langston, OSU, and TU), infrastructure for a new Children's Museum, a training center for the Air National Guard, a Community Health Center, and the improvements of two attraction sites; the fairgrounds, and the new BMX National Headquarters. | \$0 million |
| <i>Total Administrative and Support Services</i> | \$0 million |
| <u>TOTAL PROPOSED FIVE-YEAR FUNDING PROGRAM</u> | \$553.9 million |

SECTION 6: CAPITAL PROGRAMS & OPERATING IMPACT

This section of the document summarizes the status of previously approved major capital programs and lists all of the capital projects scheduled for funding. It also describes the primary funding sources available to finance the City's capital needs and provides an analysis of each.

This section is for information only and is not part of the ordinances adopted by the City Council.

FY17 CAPITAL BUDGET

FUNDED PROGRAM STATUS & OPERATING IMPACT

Introduction

This section describes the status of projects financed as part of past multi-year capital programs and potential sources for financing future projects. Since 1980, elected officials have aggressively sought funding for a large number of capital needs. The third-penny sales tax, general obligation bonds, revenue bonds backed by user fees, and state and federal loans and grants have all been used to finance almost \$3.7 billion of capital improvements. The following text briefly describes the past programs. More detailed information is provided about the more recent programs.

In order to tie capital project funding and budgetary considerations together, a summary of any known annual operational impact has been included with the capital program summaries on the following pages. Impact is identified by project name, estimated fiscal year, and known costs. If the project represents an expansion of a current operation, then only the incremental cost above current operations is listed below.

The first six voter-approved five-year Third Penny Sales Tax Programs in 1980, 1985, 1991, 1996, 2001, and 2006 financed 503 projects costing over \$1.604 billion. All of the originally funded projects are now complete or substantially complete.

From 1983 to 1999 voters approved over \$378 million of general obligation bonds for streets, sanitary sewers, flood control, police and fire facilities, maintenance of city buildings, and parks. All of these projects are complete.

Since 1993, the Tulsa Metropolitan Utility Authority (TMUA) has authorized the issuance of over \$296 million in water revenue bonds. The 1993-2006 bonds financed the new Mohawk Water Treatment Plant and several other large water system projects. All have been completed and are in service except projects funded with water revenue bonds issued in the 2007 to 2016 calendar period. These bonds financed a number of new projects including water main and valve replacements, raw waterline and treatment plant improvements, and dam repairs.

In FY16, TMUA issued its first Utility Revenue Bond which provided \$25.2 million in funding for water and sanitary sewer projects. This was the first time the authority has issued a bond which financed projects for both systems. Previously, as noted above, the authority financed water and sanitary sewer projects separately thru the issuance of water revenue bonds and sanitary sewer loans thru the Oklahoma Water Resources Board (OWRB). The proceeds will be used to finance over \$13.0 million in water main replacements, \$4.0 million in concrete pipe replacement, \$3.5 million in sanitary sewer rehab and \$2.0 million to extend sanitary sewer service to currently unserved areas. If these bonds prove to be financially beneficial then the authority will likely continue issuing in this manner.

1992-2016 Oklahoma Water Resources Board Loans

Since 1992, the City of Tulsa has used the Oklahoma Water Resources Board (OWRB) loan program to address sanitary sewer system high priority needs. So far, this program has provided \$465 million in loans to finance 172 projects ranging from the \$15.5 million headwork improvement project at the Northside Wastewater Treatment Plant to the \$950,000 Southside Wastewater Treatment Plant dewatering facility improvement project.

FY17 CAPITAL BUDGET FUNDED PROGRAM STATUS & OPERATING IMPACT

2005 General Obligation Bond Program

On April 5, 2005 the voters approved the issuance of \$250 million in General Obligation Bonds. General obligation bond debt is retired through property tax levies. Through February 2011, all issues are complete. This program financed over 200 projects including arterial and residential street rehabilitation, bridge repair, expressway improvements, and engineering and right-of-way acquisition for future arterial street widening projects estimated to cost \$154 million. Over \$30 million was provided for sanitary sewers and another \$33 million for stormwater projects. The Police Forensic Lab and Property Room as well as improvements at the Uniform Divisions were financed. A major project for the Fire Department, a new \$11.1 million Regional Training Facility, is now complete and in service. Improvements to the Gilcrease Museum and Performing Arts Center were also included. Project cost savings in this program were applied to approved unfunded street improvement projects.

2005 General Obligation Bond Program As of February 2016

| Appropriation** | Spent To Date | Obligated By Contract | Appropriation Balance* |
|-----------------|---------------|-----------------------|------------------------|
| \$273,800,000 | \$268,985,381 | \$1,571,861 | \$3,242,758 |

*Reserved for Projects ** OSU-Tulsa share of forensics lab included.

Source: City of Tulsa Department of Finance

Streets and Transportation Projects - \$154 million

Over half of the streets and transportation funds were used to rehabilitate the city's streets - \$70 million for residential streets and \$54 million for arterial streets. The repair and replacement of bridges across the City received \$10 million in funding from the program. Another \$20 million was used for expressway projects along with arterial street engineering, right-of-way acquisition, and widening. Fifteen million was later captured from savings in completed projects, to address both arterials and intersections originally scheduled for funding in sales tax programs.

Sanitary Sewer Projects - \$33 million

Funding was spent on providing sewer to unserved areas in the city. Rehabilitation and extension projects were allocated over \$20 million.

Flood Control Projects - \$33 million

This funding was spent on critical repair and replacement of flood control facilities, such as the \$15 million Fred Creek rehabilitation program.

Police Projects - \$5 million

This funding was spent on critical expansion, repair and replacement of the Police Forensic Laboratory Facility and Property Room. The Uniform Division facilities also received needed funding for rehabilitation and for expansion at the Uniform Division Southwest (UDSW) facility.

Fire Projects - \$19 million

This funding was spent on the construction of a new \$11.1 million Regional Training Facility which is now complete and operational. The training center is located on the North Campus of Tulsa Community College (TCC). TCC, who will be a joint operator of the facility, will provide area Fire Departments training related to firefighting, hazardous incident response, emergency life support and security incident response. Funds from this allocation were also used to relocate Fire Station 16 and rehabilitate five other stations all of which are now complete and in operation.

FY17 CAPITAL BUDGET FUNDED PROGRAM STATUS & OPERATING IMPACT

Facilities Renovation and Capital Equipment - \$5 million

This funding was spent on critical repair and replacement of the Gilcrease Museum HVAC system to protect the multi-billion dollar collection. The stage floor at the Performing Arts Center was replaced as it was a safety issue. Major roof rehabilitation projects and security improvements citywide also received funding.

2006 Sales Tax Extension Program

To date, the tax has funded all of the original 130 projects in six broad categories. Program cost estimates refer to the part of the project funded by the 2006 Sales Tax Program - other programs may provide additional funding. The program, approved by voters on May 9, 2006, received its first sales tax revenue in September 2006. In addition to funding the shortfall in the 2001 program, \$383 million in new projects have been funded with this tax. Originally, the program was forecast to generate approximately \$463.5 million in revenue. However, current projections total \$450.2 million. This program received its final sales tax revenue in 2013. In FY17, \$2.2 million was appropriated to begin construction of a new East Tulsa Fire Station, as originally promised in the program. Most remaining projects are now either complete or nearing completion.

Current Projection 2006 Sales Tax Program February 2016

(1) 9.5 months of collections in FY07

(2) FY07 thru FY15 actuals;

(3) FY16 Estimate; FY17 Budget

Public Safety - \$65 million

Funds in this category have been used to replace police cars and helicopters, and fire and emergency medical apparatus and equipment. The largest Police Department project, the \$16 million Forensic Laboratory, Research and Property Room Facility, is now complete and operational. Over \$17 million was used to keep the Police vehicle fleet up to standards. A Homeland Security Equipment Storage Facility has been funded and is now complete. The Information Technology Department continues its program of upgrading the City's computer capabilities and replacing the aging Citywide Network. A new, cost saving, state-of-the-art Voice Over Internet Protocol (VoIP) telephone system has replaced the old telephone system.

Critical Weather Alert Sirens were replaced all over the city. Repairs and modifications to the City's two communications towers and backup power protection for the City's prime communications site were also funded. Currently, the City is using remaining funds to replace the network core on one communication tower. As part of the program, a wireless communications system for the City will enhance all forms of critical communications between departments such as Police, Fire and Emergency Management.

FY17 CAPITAL BUDGET

FUNDED PROGRAM STATUS & OPERATING IMPACT

Culture and Recreation - \$41 Million

Capital maintenance projects at most of the City parks and the Zoo are the largest projects in this category. Maintenance and renovation of shelters, bathrooms, irrigation systems, water lines, playground safety surfaces and walkways will serve to keep parks useful and safe. The Zoo projects included a new Asian Cat Exhibit, renovations to the North American Living Museum and the Zoo's security system.

Expansion and repairs at the sports complexes and the development of a soccer complex were included in the plan. This program has funded repairs and improvements to the Gilcrease Museum, the Convention Center and the Performing Arts Center.

River Parks received over \$16 million in funding to implement phases of the Arkansas River Corridor Master Plan. West Bank Festival Park expansion and renovation received funding as did the east bank of the river. The West Bank Festival Park expansion is now complete. Major trail resurfacing, widening, and maintenance were also funded in this program.

Downtown, Economic and Neighborhood Development - \$24 million

Over \$13 million of the funds in this category were used to support the development of the new Bank of Oklahoma Arena. Improved streets, parking, signage and linkages were built to coincide with the Center's opening. Another \$2 million continued the downtown property acquisition program in the arts and entertainment district. Other projects were funded in the Kendall-Whittier and Dirty Butter Creek areas, as recommended in various plans. A \$3 million economic development fund to support the city's economic recovery was included in this program.

Sanitary Sewer and Flood Control - \$52 million

Twenty-eight million dollars has been used to fund sanitary sewer projects. Most of the projects involve providing service to unserved areas or newly annexed eastern areas of the city including the largest - an \$11 million expansion of the Bird Creek Plant which is now complete. In the area of flood control, a \$12.5 million program continued the 2005 General Obligation Bond's Fred Creek Drainage project. A project in the Elm Creek area along 6th Street will create sites for mixed use development near downtown and the Central Park Centennial Center. Erosion control and bank stabilization projects all over the city were also financed.

Streets and Transportation Projects - \$115 million

A significant portion of the streets and transportation funds have been used to rehabilitate the city's streets - \$26 million for residential streets and \$32 million for arterial streets. The remainder was spent on widening many of the city's overloaded major arterial streets and intersections. Streets improved included 41st, 61st, 81st, 91st, 129th E. Avenue, Peoria, Pine, Mingo, Garnett, and the Gilcrease Expressway. Five intersections were widened. Over \$12 million was spent on downtown streets around the new arena and almost \$5 million improved the Boulder Avenue Bridge. Funds were also set aside to perform street surface repairs and crack sealing; repair and replace bridges, and continue development of the Tulsa Trails. In addition, this program included money to purchase transit buses and vans to improve service to Tulsa's transit patrons.

Facilities Renovation and Capital Equipment - \$86 million

Out of the \$86 million allocated, \$58 million has been used to purchase capital equipment such as dump trucks, excavating equipment, vehicles, personal computers, and mowing equipment. Another \$14 million has been spent on replacing roofs, repairing parking lots, replacing air conditioning units, Americans with Disabilities Act modifications, and other general building repairs. Additionally, \$2 million was allocated for Equipment Management facility renovation and construction.

2008 Street Improvement Program

On November 4, 2008, the City of Tulsa electorate approved a \$451.6 million capital improvements program to rehabilitate the City's arterial and residential streets. The original program consisted of \$166.6 million in sales tax and \$285 million in general obligation bond proceeds to fund the construction of 152 projects throughout the city. However, due to underperformance, current sales tax projections are estimated at \$145.8 million. Cost savings in other programs have enabled the City to fund all of the original projects. The bond portion of the program encompassed seven issues scheduled from 2009 to 2015. The first issue of \$11.1 million was completed in the spring of 2009, the \$70 million second issue was completed in the fall of 2009, the \$58.9 million third issue was completed in the fall of 2010, the \$50 million fourth issue was completed in the fall of 2011, the \$45 million fifth issue was completed in January of 2013, the \$35 million sixth issue was completed in March of FY14, and the \$15 million seventh and final issue was completed in FY15. The sales tax portion of the program was comprised of a 0.167 percent sales tax increase and an extension of the third penny sales tax.

2014 Sales Tax & Bond Program

In November of 2013, the City of Tulsa electorate approved a \$918.7 million capital improvements program to continue the rehabilitation of the City's arterial and residential streets, and address various departmental capital and infrastructure needs across the City as a whole. The program consists of \$563.7 million in sales tax and \$355 million in general obligation bond proceeds to fund the construction of 267 projects throughout the city. The program is currently projected to end in early FY21 once the \$563.7 million is collected.

(1) Assumption of 1% interest rate

(2) Sales Tax: FY15 Actual

(3) Sales Tax: FY16 Estimate; FY17-21 Budget

(4) Sales Tax figure reflects full year collections, however collections will cease once program has collected \$563.7 million in total.

Public Safety - \$78 million

Funds in this category have been used to replace police cars and helicopters, fire apparatus and equipment, and facility repairs. The largest Police Department project, \$4 million, will go to renovation and repairs at the Police Academy, Courts, and COMPSTAT building. Over \$22 million will be used to keep the Police vehicle fleet up to standards. The Fire Department will spend the majority of its funding on apparatus replacement (\$17 million) and fire station rehabilitation (\$7 million). The Information Technology Department has funding set aside to replace the City's aging Financial System (\$10 million) and the Police Department's aging Law Enforcement Record Management System (\$7 million), both of which are in the early stages of design.

Culture and Recreation - \$83 Million

Capital maintenance projects at most of the City parks and the Zoo are the largest projects in this category. Maintenance and renovation of shelters, bathrooms, playground safety surfaces and walkways will serve to keep parks useful and safe. Additionally, five pools will receive a total renovation. Design has currently begun on the McClure and Lacy pools. The Zoo projects include a new Tiger and Snow Leopard Exhibit, and Large Carnivores Exhibit.

This program has funded repairs and improvements to the Gilcrease Museum, safety improvements at the Performing Arts Center, and matching dollars for repairs at the City/County Library.

River Parks will receive \$4 million in funding to address facility maintenance repairs, and \$8 million to renovate a Pedestrian Bridge over the Arkansas River to complement the Gathering Place as part of the George Kaiser Family Foundation development.

Social and Economic Development - \$39 million

Four million dollars have been dedicated to the first phase of the Tulsa Animal Shelter Expansion, as well as more immediate rehabilitation projects on the facility. The expansion will focus primarily on the adoption and community outreach program spaces, creating a larger and more accommodating environment for pet adoption. Additionally, \$35 million has been dedicated to Planning and Development projects, including \$11 million for storm, sewer, and street infrastructure related to the Eugene Field Redevelopment project. Another \$6 million has been funded for the Annual Economic Development Priority Opportunities project. These tightly monitored, yet rapidly deployable funds will be available for remedial infrastructure improvements directly related to business retention expansion, and recruitment within Tulsa.

FY17 CAPITAL BUDGET FUNDED PROGRAM STATUS & OPERATING IMPACT

Flood Control - \$3 million

This package includes \$3 million for an engineering study of levees in Levee District 12, as well as limited and necessary improvements to the levee system.

Streets and Transportation Projects - \$655 million

A significant portion of the streets and transportation funds have been used to rehabilitate the city's streets - \$275 million for residential streets and \$208 million for arterial streets. Another \$81 million will be dedicated to widening many of the city's overloaded major arterial streets and intersections. Twenty million is dedicated to intersection improvements and another \$16 million for bridge repair and replacement. Funds were also set aside to perform street surface repairs and crack sealing, and various traffic related improvements. In addition, this program includes money to purchase transit buses and vans to improve service to Tulsa's transit patrons.

Facilities Renovation, Capital Equipment, and Equipment Management - \$60 million

Out of the \$60 million allocated, \$46 million has been dedicated to purchase capital equipment such as dump trucks, excavating equipment, and mowing equipment. Another \$9 million has been reserved for replacing roofs, repairing parking lots, replacing air conditioning units, Americans with Disabilities Act modifications, and other general building repairs. Lastly, \$6 million will be appropriated to the Equipment Management Department for Compressed Natural Gas fleet fueling infrastructure expansion, which is already under design, facility maintenance and improvements, and Radio Frequency Identification Systems for use at all City fuel locations.

FY17 CAPITAL BUDGET FUNDED PROGRAM STATUS & OPERATING IMPACT

201* `Hi `gU9W`bca]WJ]g]cb`GU`Yg`HU `Dfc[fUa

The City of Tulsa electorate approved a temporary sales tax levy of a little over 3/10ths of a cent on April 5, 2016 for the purpose of funding economic development projects within the City of Tulsa. The temporary tax will be in place for 15 years and go into effect on January 1, 2017 and end of on December 31, 2031. The tax will fund over \$510.6 million in major capital projects across the City.

Major focal points of the tax initiative are the Arkansas River, Gilcrease Museum, the Cox Business Center, Tulsa Zoo and a number of other community driven economic development projects. Improvements for the Arkansas River have been discussed for a number of years and were initially identified in the Arkansas River Corridor Master Plan in 2004. A total of \$127.2 million has been included in the program to fund two low water dams, one at 31st St. and Riverside Dr. and the other in south Tulsa near 96th Street, that form a major component of the vision for future development along the Arkansas River. The Gilcrease Museum is also an overwhelming priority of the citizens and the tax will provide \$65 million to completely redesign and re-imagine the museum and its multi-billion dollar collection. The Tulsa Zoo and Cox Business Center will receive a combined \$82.3 million to construct new exhibits and to implement a new master development plan for the business center and arena district. The remaining funding will be programmed for improvements to the park system, airport infrastructure, and other tourism, education and healthcare related projects.

The City will likely utilize revenue bonds to advance fund the construction of many of the projects contained in the program. Annual revenues from the tax will be pledged for debt service. The timing of any bond sales will be dictated by project timelines and could potentially occur as early as the fall of 2016, however, if design and engineering considerations warrant; a sale might be scheduled for spring or early summer of 2017. The first sales tax revenue will not be received until February of 2017. Projected revenue estimates for the program are shown in the table below:

2016 Tulsa Economic Vision Sales Tax Fund

(1) 4.5 months of estimated collected revenue

(2) FY17-24: Budget Estimate

(3) Total shows 8 year of collection; however entire program runs for 15 years and is expected to collect a total of \$510.6 million.

FY17 CAPITAL BUDGET FUNDED PROGRAM STATUS & OPERATING IMPACT

Fiscal Year 2016-2017 Capital Budget

As a part of the annual budget process, the Mayor and City Council determine the appropriations for approved Capital Improvement Projects. They are funded from numerous sources including Sales Tax, general obligation bonds, enterprise funds, utility system revenue bonds, Oklahoma Water Resources Board loans, and federal transportation grants. The following is a list of capital projects, by funding source, being funded in FY16-17 and FY17-18.

| Funding Source, Department and Project | FY16-17 Appropriations (in dollars) | FY17-18 Appropriations (in dollars) |
|---|---|---|
| Water Enterprise Capital Projects Fund (6021) | | |
| 72"Transmission Main - A.B.Jewell to 129th E. Ave - Phase 1 | \$ 700,000 | \$ 0 |
| A.B. Jewell WTP Electrical - Upgrade TMUA-owned medium voltage switchgear | 300,000 | 2,600,000 |
| A.B. Jewell WTP Instrumentation & Control - SCADA System | 900,000 | |
| A.B. Jewell WTP Replace East Clearwell West Clearwell Valves & Curtain Wall | 4,120,000 | |
| A.B. Jewell WTP Residuals Handling, Thickening and Dewatering Improvements | 3,000,000 | |
| Berry Hill Waterline Extension | | 1,030,000 |
| Central Business District Water Main Replacement | 581,000 | 350,000 |
| Dead-End 12" Distribution Mains Connections & Extensions | 350,000 | 350,000 |
| Eucha Dam Anchoring | 900,000 | |
| Eucha Dam Radial Gates Rehabilitation | 500,000 | 5,000,000 |
| Eucha, Spavinaw Water Quality Court Master | 560,000 | 580,000 |
| Lake Yahola Terminal Storage Repair | 200,000 | 2,000,000 |
| Large Water Valve Replacement - City Wide | 100,000 | 100,000 |
| Modify Spavinaw/Oologah Intertie near Bird Creek Pump Station | | 102,000 |
| Raw Water Flowlines Repairs Oologah | 100,000 | 250,000 |
| Raw Water Flowlines Repairs Spavinaw | 250,000 | 250,000 |
| Raw Water Flowlines Repairs Tiawah Tunnel | 500,000 | 1,000,000 |
| Secondary System Upgrades - Tulsa 2 Service Area | 971,000 | |
| Source Water Protection & Management Program | | 752,000 |
| Spavinaw Pump Station Rehab & New Flowmeter | 150,000 | 750,000 |
| Transmission Line Condition Assessment - Citywide | | 200,000 |
| Unruh Terminal Storage Repair | 75,000 | 350,000 |
| Unserved Areas | 100,000 | |
| Utility Bridges - Repaint/Rehabilitation | 100,000 | 100,000 |
| W. 23rd St. 16" Transmission Line | | 1,236,000 |
| Water Line Relocations-Citywide | 1,560,000 | 800,000 |
| Water Mains Replacements - City Wide | 8,300,000 | 5,800,000 |
| Water Mains Replacements - Less than 6-inches | 4,244,000 | 2,732,000 |
| Water Tanks - Repaint/Rehabilitation | 1,500,000 | 3,000,000 |
| Total Water Enterprise Capital Projects | 30,061,000 | 29,332,000 |
| Water Revenue Bonds Capital Projects (Proposed) | | |
| A.B. Jewell Clarifier Upgrades/Rehabilitation | | 7,200,000 |
| A.B. Jewell WTP New Emergency Generator Equip | | 3,550,000 |
| Cherokee Water Lines - 2020 | | 9,500,000 |
| Eucha Dam Radial Gates Rehabilitation | | 5,000,000 |
| Mohawk WTP HSPS Rehabilitation and Improvements | | 1,554,000 |
| Water Mains Replacements - City Wide | 1,700,000 | 5,127,000 |
| Total Water Revenue Bond Capital Projects | 1,700,000 | 31,931,000 |

FY17 CAPITAL BUDGET

FUNDED PROGRAM STATUS & OPERATING IMPACT

FINANCING CAPITAL PROJECTS

The City has identified a large inventory of capital needs. The primary funding sources available to finance them are:

- Sales Tax
- Enterprise funds and related revenue bonds
- Oklahoma Water Resources Board (OWRB) State loans for sanitary sewers
- General Obligation Bonds
- Federal and state highway funds and transportation grants

Each is reviewed below and analyzed for availability and ease of use.

Sales Tax

The City has used a temporary sales tax for capital improvements since 1981. It has been popularly known as the “Third Penny Sales Tax”, however, the rate has varied over the years from a penny to slightly more than a penny. This tax has provided over \$2.4 billion for all types of capital projects. The voters again approved the extension of this tax in November 2013 along with an accompanying 0.1 percent increase to generate \$564 million thru 2021 to address both street improvements throughout the city as well as citywide departmental capital needs.

Enterprise Funds

Enterprise funds are used to finance operations in the city that are similar to private utilities. The intent is to recover the costs of providing these services by charging the persons using them through an approved rate structure. The City and its trusts have used this method of financing capital improvements and operations in a variety of areas including water, sanitary sewer, stormwater management, parking facilities, solid waste disposal, golf courses, and emergency medical services.

There are two ways capital facilities can be financed through user fees:

- 1) On an annual basis from collections (pay as you go), and
- 2) Revenue Bonds

It has been the policy of elected officials to finance all water, and solid waste disposal improvements with enterprise funds. Sanitary sewers, golf courses and flood-control facilities are not totally self-supporting and, barring a policy change, it is not contemplated they will be during the five-year time frame of this plan. Parking facilities are normally self-supporting, but two parking projects were included in the 2006 Sales Tax Proposal in support of downtown development.

FY17 CAPITAL BUDGET FUNDED PROGRAM STATUS & OPERATING IMPACT

State Loans for Sanitary Sewers

As part of the 1972 Clean Water Act, the Federal government provided municipalities with grants to construct sanitary sewer improvements needed to meet the new water quality standards. During the 1980s, the grants became loans and the State was placed in charge of administering the loan program. The City used this program to finance over \$465 million in sanitary sewer projects. The program had been an attractive financing tool, as the interest rates were often lower than could be achieved through traditional bonds. However in FY16, TMUA issued its first Utility Revenue Bond which provided \$10 million in funding for sanitary sewer projects. If these bonds prove to be financially beneficial, it is likely the authority will continue issuing in this manner.

General Obligation Bonds

General Obligation (GO) Bonds can be issued by an Oklahoma municipality only upon the consent of the voters in the jurisdiction. They are retired with a dedicated annual levy on property. There are several ways to judge the appropriate level of a municipality's GO debt. One of the most common is the ratio between the jurisdiction's annual net assessed value and the amount of outstanding obligations. Tulsa's Net General Obligation Bond Debt was \$464 million on June 30, 2015. This is 14.4 percent of the City's net assessed valuation, well below the 25 percent used by bond underwriters as an indicator of fiscal prudence. Using the 25 percent limitation as a standard, the City has an additional \$343 million in general obligation bonding capacity.

FY17 CAPITAL BUDGET FUNDED PROGRAM STATUS & OPERATING IMPACT

Per capita debt is another measure of appropriate debt levels widely used by bond rating agencies and other financial firms. In FY15, Tulsa's per capita debt was \$1,163.

A final measurement is the mill levy required each year to retire maturing obligations. As shown below, the property tax levies in Tulsa increased as each bond issue was sold. The levy amount actually declined when the bonds authorized in 1999 were issued, with the last bonds being sold in February, 2002. The increase in the assessed valuation, along with low interest rates, caused this fortunate outcome. With the approval of the 2005 General Obligation Bonds, the required levy began increasing in FY07 and is currently 22.79 mills. With the approval of the 2008 General Obligation Bonds and 2014 General Obligation Bonds, the levy will continue to increase to a projected peak in 2018 of 24.2 mills.

FY17 CAPITAL BUDGET

FUNDED PROGRAM STATUS & OPERATING IMPACT

Federal and State Highway Funds and Federal Aviation Administration Grants

Federal and state gasoline and diesel tax collections are used to maintain and build transportation facilities. Most of the Federal funds are granted to state departments of transportation for administration at the state level. Some of the money comes earmarked for interstate highways, some for other federal highways, some for local streets, and some for roads in rural areas. During the time frame of this plan, most of the money from this source will be needed to construct the Gilcrease Expressway, make improvements to I-44 and other area expressways, and provide matching funds for approved street projects; however, other arterial widening projects will utilize this funding source to a limited extent.

Conclusion

The City's capital financing programs will continue to utilize a uniform approach for meeting needs without overburdening any one financing source or segment of the city. This program continues the policy of a balanced use of available capital financing sources and proposing bond financing to continue systematic programmed infrastructure maintenance. The other resources include; state loans for sanitary sewers, federal funds for transportation and trail improvements, and revenue bonds and enterprise funding for water, sewer, stormwater, parking, and E911 projects.

SECTION 7: CAPITAL INVENTORY

This section of the document provides information about the capital projects requested by the City departments. The projects are listed by department with cost estimates and an indication of the Council district(s) they would serve.

This section is for information only and is not part of the ordinances adopted by the City Council.

CONSTRAINED CAPITAL PROJECTS INVENTORY

INTRODUCTION

The structure of the CIP project inventory and funding table reflects future funding constraints and the impact of capital projects on the operating budget. CIP projects classified as expansion must be justified based on three business case criteria. These criteria are;

- Return on Tax Dollars/Investment (ROI)
 - Factors being considered;
 - Cost avoidances
 - Payback period
 - Effects on; efficiency, social conditions, service delivery and/or internal processes
 - Potential new revenues
- Linkages and Leveraging
 - Factors being considered;
 - Coordination and incorporation of projects which span multiple departments
 - Coordination with county, state or federal governments
 - Priority in adopted comprehensive or designated master plans
 - Relation to an existing or uncompleted capital project
- Alignment with the City's Strategic Initiatives
 - Relation to;
 - Economic Development
 - Enterprising Local Government
 - Community Development
 - Public Safety
 - Energy Innovation

In addition, all projects will be categorized into tiers based on the following priority definitions:

- **Tier I**

Tier I represents projects that have pressing funding needs. These include projects that address one or more of the following categories;

 - Health and Safety: A project that address' an *immediate* major health or safety hazard in the City.
 - Emergency Capital Replacement: A project that address' an *immediate* degradation of the structural integrity to a City asset.
 - Mandates: A project *required* by a binding commitment (legal, contractual, or regulatory).
 - Matching Requirements: A failure to fund the project will result in a loss of funds committed to the City for a specific purpose.
 - Economic Development
- **Tier II**

Tier II projects may not address an immediate need. If an expansion project, it should address the City's Strategic Initiatives, have a clearly defined return on the City's tax dollars and show an effort was made to identify linkages and leverages. Rehab and replacement projects should

CONSTRAINED CAPITAL PROJECTS INVENTORY

promote continued economic development, improve the integrity of a capital asset or promote service improvements.

➤ **Tier III**

Tier III projects may only address one or a couple of the business case criteria and/or City Strategic Initiatives and may not have an extraordinary identified need. The project may support continued growth or service improvements.

➤ **Tier IV**

Tier IV projects may address City strategic initiatives and have business case justifications, but may not be a necessity and potential alternatives may exist to supplement the projects' purpose. These projects may not be essential to the City's short term operations and/or goals, therefore may be deferred.

➤ **Expansion**

The expansion tier recognizes proposed projects that have a net financial benefit. The expansion tier represents 10% of the total unfunded inventory and consists of the top projects that have identified the most potential net financial return to the City.

The Constrained Capital Projects Inventory includes identified unfunded projects that fall within the priorities and estimated resources of the City for the next five years. This inventory totals \$4.5 billion. Water, sewer, and some stormwater projects will receive funding within the next 5 years, and all other department projects will be reviewed for funding in the next five years. Projects which fall outside this timeframe have been deferred and placed in the unconstrained inventory. A summary can be found on page 9 of Section 5. Projects scheduled for funding in FY 17 will be enterprise funded projects only. Upon the implementation of a new capital program, it is likely that Sales Tax proceeds will be allocated to projects beginning in FY 22, while general obligation bond proceeds could begin to be allocated to projects as early as FY 20. It is expected the majority of the bond proceeds would be dedicated to the major rehabilitation of streets, in order to meet the Pavement Condition Index (PCI) of 65 by FY 21.

The constrained inventory of capital needs is organized according to major program categories and departments. Each year elected officials decide which projects in the inventory should be funded. In many instances, the costs of the high priority projects are great enough to justify a sales tax or bond proposal. The following section lists the capital requests by department. Virtually all of the projects have been identified in various long-range plans adopted or approved by a board, an authority, or elected officials. They also have been reviewed by the Tulsa Metropolitan Area Planning Commission and judged to be in accordance with the City's Comprehensive Plan.

Projects that do not have a basis in adopted planning documents or have undocumented operating impacts are not considered for inclusion in the constrained inventory or funding table.

In addition to the project inventory, this section contains information about the origin of the projects, cost estimates, and an indication of the City Council Districts they serve. In most cases, the Council District number(s) correspond to the actual district(s) served, but in instances involving a facility with a citywide service area, the district served is represented by "Citywide". Projects listed in bold letters are new additions to the existing inventory since the last adoption of the Capital Improvements Plan by the City Council.

**Designations have been added to projects that are identified goals within the City's Strategic Plan. A summary of the strategic planning goals is included in section 1 of the Annual Budget and Capital Plan.*

POLICE DEPARTMENT

CONSTRAINED CAPITAL PROJECTS INVENTORY

The majority of the Police Department's existing capital needs have been included in the voter approved Improve Our Tulsa Capital Program. They will continue to receive funding in the coming years. These projects include improvements at various Police facilities, as well as the replacement of their existing helicopter.

Of the remaining unfunded needs, the Police Department's highest priority is the 911 Facility. This building houses, among others, the City's 911 Emergency Call Center. Improvement projects have been submitted for the general rehabilitation of the building, as well as to replace large equipment used by the Call Center.

The Police Department's unfunded request is listed below. Existing and proposed police and fire facilities are shown on **Map 2**.

| Project Title | | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|------------------------------|----------------------------------|--|--------------------------|-------------------------|
| 1 | 911 MCC7500 Motorola Consolettes |  | 1,400 | Citywide |
| 2 | 911 Facilities Renovations |  | 336 | Citywide |
| 3 | Eurocopter |  | 3,000 | Citywide |
| 4 | Helicopter FLIR |  | 900 | Citywide |
| POLICE PROJECTS TOTAL | | | 5,636 | |

Projects listed in bold are FY17 additions to the inventory.

FIRE DEPARTMENT

CONSTRAINED CAPITAL PROJECTS INVENTORY

The continuing replacement of apparatus and the Department's self-contained breathing apparatus units (SCBA) remain to be the Fire Department's highest priorities. Although both were addressed in the Improve Our Tulsa Capital Package; they are ongoing needs. It will be necessary to carry these projects forward so they may continue to be addressed upon the end of the current capital package.

The Department's highest unfunded priorities include; replacing the existing Fire Station Dispatch Program. This is necessary to increase the effectiveness and reliability of Fire Department's responses.

The Department's remaining needs include: training props for the Regional Fire Training Academy, and storage for both fire equipment and apparatus.

Additionally, the Fire Department has identified four sites for relocation, and two for construction. These sites would be necessary to increase/improve safety coverage of the City; as based upon current population density, call volume, and response times.

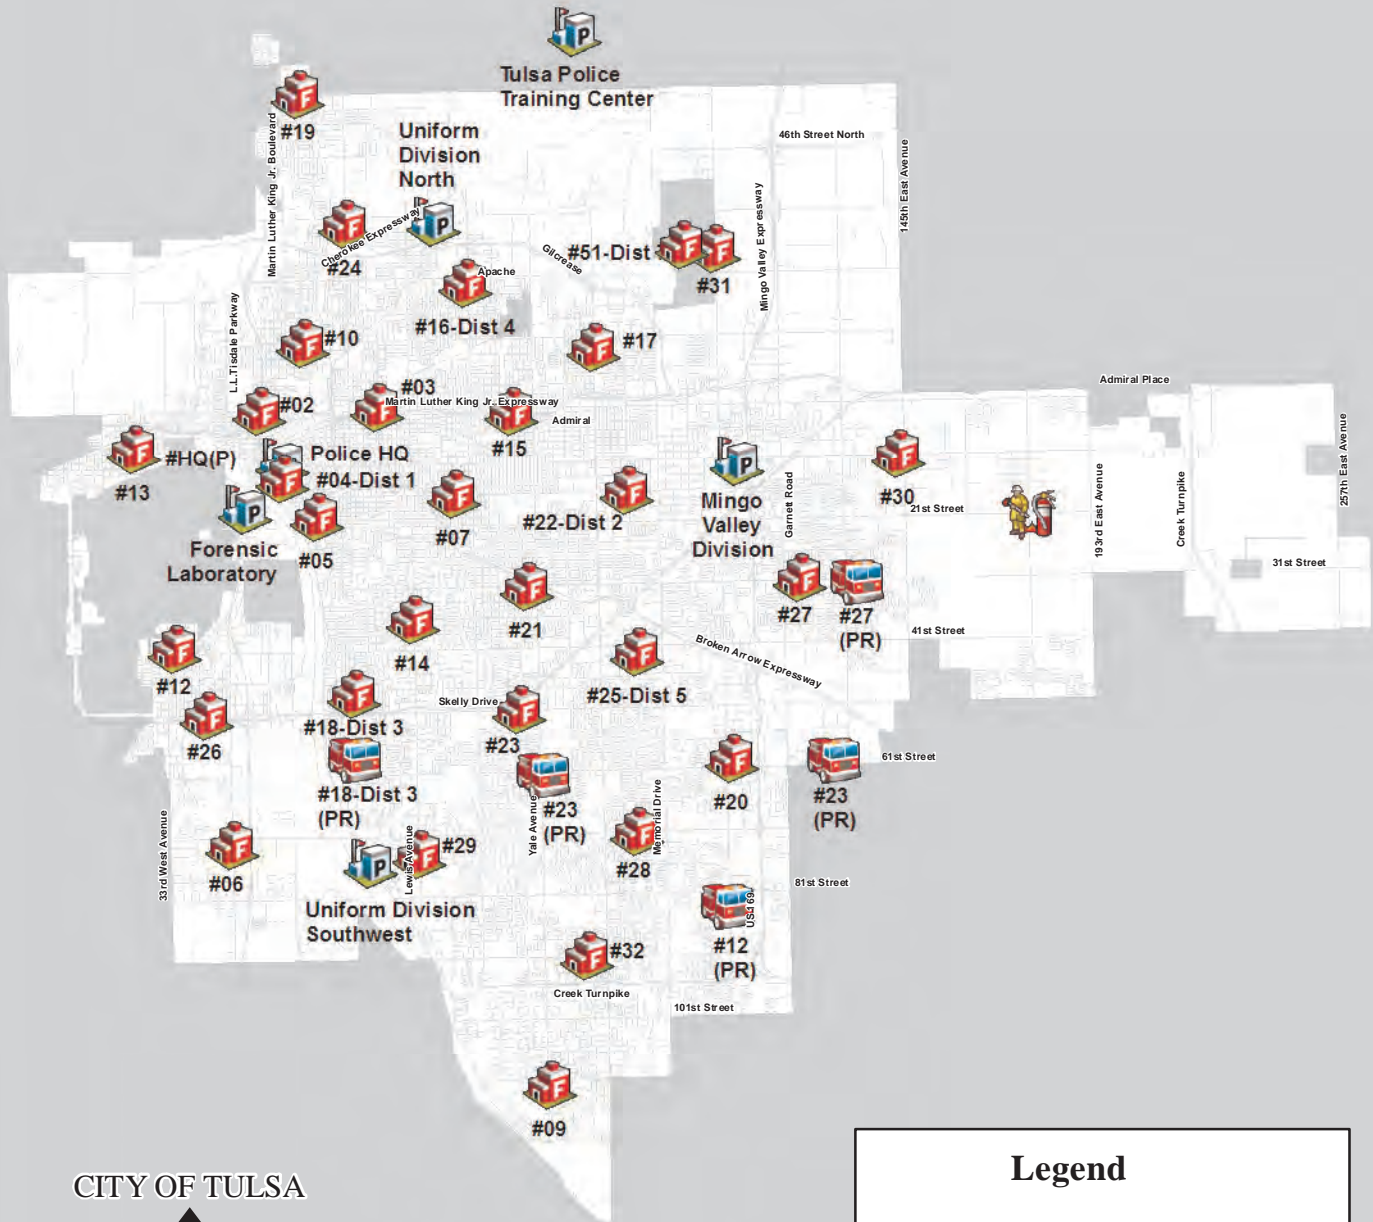

Fire Department capital improvement requests are listed below. Existing and proposed police and fire facilities are shown on **Map 2**.

| Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|--|--|--------------------------|-------------------------|
| 1 Regional Fire Training Props |    | 7,000 | Citywide |
| 2 Storage Facility | | 1,995 | Citywide |
| 3 Fire Station Dispatch Program |   | 2,500 | Citywide |
| 4 Apparatus storage |   | 4,662 | Citywide |
| 5 Apparatus Replacement |   | 18,630 | Citywide |
| 6 Fire Station 8 - Construct: 4800 S. 129th E. Ave. |   | 5,830 | Citywide |
| 7 Fire Station 27 - Relocate: 10400 E. 31st St. area |   | 5,830 | Citywide |
| 8 Fire Station 11 - Construct: 10400 E. Admiral Blvd. |   | 5,830 | Citywide |
| 9 Fire Station 18 - Relocate: 5600 S. Peoria area |   | 5,830 | Citywide |
| 10 Fire Station 12 - Relocate: 8400 S. Mingo area |   | 5,830 | Citywide |
| 11 Fire Station 23 - Relocate: 5800 S. Yale area |   | 5,830 | Citywide |
| FIRE PROJECTS TOTAL | | 69,767 | |

Projects listed in bold are FY17 additions to the inventory.

PARKS

CONSTRAINED CAPITAL PROJECTS INVENTORY

The Park and Recreation Department's remaining unfunded high priority projects are related to system maintenance.

Parks Department Master Plan

The Park Department is involved in the implementation of the Park's Master Plan. The intention of the plan is to prioritize capital projects within the City's parks system which is made up of 143 parks covering roughly 8,035 acres. This includes nature centers, golf courses, 5 community centers, WaterWorks Art Studio, 5 swimming pools, 134 sports fields, 106 playgrounds, 103 tennis courts, 12 water playgrounds, 19 splashpads, 2 Skate Parks, 5 disc golf courses, 79 picnic shelters, fitness facilities, gymnasiums, meeting rooms and 64 miles of trails.

The Master Plan has integrated information from additional planning efforts for the City of Tulsa that have helped inform the planning process. These include:

- ❖ Summary of recent ten-year plan updates for Tulsa Neighborhood Implementation Plan Studies
- ❖ Downtown Tulsa Master Plan
- ❖ Brady Village Trail Plan
- ❖ Strategic Plan for the City of Tulsa Parks and Recreation Department
- ❖ Aquatics Inventory Analysis

Capital Project Inventory

While Tulsa is typical of many mid-sized cities in the United States with relatively low population densities, it nonetheless has a robust park system, with over 8,000 acres of parkland in the inventory, or about 23 acres per 1,000 persons. This is a healthy ratio and a satisfactory one that does not call for any major adjustments. The focus is on what is offered within this acreage and how it meets the needs of Tulsans.

A critical issue is the condition and configuration of the parks. Tulsa has many parks of approximately the same age that are reaching a point in their life cycle where repair and/or re-purposing is required. The plan calls for a new strategy. Tulsa's parks are looked at closely to determine what things within them are timeless, and what things are no longer relevant. Strategic prioritization is needed to determine if elements should be removed, replaced, or repurposed when funds become available. This strategy for addressing the repair and/or re-purposing of low-functioning components is included in the final Park's Master Plan.

As the Park's Department considers its existing infrastructure and resources, it has begun monitoring various trends so that preliminary strategies reflect them. Popularity has been growing in various specializations of parks, including; dog parks, skate parks, and water playgrounds. Conversely, with concern for more traditional parks, citizens are expressing a renewed desire for greater integration of nature into their parks. The desire is to create more natural areas to serve as a refuge from more urban landscapes. Additionally, demand for more educational opportunities is growing. As such, new focus is being directed at designing parks to encourage discovery, nature, adventure, and art play. Lastly, citizens are expressing desire for more events at local parks, in order to help serve as an anchor with which to build a sense of community.

PARKS

CONSTRAINED CAPITAL PROJECTS INVENTORY

The Park and Recreation Department's Master Plan capital improvement strategy is organized around these functional areas.

- ❖ Update parks and facilities to address changing needs and desires
 - Improve existing parks to meet community standards
 - Utilize an inventory analysis of existing pools to determine which pools are functional, which need repairs, and which should be replaced or decommissioned.
 - Improve water playgrounds.
 - Increase access to natural areas and open space
 - Create a series of destination parks throughout Tulsa
 - Achieve and maintain an appropriate level of service for all parts of Tulsa

- ❖ Maximize recreation program management
 - Enhance recreation program planning method
 - Conduct a program life cycle analysis
 - Implement new programs based on research and feedback
 - Assess services to determine the City's responsibility for the provision of each type of service offered
 - Develop procedures and policies to accurately track program participation and drop-in facility use
 - Create and implement a cost recovery philosophy and policy
 - Track performance measures for all park and recreation services.

Conclusion

The Park Board's highest priority continues to be the maintenance of the existing system. The needs range from roof repairs to air conditioning. They also include remodeling existing facilities to more closely match the needs of today's users and adding storage to protect valuable equipment. The following is a listing of the unfunded needs identified for the park system. The programs are listed by functional category. The parks where improvements total over \$100,000 are shown on **Map 4**.

| | Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|---|---|--|--------------------------|-------------------------|
| 1 | Add Restroom Facility (Zink, Pielsticker, Helmerich @ averaging \$400,000 each) |  | 1,200 | 1,2 |

TULSA ZOO

CONSTRAINED CAPITAL PROJECTS INVENTORY

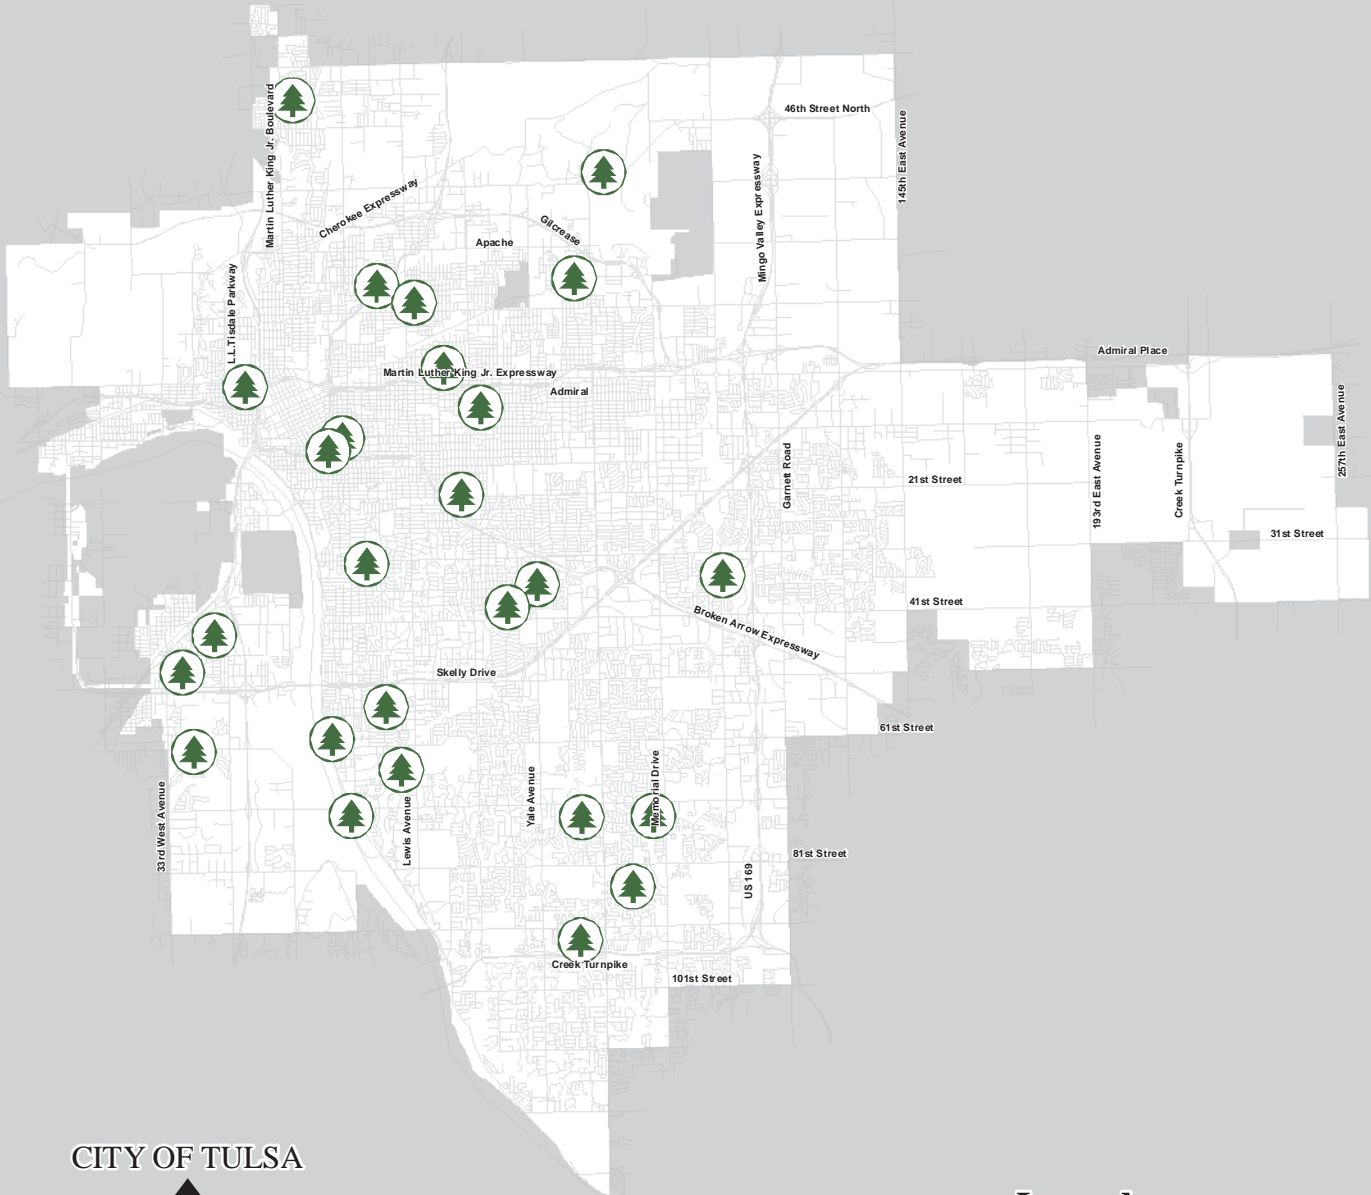

In 2010, the City of Tulsa transferred maintenance and operations to the private company Tulsa Zoo Management Incorporated (TZMI). Through a comprehensive facility evaluation completed in 2010, and the Tulsa Zoo Master Plan completed in 2012; TZMI has identified \$127.5 million in necessary improvements for failing exhibits and buildings. In 2013 voters approved the Improve Our Tulsa Capital Program, of which \$11.75 million would go to address the *Carnivores* and *Tiger & Snow Leopard* Exhibits. The remaining unfunded projects listed below were targeted because they address the general safety, health, and welfare issues of zoo patrons, staff and animals as well as deferred maintenance. By focusing on these exhibits, the zoo will continue to make progress on its 20-year master plan.

| | Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|---------------------------|---|-----------------------|--------------------------|-------------------------|
| 1 | Lost Kingdom - Renovate/Expand Elephant Exhibit and Front Entry | | 30,000 | Citywide |

GILCREASE MUSEUM

CONSTRAINED CAPITAL PROJECTS INVENTORY

The majority of the Gilcrease Museum’s capital needs were addressed in the most recent voter approved, Improve Our Tulsa Capital Program. These improvements will include facility upgrades and repairs, as well as roof rehabilitation. Projects in the Improve Our Tulsa Program began receiving funding in 2014. The Museum’s highest current priority is the upgrade and replacement of the existing and outdated Halon Fire Suppression system and Closed Circuit Television system. Of the museum’s remaining unfunded priorities, is the Gilcrease Museum desire to expand their facilities through the construction of additional space. This expansion would be utilized for a variety of functions including exhibits and education. The remaining projects address general repairs of the Museum itself, such as replacing steam boilers, air handlers, and lighting upgrades.

| Project Title | | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|---------------------------------|---|--|--------------------------|-------------------------|
| 1 | Interior and Site Signage | | 160 | Citywide |
| 2 | Restore Gilcrease House | | 1,273 | Citywide |

Projects listed in bold are FY17 additions to the inventory.

COX BUSINESS CENTER & BOK ARENA

CONSTRAINED CAPITAL PROJECTS INVENTORY

Vision 2025 funded the ballroom/meeting rooms and minor interior renovations to the public gallery areas and convention center arena. The Ballroom opened in January of 2010. Updating and renovating other areas of the facility are now the top priorities for future funding. The Sports Management Group's (SMG) highest priorities include replacing the now obsolete fire alarm systems located both at the BOK and at the Cox Business Center (CBC). Recently, a plan for expanding the CBC has been developed in combination of SMG staff and the Mayor's Office of Economic Development. The desire is to update and expand the facility in an effort to aid Tulsa in remaining competitive with other regional convention centers, and maximize efficiencies with the BOK.

Without the expansion, SMG staff desire continues to be to replace and upgrade various telecommunications, marquee, and video display units in order to remain competitive in attracting large performances and conventions to Tulsa. All remaining projects will address general facility repairs at both the BOK Arena and the Cox Business Center; such as plumbing, electrical, and exterior improvements.

| | Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|----|---|--|---------------------------------|--------------------------------|

PERFORMING ARTS CENTER

CONSTRAINED CAPITAL PROJECTS INVENTORY

The Performing Arts Center's (PAC) most pressing needs were approved for funding in the Improve Our Tulsa Capital Program. With the exception of the HVAC Upgrade project, each of the PAC's remaining needs address interior finishes and repairs within the facility. As more patrons continue to utilize the PAC, staff has expressed interest in adding a 2 ½ story space along the west wall; abutting 3rd Street. Additionally, this will create new foyers outside the existing front wall. This would provide a central lobby where individuals may congregate between shows, or the PAC may use for special event seating. Various interior finishing projects remain a priority as well, including; seat replacement in the Liddy Doenges Theater, repair of the Chapman ceiling and lighting units, and concrete repair of the loading docks.

| Project Title | | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|-----------------------------|---|--|--------------------------|-------------------------|
| 1 | TPAC Loading Dock and perimeter concrete repair | | 150 | Citywide |
| 2 | TPAC Facility wide HVAC upgrade | | 250 | Citywide |
| 3 | Chapman Ceiling / Lighting unit | | 300 | Citywide |
| 4 | Tulsa PAC Renovation and Expansion |  | 94,660 | Citywide |
| 5 | Doenges Theater entrance and seating retrofit. Upgrade seating and restore theater entrance to preferred configuration. | | 500 | Citywide |
| 6 | New mid-sized theatre for Tulsa Performing Arts Center |  | 28,400 | Citywide |
| PARKS PROJECTS TOTAL | | | 124,260 | |

Projects listed in bold are FY17 additions to the inventory.

RIVER PARKS

CONSTRAINED CAPITAL PROJECTS INVENTORY

In 2007, the River Parks Authority, City, County and INCOG, along with the Corps of Engineers, completed a \$500,000 River Corridor Development Study. The study identified a number of projects throughout the River Parks system including the renovation of the River West Festival Park, improvements on the east bank between 11th and 21st streets, including a Route 66 center and commercial facilities at 19th and Riverside, and resurfacing and widening of the trails. These were the highest priorities of the Authority and proceeds from the 2006 Sales Tax Extension Program and Vision 2025 have been allocated for them.

The remaining unfunded high priorities in the River Park's capital project inventory are the acquisition of additional land in the 101st – 121st & Sheridan area, the maintenance of existing facilities, the Turkey Mountain Land Acquisition and improvements, the total renovation of the deteriorating Zink Dam, and various improvements for economic development along the Arkansas River.

| | Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|-----------------------------------|--|---|--------------------------|-------------------------|

STREETS

CONSTRAINED CAPITAL PROJECTS INVENTORY

The top priority for this area of the City's Capital Improvements Program continues to be arterial and residential street rehabilitation and resurfacing. Since 1996, GO Bond and Sales Tax programs have provided \$661 million for street construction and rehabilitation. In 2008, voters approved a \$452 million streets package to repair Arterial and Residential streets and Bridges throughout the City of Tulsa over five years. In 2013, voters approved another \$624.9 million in general obligation bonds and dedicated sales tax; to repair Arterial and Residential streets throughout the City. Most recently, in 2016 voters approved a permanent 0.85% tax increase to fund routine and preventative street maintenance, as well as some infrastructure and limited operational funding for the City's public transportation system.

Planning Background

Two transportation-planning instruments are used to determine street and expressway projects in the Tulsa area. The Tulsa Metropolitan Area Transportation Study (TMATS) is the State-mandated planning program used to determine regional transportation funding priorities. The other planning tool, the Major Street and Highway Plan (MSHP) which was updated recently to reflect new cross sections developed for the City's updated comprehensive plan, has been in existence for over 50 years and delineates the routes and widths of street right-of-way and the suggested number of lanes that should be constructed when arterial streets are improved. All proposed expressway and street improvements are based on these plans. For arterial streets included in the 2013 funding program, a new planning tool called an Multimodal Mobility Study has been introduced as part of the City's ongoing commitment to planning, designing and constructing Complete Streets. The Complete Streets Procedural Manual has been developed to assist staff and design consultant engineers to develop street projects that serve the needs of all users including automobile, transit, bicycle and pedestrian. This analysis is utilized to determine alternative lane configurations and roadway cross sections that are viable to serve all modes of travel as best as possible, and inform final decisions in developing project plans.

Expressways and Highways

Since World War II, the federal government has collected and distributed tax revenue for the construction of highways, expressways and, to a lesser extent, streets in urban areas. The money is generated by taxes on gasoline and disbursed back to the states and local areas under a variety of programs. With the passage of the Economic Recovery Act in 2009, additional funds were available in FY 10 to address street needs. The formula used to determine each state's annual allocation is based on population, road mileage, and physical size.

The Tulsa area's share of federal and state highway funds varies from year to year. Most funds are used for the construction of expressways and other federal and state highways that serve the area, but some of the money is also used to improve local arterial streets. From FY 82 through FY 15, over \$1.7 billion was used to construct portions of Tulsa's expressway system and major streets, and make improvements to the U.S. and state highways that pass through the city. Tulsa only received \$8.6 million in 2008 which was used on a number of projects throughout the city; however, it received over \$95 million in 2007 and with emergency relief and stimulus funds combined received over \$195 million in 2009. In 2011, construction was completed on the stimulus package rehabilitation of the Inner Dispersal Loop (IDL). In 2012, construction continued on I-44 from Yale Avenue to the Arkansas River, and the southbound span of the I-244 bridge over the Arkansas River. In 2014, ODOT completed its final and largest segment of Tulsa's portion of I-44; at the surrounding interchange of South Lewis and I-44. Currently, ODOT is continuing work on I-244 north of Tulsa.

The local expressway system plan was originally developed in the 1950s. While it was designed as a regional network, the City later annexed most of the area it served. The plan shows 107 miles of expressways inside the city limits and/or annexation fence line. To date, 94 miles have been constructed. One segment of the expressway system remains incomplete: the Gilcrease expressway extending from the Tisdale Parkway west and south to I-44. The Gilcrease project has been defined in segments:

STREETS

CONSTRAINED CAPITAL PROJECTS INVENTORY

Gilcrease North - U.S. 75 west to the Tisdale Parkway, Gilcrease West - Edison Street to I-44, and Gilcrease Northwest - Tisdale Parkway to Edison Street. Construction of the Gilcrease North has been completed. Gilcrease West is under design and right-of-way acquisition is ongoing. The environmental clearance has been granted for that segment extending south of Edison Street to I-44. A Finding of No Significant Impact (FONSI) was issued in October of 2005 for the Gilcrease Northwest segment. Construction was completed on the section of Gilcrease Northwest between the Tisdale Parkway and 41st West Avenue in 2013.

In addition to the sections proposed for new construction, several of the existing expressways are overloaded (Map 5): I-44 west of Sheridan and U.S. 169 between I-244 and I-44. The 2014 traffic counts show the portion of I-44 at Yale Avenue carries 80,900, down slightly from 91,800 vehicles per day in 2000. U.S. 169 between I-244 and I-44 carries over 103,700 vehicles per day and has been widened to 6 lanes. US-169 has also been widened to 6 lanes between I-244 and the Tulsa city limits at 56th Street North.

The Oklahoma Department of Transportation (ODOT) is addressing the congestion problem on the state highway system. It began widening I-44 from four to six lanes between I-244 and the Arkansas River in the early 1990s. The segment between I-244 and the Arkansas River has been recently completed. In FY11, \$192 million of State and Federal Highway monies were awarded to Tulsa County for distribution among all entities within the County. This amount was significantly higher than the funding allocated in previous years. The spike in allocations was the result of receiving a TIGER grant award of \$60 million to be used at I-244 over the Arkansas River. Tulsa County was allocated \$136 million in 2015.

Tulsa County Allocations

FY 1993 - FY 2015
(in 000s)

Source: Oklahoma Department of Transportation

Local Arterials

While some federal monies are used to improve local arterial streets, most of the existing major streets were financed with local funds. There are 346 miles of designated arterial streets in the city. Seven miles are improved to six lanes; twenty miles are five lanes; 145 are four-lanes; and the remaining are two lanes.

TMATS uses the “Level C Service Volume” as the standard to gauge the adequacy of the street system. Generally, if a two-lane road carries over 11,900 vehicles a day or a four-lane carries more than 23,800

STREETS

CONSTRAINED CAPITAL PROJECTS INVENTORY

vehicles, it is not meeting this standard and needs to be analyzed for possible widening to four, five, or six lanes depending upon whether it is a secondary or primary arterial, or reconfiguration of the street cross section due to a multimodal analysis. As shown on **Map 6**, the problem areas at this time are generally located south of 21st Street between 145th East Avenue and the Arkansas River.

Because urban street projects are complex and time consuming to implement, the City historically advance funds engineering under one capital financing program and then finances construction from a following program. For example, the 1994 Bond Issue and 1996 Sales Tax programs financed the engineering of more than a dozen street projects. Funds for the construction of some of these projects were contained in the 2001 Sales Tax Extension and for others in the 2006 Sales Tax program. Design of fourteen street projects has been funded in the 2005 Bond Issue and the 2006 Sales Tax. Construction of these and other previously designed projects began in the Fix Our Streets sales tax program in 2008. Currently, the 2014 Improve Our Tulsa capital program will fund the construction of four widening projects; as well as two widening design projects; which will be constructed in a future capital program.

Arterial and Residential Street Maintenance and Replacement

The City started using the pavement management system for management of street maintenance and replacement, in 1988. Each street in Tulsa is now examined periodically to determine its current condition and useful life, using the Pavement Management System (PMS). According to the Engineering Department PMS calculations, the City needs to spend over \$790 million on arterial and residential street rehabilitation to bring the City's average Pavement Condition Index (PCI) up to 70. The City has begun to address this issue with the passage of the 2008 Fix Our Streets Improvement Program in November 2008, which dedicated \$452 million toward improving the overall residential and arterial street conditions across the City. Continuing on this progress, voters approved another capital program in November, 2013. The new program dedicates \$486.9 million to Arterial and Residential repair.

Conclusion

Transportation related improvements are among the most expensive capital projects. They also require a comparatively long time to design and construct. Following is the current list of street and expressway capital improvements needs. **Map 7** indicates the sites of the major capacity enhancement projects. Cost estimates are based on five year increments except where otherwise noted.

WATER

CONSTRAINED CAPITAL PROJECTS INVENTORY

The goal of the water system is to provide clean water at adequate pressures for the health and safety of the citizens in accordance with all State and Federal regulations. The system has three components: (1) supply, (2) treatment, and (3) distribution. All must be capable of providing adequate amounts of water to meet customer demands. The Tulsa Metropolitan Utility Authority contracted with the Infrastructure Management Group (IMG) Team to complete a new comprehensive assessment of the City of Tulsa's water and sewer systems. The 2012 Comprehensive Water System Study (CWSS) reviews and builds on the previous comprehensive plans prepared in 2001 and updated in 2005. The study, which was completed in July 2012, reviews the current operation and capital needs of the water system and makes recommendations for future short-term and long-term capital improvements needed to meet the strategic objectives and priorities of Tulsa water system.

Historic and Projected Demand

The historic demand for water in Tulsa is documented in the following graph. Tulsa used a record volume of water during the summer of 2011. On August 1, 2011, Tulsa used 207 MGD of treated water; 94% of the City's current production capacity. As part of the new CWSS, historical population data and available growth projections were reviewed and an overall future growth rate for the Tulsa Metropolitan Statistical Area (TMSA) was selected. The data is then used to estimate future population and water demand for TMUA's service area over the next 50 years. Water demand is discussed in terms of system-wide max day projections. In addition to population, weather has a significant impact on the amount of water that is used. Hot, dry summers like the one Tulsa experienced in 2011 significantly increase the overall demand for treated water. The current maximum day demand for Tulsa without drought is 131.54 MGD. The CWSS provides a projection of the water system demand, with and without drought, through 2060. Future water demand projections will be used to determine the timing for water system improvements and future water system expansion.

WATER

CONSTRAINED CAPITAL PROJECTS INVENTORY

2015 to 2030 Projected Water Demand (In Millions of Gallons per Day)

| Year | Average | Maximum Day | Maximum Day with Drought |
|------|---------|-------------|--------------------------|
| 2015 | 110 | 185 | 210 |
| 2020 | 115 | 197 | 224 |
| 2025 | 123 | 210 | 239 |
| 2030 | 131 | 223 | 254 |

Source: CWSS 2012

Maximum Day (MGD) equals 1.78 times the Average Day (MGD)
14 percent increase in Maximum Day (MGD) for drought conditions

Since 2000, the average day water demand for the City of Tulsa has ranged from 96 to 115 MGD. The ratio between the average day and the maximum day over the last ten years ranged from 1.28 to 1.60. The variations in the average day and maximum day demands are primarily dependent on summer weather conditions, which ranged from cool and wet during the summer of 2004 to hot and dry during the summers of 2011 and 2012. However, in 2013 and 2014, the temperature trended towards cool and dry.

Supply

Tulsa has two sources of raw water: Spavinaw Creek (Spavinaw and Eucha Lakes) and the Verdigris River (Oologah Lake). They are supplemented by an emergency connection to Lake Hudson. Spavinaw and Eucha Lakes can provide an average annual yield of 59 million gallons per day (MGD) of untreated water under drought conditions; the City has water rights to 128 MGD from Oologah Lake; and Lake Hudson can provide 31 MGD in emergencies. In addition, a third permanent supply source has been obtained from the Grand River Dam Authority (GRDA).

In 1986, Tulsa contracted with GRDA to obtain additional raw water from the Grand River Salina Pumped Storage Project, which is owned by the GRDA. Tulsa entered into a contract to use up to 80 MGD from this source; however, there is currently no flowline conveyance system in place to bring this water to Tulsa. The 2012 CWSS reviewed the need to develop this source of water based on water demand projections and makes recommendations regarding the need and timing for the completion of the Third Raw Water Flowline. The construction of the Third Flowline may have a significant impact on the water system capital plan. While there are no immediate threats to the rights, the construction of a portion of the pipeline would solidify the city's rights under the beneficial use provisions of pertinent case law. Currently, construction is scheduled to begin in FY31.

Over the last 10 years, there has been a steady decline in the quality of water drawn from the Spavinaw Creek watershed. Increasing levels of phosphorus have caused algae blooms in the lakes. The algae blooms have led to taste and odor problems in the water. While some tastes and odors can be removed at the plant, some remain. The sources of the phosphorus pollution are dozens of large-scale chicken farms that have been constructed in this watershed. Intensive efforts are continuing to preserve water quality in Spavinaw and Eucha Lakes; such as the Eucha-Spavinaw Water Quality Court Master project, and the Source Water Protection and Management Program.

Treatment

Water from the Spavinaw system is treated at the Mohawk Water Treatment Plant. The Mohawk WTP was returned to full service in 1999 and has a daily treatment capacity of 100 MGD. The A. B. Jewell plant normally treats water from Lake Oologah. The original A. B. Jewell Plant was completed in 1972. It has been expanded twice and is now capable of treating a maximum volume of 120 MGD. Expansion of the water treatment plant capacity will be required to meet future growth demands. The 2012 CWSS projected maximum day water demands through 2060 with and without drought. The treatment capacity needs of the A. B. Jewell Plant were evaluated and the need and timing for system capacity expansions are addressed in the Capital Improvement Plan. Options to provide increased capacity at A.B. Jewell in the most cost effective and efficient manner will be evaluated prior to plant expansion, which is tentatively scheduled to begin within the next 5 years.

Asset Management is also a high priority for the water system. Continued maintenance and rehabilitation of existing plant infrastructure is required on an ongoing basis for both the A.B. Jewell and Mohawk WTP to replace equipment and infrastructure as it reaches the end of its service life.

Distribution

The distribution system is made up of water lines, pumps, hydrants, meters, and storage facilities. As of June 2015, there are 2,304 miles of water lines, 16,865 fire hydrants, and 142,738 service meters. The system is designed to provide water to customers in accordance with Oklahoma Department of Environmental Quality standards. Tulsa distribution system meets or exceeds performance criteria for water quality, pressure and flow.

While current pipe size and construction standards are adequate, numerous parts of the distribution system are old and/or were built in areas previously outside the city limits and do not meet today's standards. The present distribution system contains over 300 miles of waterline that is more than 70 years old, including 100 plus miles of 2-inch diameter waterline and over 1,200 miles of water line that is more than 40 years old. Approximately half of the Tulsa water system consists of cast iron piping. Although distribution system integrity is adequate, a disproportionate number of breaks and leaks occur in the legacy 2-inch and 6-inch waterline systems.

Distribution system priorities include maintenance of existing infrastructure and replacement and rehabilitation of aging waterlines. Water main replacement is coordinated with street rehabilitation projects to maximize efficiency and minimize disruption to neighborhoods and businesses. Additionally, an ongoing replacement program is underway to upgrade undersized waterlines to improve the level of

WATER

CONSTRAINED CAPITAL PROJECTS INVENTORY

service, reliability, and fire protection to areas served by legacy systems. The major lines in the distribution system and the location of plants are shown on **Map 8**.

Conclusion

Providing high quality water service, protecting the Spavinaw Creek watershed and the City's other raw water supplies from further pollution, replacing and rehabilitating aging infrastructure, planned system expansion to meet future growth, and security are ongoing priorities. Continued investment in infrastructure is required to insure that Tulsa's goals are met. The current water system capital project requests are listed in the following table. Those that can be shown on a city map are on **Map 9**. The following inventory contains the 30 year cost estimates for all projects which shall receive funding within the next 5 years, as submitted in their most recently adopted TMUA capital plan.

SANITARY SEWER

CONSTRAINED CAPITAL PROJECTS INVENTORY

Between 1992 and 2008, over \$240.1 million in General Obligation (GO) Bond proceeds and Sales Tax funds were allocated for sewer system improvements. These programs, along with state revolving loans, provide funding for critical projects. Even with this high level of funding, the inventory of needed sanitary sewer projects still exceeds \$365 million in the next five years. The Tulsa Metropolitan Utility Authority contracted with the Infrastructure Management Group (IMG) to complete a new comprehensive assessment of the City of Tulsa’s water and sewer systems. The 2012 Comprehensive Sewer System Study (CSSS) reviews and builds on the previous comprehensive plan prepared in 2003. The study, which was completed in 2012, reviews the current operation and capital needs of the sewer system and will make recommendations for future short-term and long-term capital improvements needed to meet the strategic objectives and priorities of the Tulsa sewer system. The projects appearing within the inventory below are a result of the most pressing needs identified by IMG over the next 5 years.

The City’s sanitary sewer system is designed to collect and treat sewage and return clean water to area streams and rivers in accordance with State and Federal standards. The sewer system can be divided into two components, the collection system and treatment plants. The collection system consists of collector sewers, larger diameter “interceptors,” along with lift stations and force (pressurized) mains. Tulsa is divided into four basins each served by a treatment plant: Northside, Southside, Haikey Creek, and Lower Bird/Spunky Creek. **Map 10** shows the locations of the large interceptors in the collection system and the plants.

Source: Water and Sewer Department

Because of different land uses and stream classifications in the basins, each plant must meet different treatment requirements and standards established by the Federal Clean Water Act. At this time, the City is meeting all of these standards, but continues to improve the system to meet future standards. The projects needed to meet state and federal requirements, as well as other facilities needed to improve service, are documented in various inflow and infiltration studies conducted over the last fifteen years.

Northside Service Area

The Northside Wastewater Treatment Plant is located at the confluence of Bird and Mingo Creeks. This plant can treat 42 mgd to advanced secondary treatment levels. Many of the previously identified repairs in the Northside Service Area are complete. Work continues on nitrification improvements.

SANITARY SEWER

CONSTRAINED CAPITAL PROJECTS INVENTORY

Southside Service Area

The Southside Wastewater Treatment Plant, located at West 51st Street and the Arkansas River, also has a treatment capacity of 42 mgd. The plant is undergoing a \$12 million improvement program to address UV Disinfection and Anaerobic Digester repairs, and should be complete in mid-2016. In 2013 \$4.5 million in OWRB loan funds were appropriated to address odor control improvements. Design has concluded and another \$2.6 million in OWRB loan funds was appropriated in 2015 to complete improvements. Most recently, funds have been appropriated to address screening improvements to better filter particulates.

Like the Northside Basin, the City has identified and fixed numerous overflow problems in this basin.

Haikey Creek Service Area

The Haikey Creek Treatment Plant serves south Tulsa and the western portion of Broken Arrow, a high-growth area in the MSA. For this reason the plant was doubled in size and is now capable of treating 16 mgd per day. Tulsa and Broken Arrow jointly funded the plant expansion.

Spunky Creek/Port of Catoosa Service Area

Lower Bird Creek Treatment Plant and attendant pump stations were built to serve the Port of Catoosa. The construction of this plant allowed the closing of the lagoons that previously served the Port. This was particularly important to the future development of the Port, as the lagoons were at capacity and additional industrial development could not occur until this plant was in service. Additionally, the City of Catoosa was under a consent order to close and abandon their lagoons and replace them with a new treatment plant, or instead divert the flow to the Lower Bird Creek. The plant has recently completed an expansion from 2.0 mgd to 4.0 mgd which will allow future growth at the Port, the City of Catoosa, and other potential users in the area. TMUA also needed a site for a Lift Station to pump flow from the Hard Rock Casino and the Spunky Creek drainage area South of Interstate 44 / Highway 412. An agreement was made with Catoosa to build a Lift Station at Catoosa's lagoons and pump all of Catoosa's flow including the Hard Rock Casino to the Lower Bird Plant for treatment (approximately 800 mgd.). Catoosa also agreed to allow TMUA to share their main Spunky Creek Interceptor for flow coming from Rolling Hills and the rest of the Lower Bird Creek basin. Flow meters were installed to keep track of amount of flow treated of each Catoosa and TMUA. TMUA will design and build a parallel sewer along Catoosa 's main interceptor to serve the remaining Spunky Creek Basin in the City of Tulsa.

Other than the Port, most of this basin is being served by septic tanks. There are two subdivisions (Rose Dew and Rolling Hills) whose sewage is pumped out of this basin and treated at the Northside Treatment Plant. However, both completed and planned improvements will allow better service to this entire basin.

Conclusion

The City's sewage treatment plants now have sufficient capacity to serve the city well into the future. In previous years, stringent federal and state regulations forced the City to allocate significant resources to collection system problems. Almost \$548 million of sales tax and debt have been allocated since 1990 to build projects required by administrative orders and consent decrees and to improve critical parts of the system. Although the City has completed the requirements stipulated by the administrative orders and consent decrees issued in the late 1990's, additional consent orders have been issued to eliminate recent isolated incidents of residential sewage overflows. Debt used to finance these improvements has been or will be repaid with a combination of enterprise funds and property taxes. The Sanitary Sewer needs for the next 15 years are listed below and shown on **Map 11**.

FLOOD CONTROL

CONSTRAINED CAPITAL PROJECTS INVENTORY

Based on citizen and neighborhood input the top priority projects are “small drainage projects” and “channel erosion control” throughout the city. While immediate priorities in the area of flood control may change slightly from year to year, the overall direction of the program was established more than 20 years ago. Between 1970 and 1990, Tulsa County was declared a federal flood disaster area nine times. During that period, floods resulted in the loss of life and caused more than \$300 million in damage to homes and businesses. As a result, elected officials passed watershed-development ordinances, established development fees dedicated to the construction of flood-control facilities, approved a monthly charge for maintenance of the drainage system, and allocated millions of capital dollars to new flood-control projects. Due to these efforts, the city has seen no major damage from flood events since 1987.

Master Drainage Plans (MDPs) were also funded for each creek basin in the city, the boundaries of which are shown on **Map 12**. These plans analyze the unique hydrological characteristics of each creek basin and recommend solutions to correct existing problems and prevent future trouble. The approximate boundaries of existing flood plains are shown on **Map 13**. Official maps found on the City website should be used to judge the status of any individual piece of property.

The Engineering Services Department, working in conjunction with the Stormwater Drainage and Hazard Mitigation Advisory Board and numerous citizen groups, developed the “Flood and Stormwater Management Plan 1999-2014,” a phased implementation program for the projects identified in the Master Drainage Plans. The plan was adopted by TMAPC and the City Council and became part of the City's official Comprehensive Plan. The plan will continually be updated as projects are added. The Plan prioritizes the projects based on selected criteria including project cost, reducing flooding of buildings, reducing economic flood damages, reducing overtopping of streets, reducing erosion and nuisance flooding, rehabilitating existing structures, and providing regional detention in-lieu of on-site detention.

Citywide small drainage projects are funded through user fees which are deposited into the Stormwater Enterprise fund. The remaining, larger projects, which have positive cost benefit ratios, will be considered for funding in future sales tax and general obligation bond programs.

| | Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|-------------------------------------|--|--|--------------------------|-------------------------|
| 1 | Citywide - Bridge and Culvert Replacements | | 10,448 | Citywide |
| 2 | Citywide - Channel Erosion and Stabilization | | 17,000 | Citywide |
| 3 | Citywide - Concrete Channel Rehabilitation |  | 12,750 | Citywide |
| 4 | Citywide - Floodplain Acquisition | | 14,000 | Citywide |
| 5 | Citywide - Master Drainage Plan | | 16,000 | Citywide |

PUBLIC FACILITIES MAINTENANCE

CONSTRAINED CAPITAL PROJECTS INVENTORY

Public Facilities Maintenance's highest priority project is to address ADA compliance issues across all City facilities. The remaining priorities are to continue the maintenance program on an even and annual basis, a scheduled repair and replacement program for roofs on City buildings, and security improvements for public facilities.

Public Facilities Maintenance

The Asset Management Department is responsible for the maintenance of nearly 100 City buildings including Fire stations and Police uniform divisions, Equipment Management and public works and infrastructure facilities, the One Tech Center, and the Civic Center Complex. It maintains and updates a comprehensive list of building repairs and modifications needed over the next five years. The list includes repair or replacement of worn-out heating and cooling systems, roofs, driveways and parking lots, and upgrades to building operational systems to be more energy efficient, as well as other needed improvements. The 2006 Sales Tax provided \$11 million to continue the maintenance program. The 2006 funding also provides resources for security and safety improvements and carpeting replacement throughout the system. The 2014 Improve Our Tulsa Sales Tax program provided \$2.4 million to address ADA compliance.

The Engineering Services and Asset Management Departments oversee a citywide maintenance management program for roofing systems. This program entails inspections to identify deficiencies, engineering and architectural solutions to correct the problems, and repairs and/or replacement of roofs on City owned or operated facilities. It also includes an element for scheduling routine and preventive maintenance. The 2006 Sales Tax provides some funding for this program as does the 2014 Improve Our Tulsa Sales Tax Program.

The Mayor's Performance Review Team, in 2003, issued a list of recommendations that included review and inclusion of energy efficient components in the design of major renovations to existing facilities and the construction of new buildings. Other energy saving strategies can be implemented in existing building operational systems. The 2006 Sales Tax allocates \$2.1 million for these improvements.

The 2005 General Obligation Bond program provided funding for over \$5 million in improvements to roofs, Gilcrease Museum, the PAC, and security systems.

Due to organizational changes, the Airport Maintenance, Repair, and Operations (MRO) facilities; as well as the Air Force Plant 3 (AFP) facilities will now be included in the Public Facilities Maintenance capital inventory.

| | Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |

WORKING IN NEIGHBORHOODS

CONSTRAINED CAPITAL PROJECTS INVENTORY

The Working In Neighborhoods Department (WIN) was formed in FY07 to help Tulsa neighborhoods in their efforts to remain vibrant and attractive places to live. The WIN Department is composed of Neighborhood Inspections, Animal Welfare, Housing, and Community Services. WIN's current top priority is the expansion of the Animal Shelter. The first phase of this expansion was funded in the 2014 Improve Our Tulsa Capital program. The shelter has currently received funding to address some facility repairs, and will receive further funding in FY17 to replace one incinerator which has reached the end of its useful life. Additionally, the need for backup power during severe weather conditions has been identified.

| Project Title | | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|---------------------------|-------------------------------------|--|--------------------------|-------------------------|
| 1 | Backup Generators at Animal Shelter |  | 96 | Citywide |
| 2 | Animal Shelter Expansion Phase II |  | 3,000 | Citywide |

PLANNING AND DEVELOPMENT

CONSTRAINED CAPITAL PROJECTS INVENTORY

In January of 2008, the City Tulsa Planning Department began the process of updating the City's Comprehensive Plan which had not been updated since 1978. The Comprehensive Plan provides policy guidance regarding land use, transportation, service delivery and major capital improvement projects. A nationally recognized consulting firm was contracted to lead the formulation of the new plan.

The City engaged over 2,500 citizens thru a number of citywide and neighborhood visioning workshops and presentations during plan development. The workshops and presentations focused on gathering resident preferences on how they want the city to grow, look, and feel. A number of scenarios were presented to citizens with regards to the future of the City's transportation options and land use configurations. The plan was formally adopted by Tulsa Metropolitan Area Planning Commission (TMAPC) and the City in the summer of 2010.

The highest priority projects from the PlaniTulsa process and existing small area plans have been added to the CIP Inventory. These projects include the implementation of a small area plan at the Redfork Campus, the design and implementation of a downtown public transportation circulator, and the second phase of the downtown railway quiet zone. Additionally, beautification efforts along Route 66, as well as the Route 66 Station site remain high priorities.

| Project Title | | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|--------------------------------|--|---|--------------------------|-------------------------|
| 1 | DAM PLAN - Downtown Circulation |   | 27,330 | 4 |
| 2 | DAM PLAN - Sealed Corridor Phase II |   | 4,000 | 4 |
| 3 | SOUTHWEST PLAN - The Redfork Campus Plan (Webster, Clinton, Pleasant Porter) |    | 2,000 | 2 |
| 4 | Citywide & Route 66 Beautification and Reinvestment Fund |   | 11,000 | Citywide |
| 5 | Peoria-Mohawk Business Park |  | 10,000 | 1,3 |
| 6 | Route 66 Station (Phase II – Route 66 Historical Village) |   | 3,845 | 2 |
| PLANNING PROJECTS TOTAL | | | 58,175 | |

Projects listed in bold are FY17 additions to the inventory.

TULSA TRANSIT

CONSTRAINED CAPITAL PROJECTS INVENTORY

Tulsa Transit provides public bus services in Tulsa, as well as in Jenks, Sand Springs, and Broken Arrow through joint funding agreements. Tulsa Transit's bus fleets consist of 64 fixed route vehicles and 46 Para-transit vehicles. When these vehicles reach the end of their useful lives, they will need to be replaced in order to keep maintenance costs under control. All rolling fleet needs have been met for the next 7 years in the current 2014 Improve Our Tulsa capital program. The remaining list of projects address needs regarding the effectiveness and efficiency of Tulsa's bus system at large.

| | Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|-------------------------------------|--|--|---------------------------------|--------------------------------|
| 1 | Transit Buses | | 2,850 | Citywide |
| 2 | Computerized Fleet Maintenance system |  | 30 | Citywide |
| 3 | Purchase computerized intelligent transit system |   | 300 | Citywide |

INFORMATION TECHNOLOGY

CONSTRAINED CAPITAL PROJECTS INVENTORY

The Information Technology Department's highest priority need is for a more rigorous backup and recovery application for the City's server and enterprise systems. Remaining needs include software and hardware necessary to automate the courtroom ticketing system, which currently is performed primarily on hard copy. Additionally, it is necessary to replace the aging fire station alerting system and network infrastructure in order to maintain reliability of first responder dispatch and alerting for the Tulsa Fire Department.

| Project Title | | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|--|---|--|--------------------------|-------------------------|
| 1 | Courtroom Automation |  | 550 | Citywide |
| 2 | Fire Station Alerting System |    | 450 | Citywide |
| 3 | Enterprise Backup | | 750 | Citywide |

Projects listed in bold are FY17 additions to the inventory.

ASSET MANAGEMENT

CONSTRAINED CAPITAL PROJECTS INVENTORY

The Asset Management Department (AMD) is responsible for the maintenance of the City's fleet of vehicles and equipment and providing operational services that includes fuel, vehicle wash facilities, motor pool and fleet management. The current requests address needs for expansion, enhancements and security as well as replacing fuel storage tanks that will soon no longer be serviceable. The 2006 Sales Tax Extension Program provided \$2 million for the upgrading and improvement of Asset Management facilities taking care of many of the backlogged needs. The 2014 Improve Our Tulsa Capital Program provided \$6 million for facilities maintenance, emergency generators, and CNG fueling infrastructure. AMD's highest remaining departmental priority is the continuation of the CNG fleet fueling infrastructure expansion and gradual conversion of much of the City's fleet to compressed natural gas.

| | Project Title | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|--|--|--|---------------------------------|--------------------------------|
| 1 | Replace Existing Compressed Natural Gas (CNG) Infrastructure | | 500 | Citywide |
| 2 | Compressed Natural Gas (CNG Fleet Fueling Infrastructure) |  | 2,000 | Citywide |
| 3 | Replace Roofing at Newblock Facilities, Westyard Facilities, and Eastyard Facilities |  | 800 | Citywide |
| 4 | Expansion of AMD Body Shop's Fabrication Shop for Sandblasting Projects | | 850 | Citywide |
| 5 | Remodel Office & Breakroom Area, Create Storage Area Above Offices | | 350 | Citywide |
| 6 | Replace Underground Fuel Tank | | 800 | Citywide |
| 7 | Modify Maintenance Facilities to Perform CNG Repairs | | 300 | Citywide |
| 8 | Replace Underground Fuel Lines and Fuel Infrastructure | | 500 | Citywide |
| ASSET MANAGEMENT PROJECTS TOTAL | | | 6,100 | |

Projects listed in bold are FY17 additions to the inventory.

CONTRACTED & SHORT TERM CAPITAL PROJECTS

CONSTRAINED CAPITAL PROJECTS INVENTORY

Over the course of 2015, various stake holders met and discussed potential needs and opportunities across the City that could impact and spur economic development across Tulsa. After multiple public meetings, presentations, and discussions it was determined the following projects were best poised to positively impact the local economy. Projects include facility construction, transportation improvements, and infrastructure development.

Many of these projects would not be managed by the City of Tulsa, but rather by contracted entities who would periodically report back to the City as development progressed.

| Project Title | | Mayoral Council Goals | Cost Estimate (in \$000) | Council District Served |
|--|---|--|--------------------------|-------------------------|
| 1 | Community Health Connection Facility |  | 10,000 | Citywide |
| 2 | Air National Guard F-35 Simulator Training Center |  | 9,400 | Citywide |
| 3 | Discovery Lab |  | 8,000 | Citywide |
| 4 | Tulsa Community College Career Placement |  | 5,300 | Citywide |
| 5 | OSU-Tulsa Innovation Center (University Center at Tulsa Authority) |  | 3,600 | Citywide |
| 6 | Tulsa Fairgrounds Improvements |  | 30,000 | Citywide |
| 7 | Langston University |  | 16,300 | Citywide |
| 8 | Olympic Training Center and BMX USA National |  | 15,000 | Citywide |
| 9 | Short-Term Capital Replacement |    | 12,000 | Citywide |
| CONTRACTED CAPITAL PROJECTS TOTAL | | | 109,600 | |

(FACADE ONLY)

FISCAL YEARS 2017-2021 CAPITAL PLAN

In April of 2016, City of Tulsa voters approved a temporary sales tax levy of a little over 3/10ths of a cent for the purpose of funding large scale economic development projects. The tax will go into effect January, 2017 and will be in place for 15 years. The tax will fund over \$510.6 million in major capital and economic development projects across the city. Before passage, the most recent capital package was approved in 2013; the Improve Our Tulsa program. This program provides funding for projects during the FY15 to FY21 time period with roughly \$564 million from an extension of a 1.1 percent sales tax to address citywide needs, as well as \$355 million provided from general obligation bonds to address street improvements. In FY17, the City will sell its fourth bond issue of \$78 million bringing total Improve Our Tulsa bond appropriations to \$205 million. The shared Mayoral and City Council goal of continuing the commitment to improving the condition of our roadways, the need to provide funds for critical goals such as public safety, federal mandates, building code and short-term capital needs, and goals identified in PlaniTulsa were used to prioritize the allocation of the authorized \$918.7 million in the Improve Our Tulsa program. The commitment of these resources likely means that any newly identified or unfunded capital improvement projects will not be funded until the conclusion of these programs.

Historically, the City of Tulsa has had an aggressive capital improvements program. The Third Penny Sales Tax program by itself has financed almost \$2.4 billion in needed projects over the last thirty years. That amount has been augmented by \$2.0 billion of additional general obligation and revenue bond dollars and millions more from federal grants and loans. In November 2008, the City of Tulsa electorate approved a street improvement package totaling \$451.6 million. The program was comprised of \$285 million in general obligation bond proceeds and \$166.6 million in sales tax revenue which was derived from an extension of the existing third penny sales tax in addition to a 0.167 percent increase. The program funded 128 arterial and residential street projects across the City. The 2006 Sales Tax program, approved in May 2006, which provided \$465 million for capital projects throughout the City, is in the final stage of implementation. All of the appropriations to fund these improvements are complete. Information about these programs is contained in the FY17 Capital Budget - Funded Programs Status and Operating Impact (Section 6) of this document, and includes a list of the proposed funding for FY17.

In the spring of 2009 and again in 2013, the City updated its Capital Improvement Project (CIP) policy and procedures. International City Managers Association (ICMA) and case study recommendations were reviewed with subsequent changes outlined in the following text. The updated policy requires departmental justification of expansion projects based on the project's potential return on investment (ROI), its potential leverage and linkages to other projects, and its contribution to the City's strategic initiatives. Additionally, all replacement and rehabilitation projects were prioritized and placed in 4 distinct tiers based on their contribution to public safety, asset preservation, and core service provision. The highest priority tiered and expansion projects have been included in the Constrained Inventory of projects in Section 7. The remaining projects have been placed in the unpublished deferred unconstrained inventory of projects. A summary is on page 9 of this section. To further illustrate the character of City spending allocations, a pie chart of the total recommended funding dedicated to the maintenance of the City's existing assets, which is defined as "renewal", in contrast to the allocation recommended for expansion or "growth" projects has been included on page 3 of this section. Additionally, the jointly identified Mayoral and City Council priorities have been added to individual projects in Section 7. These goals are identified and defined in Section 1 of the annual budget document.

CAPITAL PLAN

A SUMMARY OF THE CAPITAL BUDGET AND FIVE-YEAR CAPITAL PLAN

The following is a summary of all proposed, but unfunded capital expenditures for the next five years. It does not include project allocations in previously approved capital programs. *The amount shown does not include each department's funding from the approved 2017 Limited Purpose Sales Tax Program, 2014 Sales Tax Extension, 2014 General Obligation Bond Program, the 2008 Street Improvement Program, or the 2006 Sales Tax Extension. Information on the projects and appropriations for these programs is contained in Section 6. Due to the commitment of sales tax and bond proceeds to projects authorized in 2016, new or unfunded capital projects will likely not be funded until the conclusion of the Improve Our Tulsa program in 2021.*

| <u>PROGRAM/DEPARTMENT</u> | <u>Proposed 5-Year Funding</u> |
|--|------------------------------------|
| <u>PUBLIC SAFETY AND PROTECTION</u> | |
| Police and E-911 Department | \$0 million |
| The Police Department's highest priority is the renovation of the 911 Facility and it's communications hardware. | |
| Fire | \$0 million |
| The Fire Department's highest priority is the replacement of its apparatus and Training Props for its recently completed Training Academy. | |
| Total Public Safety and Protection | |
| \$0 million | |
| <u>CULTURAL DEVELOPMENT AND RECREATION</u> | |
| Park and Recreation Department | \$0 million |
| The maintenance of the Park systems aging facilities is the Department's highest priority. Park system projects have been prioritized in the Park's Master Plan and funding has been allocated toward its implementation in previous capital programs. | |
| Tulsa Zoo | \$0 million |
| Implementation of the Zoo Master Plan is the highest priority. | |
| Gilcrease Museum | \$0 million |
| Fully restoring the Thomas Gilcrease house, as well as an expansion of the facility, remains the Gilcrease's highest priorities. | |
| Cox Business Center and BOK Center | \$0 million |
| Fire alarm systems at both the BOK Center and the Cox Business Center are the highest priorities. Additionally, both centers are in need of general facility rehabilitation and replacements; including electrical, security, and ADA improvements. Lastly, staff desires an expansion of the Cox Business Center. | |
| Performing Arts Center | \$0 million |
| The highest priorities at the PAC are the replacement of the Chapman Music Hall ceiling, Doenges Theatre seating replacement and HVAC upgrades. The PAC is also planning for an expansion of its facility. | |

CAPITAL PLAN

| <u>PROGRAM/DEPARTMENT</u> | <u>Proposed 5-Year Funding</u> |
|---|------------------------------------|
| <p>River Parks</p> <p>The Authority's highest priorities continue to be the replacement of the low water dam and the expansion of the trail system further south to serve the rapidly growing south Tulsa area.</p> | \$0 million |
| Total Cultural Development and Recreation | \$0 million |
| <u>PUBLIC WORKS AND INFRASTRUCTURE</u> | |
| <p>Streets and Expressways</p> <p>One of the top priorities of the City continues to be arterial and residential street resurfacing. Funding to match ODOT eight year plan improvements and improvements identified in the Bicycle and Pedestrian Master Plan currently underway are a high priority.</p> | \$100 million |
| <p>Water</p> <p>The City continues implementing the IMG Water System Study, which identified the most critical needs in this area, such as protecting the Spavinaw watershed from pollution and the maintenance of the existing distribution system.</p> | \$210.1 million |
| <p>Sanitary Sewer</p> <p>The City completed all required projects to meet the consent orders issued in the late 1990's by State and Federal regulatory authorities. Additional isolated consent orders have been issued since then to eliminate recent specific incidents of residential sewage overflows. However, all consent orders have been completed presently. Future Utility Revenue Bonds and Enterprise Fund resources will be dedicated to the completion of any future consent orders, as well as the upkeep of existing assets.</p> | \$218.2 million |
| <p>Flood Control</p> <p>The continued implementation of the Citywide Flood Control Plan is the highest priority. Floodplain acquisition, planning services for the Hazard Mitigation Program, and urgent small drainage improvements are identified as the highest priorities by the plan.</p> | \$25.6 million |
| <p>Facilities</p> <p>ADA improvements at public facilities are top priority. Additionally, sources of maintenance capital need to be identified as an inventory backlog of over \$100 million in roofing and facility maintenance needs exists.</p> | \$0 million |
| Total Public Works and Infrastructure | \$553.9 million |
| <u>SOCIAL AND ECONOMIC DEVELOPMENT</u> | |
| <p>Planning and Development</p> <p>Planning and Development will continue to pursue application of the Comprehensive Plan through the initial steps of implementing several small area plans, as well as the beautification of Route 66 and infrastructure to support the Peoria/Mohawk Business Park.</p> | \$0 million |

CAPITAL PLAN

| <u>PROGRAM/DEPARTMENT</u> | <u>Proposed 5-Year Funding</u> |
|--|------------------------------------|
| <p>Working In Neighborhoods (WIN)</p> <p>The Animal Shelter's highest priority is completing the remaining phases of the shelter expansion. This expansion would focus on adoption and community outreach program spaces.</p> | \$0 million |
| Total Social and Economic Development | \$0 million |
| <p>Metropolitan Tulsa Transit Authority Projects (MTTA)</p> <p>MTTA's highest priorities are the continued replacement of its fleet, the construction of additional passenger shelters, and to improve and expand its service.</p> | \$0 million |
| Total Transportation | \$0 million |
| <u>ADMINISTRATIVE AND SUPPORT SERVICES</u> | |
| <p>Information Technology</p> <p>The Information Technology Department's highest priority is the need for more rigorous backup and recovery applications for the City's server and enterprise systems. A secondary priority is the automation of the Municipal Court's Courtroom Ticketing System.</p> | \$0 million |
| <p>Asset Management Projects</p> <p>AMD's top priorities include the modification of existing maintenance facilities to perform CNG repairs, as well as expanding the City's Compressed Natural Gas Fleet Fueling Infrastructure, and the replacement of one underground fuel tank.</p> | \$0 million |
| <p>Short Term & Contracted Capital Projects</p> <p>Projects in this category include facility construction, transportation improvements, and infrastructure development. Specifically, three University facility improvements (Langston, OSU, and TU), infrastructure for a new Children's Museum, a training center for the Air National Guard, a Community Health Center, and the improvements of two attraction sites; the fairgrounds, and the new BMX National Headquarters.</p> | \$0 million |
| Total Administrative and Support Services | \$0 million |
| <u>TOTAL PROPOSED FIVE-YEAR FUNDING PROGRAM</u> | \$553.9 million |

| <u>Expressways, Streets, Bridges And Trails Projects</u> | | | | |
| Future Bond Program | High | High | Provide local match for Gilcrease construction grants. | 9 |
| Future Bond Program | High | High | Provide matching funds for Federal and ODOT programs such as STP (Gilcrease Expressway), TIGER Grants, TCSP, Safe Routes to Schools, the Transportation Enhancement Program, Railway improvements, Scenic Byways and other funding opportunities for the next 20 years. The 5-year projected need for local matching funds is \$22 million, assuming that these Federal grant programs are continually reauthorized. This amount is based on current availability of Federal and State grant funding. | 10 |
| Future Bond Program | High | High | Improve accessibility for disabled citizens of Tulsa at various identified locations citywide by improving sidewalks, curb ramps and signalized intersections to minimum Americans with Disabilities Act (ADA) standards. | 11 |
| Future Bond Program | High | High | Replace functionally obsolete, structurally deficient and or load posted bridges citywide. | 12 |
| Future Bond Program | High | High | Provide major repairs to functional bridges in the City of Tulsa to stop deterioration. | 13 |
| <u>Major Rehabilitation</u> | | | | |
| Future Bond Program | High | High | Perform necessary rehabilitation on arterial streets as indicated through the Pavement Management System. | 14 |
| Future Bond Program | High | High | Perform necessary rehabilitation on non-arterial streets as indicated through the Pavement Management System. | 15 |
| Deferred Funding | Low | Low | Future projects identified within Constrained Inventory, but not funded within FY17-21 timeframe. | 16 |
| <u>Water System Supply</u> | | | | |
| Water Enterprise | High | High | Ongoing projects to assess, rehabilitate, and repair raw water flowlines and associated facilities. | 17 |
| Water Enterprise | High | High | Rehabilitation of the concrete stairs along E. 21st St. at the access area. | 18 |
| Water Enterprise | High | High | Rehabilitation and repair of the Lynn Lane reservoir and drainage channel improvements to address OWRB requirements. | 19 |
| Water Enterprise | High | High | Ongoing program to protect and preserve the quality and integrity of the City's water supply, implement TMUA Policy for Land Acquisition, monitor water quality in the Spavinaw/Eucha and Oologah watersheds, identify and mitigate encroachments to the Spavinaw and Oologah flowlines, protect city assets and landowner rights, maintain water system security and provide surveying (as required) along the flowlines. | 20 |
| Water Enterprise | High | High | Implementation of the Court Master Agreement for the Spavinaw/Eucha watershed. | 21 |

| Water Enterprise | High | High | The purpose of this project is to rehabilitate the radial gates at the Eucha Dam by recoating the gates; removing all surface corrosion; repairing all pitted corrosion areas; reshaping or replacing all deformed members; and replace all leaking seals. | 22 |
| Water Enterprise | High | High | The purpose of this project is to rehabilitate the radial gates at the Eucha Dam by recoating the gates; removing all surface corrosion; repairing all pitted corrosion areas; reshaping or replacing all deformed members; and replace all leaking seals. | |
| Water Enterprise | High | High | Repairs to the Tiawah Tunnel will consist of 1.) Filling the voids between the lining of the mined section of the tunnel; 2.) Installing reinforced concrete along 148 feet of unreinforced open-cut section of the tunnel; and 3.) Repair the delaminated and drummy concrete in the reinforced open-cut area using a cast-in-place concrete method for the areas identified in the 2015 inspection report. | 23 |
| Water Enterprise | High | High | Evaluate the ability of the raw water intetie at Bird Creek Pump Station to transfer water from either supply line and route to either water treatment plant. This project includes the rehabilitation/replacement of the site piping needed to make a transfer to either plant. | 24 |
| Water Revenue Bond | High | High | The purpose of the project is to prevent the dam from sliding or overturning during a flood event. This project provides for investigating the need for major structural improvements to protect the dam during a major flood event. | 25 |
| Water Enterprise | High | High | The purpose of the project is to prevent the dam from sliding or overturning during a flood event. This project provides for investigating the need for major structural improvements to protect the dam during a major flood event. | |
| Water Enterprise | High | High | Rehabilitation of the Spavinaw Pump Station to include butterfly valve replacement. | 26 |
| Water Enterprise | High | High | Replace roof on Mohawk Pump Station No. 2. | 27 |
| Water Enterprise | High | High | Evaluate and Inspect the horizontal turbine pump; the Engine Control Panel (ECP); the electrical switchgear; and evaluate the operational efficiency of the pump engines. | 28 |
| Water Enterprise | High | High | Evaluate and inspect the vertical turbine pump; inspect and redress the right angle drive; evaluate and upgrade the electrical switchgear; and evaluate the operational efficiency of the pumps and engines. | 29 |
| Water Enterprise | High | High | Perform conditional assessment to determine status of the flow lines. Acquire permanent access easements along the flowline alignment to provide for better access to remote locations. | 30 |
| Treatment & Pumping | | | | |
| Water Enterprise | High | High | Provide a building to enclose, protect and ventilate/cool pumping equipment. Detailed evaluation of hydraulic limitations. Install anti-vortex devices. Periodic rebuilding and maintenance of existing pumping equipment including pumps, motors and valves. | 31 |
| Water Enterprise | High | High | Detailed evaluation of VFD requirements; Replace one (1) 60-Inch Check Valve; Replace one (1) 30-inch and one (1) 36-inch isolation valve; Install two (2) New VFDs on Pump 9-P-6 & 9-P-10 with new motors. | 32 |
| Water Revenue Bond | High | High | Detailed evaluation of VFD requirements; Replace one (1) 60-Inch Check Valve; Replace one (1) 30-inch and one (1) 36-inch isolation valve; Install two (2) New VFDs on Pump 9-P-6 & 9-P-10 with new motors. | |
| Water Enterprise | High | High | Provide a firm treatment capacity of 150 MGD, including new raw water junction chamber. | 33 |
| Water Revenue Bond | High | High | Clarifier upgrades include retrofitting each existing basin to increase capacity to 40 MGD. Replacement of existing rapid mix, flocculation, and sludge collection equipment is included, as well as new inclined plate settlers equipment in each basin. Baffle upgrades, valve and gate replacements are also included. | 34 |
| Water Enterprise | High | High | Clarifier upgrades include retrofitting each existing basin to increase capacity to 40 MGD. Replacement of existing rapid mix, flocculation, and sludge collection equipment is included, as well as new inclined plate settlers equipment in each basin. Baffle upgrades, valve and gate replacements are also included. | |
| Water Enterprise | High | High | Facilities identified for rehabilitation or replacement by EMA study. Includes PAC slurry system, chlorine system, chlorine scrubbers, and various chemical storage tanks and feed systems. Replace obsolete PAC with Silo style storage located closer to point of application; Upgrade chemical feed systems to coordinate with 30 MGD expansion. | 35 |
| Water Enterprise | High | High | Replace East Clearwell including influent valves; cross-over valves; perimeter drain system; pressure relief system; and eliminate roof penetrations where possible. | 36 |
| Water Enterprise | High | High | Add at least two additional thickeners; new backwash waste water equalization tanks; upgrades to sludge pump station #1 and #2; modify belt filter press (BFP) sump drainage system piping; Provide increased capacity for production increases. | 37 |
| Water Enterprise | High | High | Design, programming and installation of a new PLC based SCADA system for the plant processes. Upgraded fiber optic backbone to handle SCADA, security, and additional monitoring and control of plant processes not currently integrated to the network. Integrate HSPS pump controls and sensors into SCADA; Integrate 30 MGD expansion equipment into SCADA. | 38 |
| Water Enterprise | High | High | Reconfigure automatic transfer switch for two independent power sources; Replace 13.2 KV Distribution switchgear; Install transient voltage surge suppression for added protection of VFDs and sensitive electrical equipment. | 39 |
| Water Revenue Bond | High | High | Expanded and improved Standby power generator. Provide ability to pump and treat up to 30 MGD in the event PSO power is lost. | 40 |
| Transmission & Distribution | | | | |
| Water Enterprise | High | High | Provide funding for ongoing program to relocate water lines associated with other City improvement projects. | 41 |
| Water Revenue Bond | High | High | Replace water lines that meet the replacement criteria and/or have excessive break histories. Priorities will be determined based on line condition, age, type of materials, and coordination with other infrastructure improvements in the area to maximize efficiency and minimize the impact to customers and businesses. | 42 |
| Water Enterprise | High | High | Replace water lines that meet the replacement criteria and/or have excessive break histories. Priorities will be determined based on line condition, age, type of materials, and coordination with other infrastructure improvements in the area to maximize efficiency and minimize the impact to customers and businesses. | |
| Water Enterprise | High | High | Replace all waterline that are less than 6-inch in diameter on an established schedule to improve service and provide fire protection. The City currently has approximately 124 miles of 2-inch and smaller lines in service. | 43 |
| Water Enterprise | High | High | Replace waterlines in the Central Business District. | 44 |
| Water Enterprise | High | High | Elimination of dead end mains. | 45 |
| Water Enterprise | High | High | Ongoing program to replace water meters citywide to support revenue assurance policies. | 46 |

|------------------------------------|-------------|-------------|--|-------------|
| Water Enterprise | High | High | Construct large waterline from AB Jewell to 51st St. and 129th East Ave. | 47 |
| Water Revenue Bond | High | High | Construct large waterline from AB Jewell to 51st St. and 129th East Ave. | |
| Water Enterprise | High | High | Provide water service to unserved, developed areas in response to citizen petitions. | 48 |
| Water Enterprise | High | High | Program to maintain and rehabilitate above ground treated water storage tanks. Funding may also be used to modify tanks to improve circulation for chloramine disinfection. | 49 |
| Water Enterprise | High | High | Replace large water valves throughout water system. | 50 |
| Water Revenue Bond | High | High | Construct waterline to increase transmission and distribution capacity in North Tulsa and Cherokee Industrial Park. First project consists of approximately 5 miles of large diameter water line to serve current maximum day demands. Preliminary design is completed and final design and right-of-way acquisition are underway. Second phase of the project includes 12-inch between Sheridan and Yale along 96th North, 12-inch between 96th and 106th North along Yale, and 24-inch from 66th North and Harvard to 106th North and Sheridan. 2012 Comprehensive Plan indicates Phase 1 will not be needed until 2020. | 51 |
| Water Enterprise | High | High | Construct waterline to increase transmission and distribution capacity in North Tulsa and Cherokee Industrial Park. First project consists of approximately 5 miles of large diameter water line to serve current maximum day demands. Preliminary design is completed and final design and right-of-way acquisition are underway. Second phase of the project includes 12-inch between Sheridan and Yale along 96th North, 12-inch between 96th and 106th North along Yale, and 24-inch from 66th North and Harvard to 106th North and Sheridan. 2012 Comprehensive Plan indicates Phase 1 will not be needed until 2020. | |
| Water Enterprise | High | High | Program to maintain utility bridges. | 52 |
| Water Enterprise | High | High | Upgrade pump station and modify distribution system to improve service in the former Tulsa-2-area. | 53 |
| Water Enterprise | High | High | New 12-inch along 49th and 65th West Avenue between 21st and 41st. | 54 |
| Water Enterprise | High | High | 16-inch waterline West of Yale between 131st and 151st. | 55 |
| Water Enterprise | High | High | Monitor and evaluate transmission lines citywide. Funding may also be used to modify and improve entry for testing and monitoring. | 56 |
| Water Enterprise | High | High | Install 2,200 LF 12-inch waterline along W. 23rd St. S. between S. Jackson Ave and Southwest Blvd. | 57 |
| Water Enterprise | High | High | Rehabilitation of the Reservoir Hill PS building and replacement of pumps and drives; piping modification and addition of a pump at the SSS-PS. | 58 |
| Sanitary Sewer System | | | | |
| Northside Plant | | | | |
| State Sewer Loan | High | High | Place Rip Rap or other protection along Bird Creek to stop erosion of the adjacent sludge lagoon dike. | 59 |
| Sewer Enterprise | High | High | Enclose the chlorine and sulfur dioxide storage and replace with non gas system | 60 |
| Northside Collection System | | | | |
| Sewer Enterprise | High | High | Provide additional capacity of Upper Mingo/Jones Creek Interceptor. | 61 |
| State Sewer Loan | High | High | Construct 6,000 lf of 10-inch pipe to relieve the Northgate Lift Station. | 62 |
| State Sewer (FAP) | High | High | Provide additional capacity to the interceptors serving area 93-N. | 63 |
| Sewer Enterprise | High | High | Provide additional capacity to the interceptors serving area 93-N. | |
| Sewer Enterprise | High | High | Mill Creek 92/95-N Relief (NCS-DCE-04): Construct additional capacity to relieve overloaded lines. This line will be a replacement with a new line. Probably with pipe busting. I&I abatement was done over 10 years ago and was only partially successful. It needs additional capacity.(Are we going to include the details of this projects or a reference - CWSS, Appendix 6-WW B, page 32 and 33) | 64 |
| Sewer Enterprise | High | High | Provide added capacity to overloaded lines. | 65 |
| Southside Plant | | | | |
| Sewer Enterprise | High | High | Concrete structure repair due to H2S corrosion. | 66 |
| Sewer Enterprise | High | High | Construct projects recommended in Odor Control Study. Top priorities are odor and corrosion protection for diversion structure at 53rd and Riverside, Kensington LS and force main, SSWWTP digester sludge transfer box, & 1st Street Dewatering facility, Intermediate Pump Station and upgrades of WWTP main odor control. | 67 |
| Sewer Enterprise | High | High | Modify existing dechlorination building to store new ferric chloride and polymer feed systems for Chemically Enhanced Primary Thickening. Construct rapid mix chamber for ferric chloride addition and polymer addition and mixing equipment to existing primary clarifier. | 68 |
| State Sewer Loan | High | High | Replace Mixing system in sludge holding tanks at dewatering facility. | 69 |
| Sewer Enterprise | High | High | Replace Mixing system in sludge holding tanks at dewatering facility. | |
| Sewer Enterprise | High | High | Operators have commented that the existing gravel underdrain frequently becomes clogged, reduces productivity of land application efforts, and requires removal and replacement of gravel. The gravel strips, even when working, make loading of material difficult due to the constant settlement in each trench. Operators dumping material have reported injuries associated with truck tires falling into the trench. Consider abandoning gravel drains and construct concrete surface that allows free water to drain to a surface inlet. | 70 |
| Sewer Enterprise | High | High | Replace belt filter press conveyor located at the 71st Street Dewatering facility. The conveyor and the associated belt presses have been in service for 20 years. The presses currently run daily for 9 hours, 7 days per week. The belt conveyor is running all this time. If conveyor is down, loading dry cake onto trucks is not possible. The conveyor is in poor condition and requires frequent repairs. | 71 |

|--|-------------|-------------|---|-------------|
| State Sewer Loan | High | High | Replace screens at Influent LS with fine screens to better protect the pumps. | 72 |
| Sewer Enterprise | High | High | Provide piping and valving off of the Southside influent lift station forcemain to provide connection to and allow bi-directional flow in the existing Cherry Creek lift station forcemain. | 73 |
| Sewer Enterprise | High | High | Hire Consultant to work with Plant Staff on testing final clarifiers to determine efficiency and failure modes. From the results of the test, the consultant and staff will develop recommended modifications to enable improved performance (for example inlet modifications, addition of baffles, modification of wires, etc.). After recommendations are complete, consultant will return to retest to ensure improved performance has been achieved. After retesting, recommend additional modifications as necessary. Staff to then make modifications to all clarifiers based on second round of testing. Project cost will include consultant costs and equipment at the Northside WWTP. Project costs do not include the cost of recommendations. | 74 |
| <u>Southside Collection System</u> | | | | |
| Sewer Enterprise | High | High | Provide sewer to unserved area of Berryhill. Design is to be funded in 2021 and right of way purchased in 2022. Construction would follow. Ltructed at the same time to pump to southside plant. | 75 |
| Sewer Enterprise | High | High | Provide sewer to unserved area. A lift station will be constructed on the south bank of the Arkansas River. Initially it will receive flow from only the Berryhill and Berryhill East drainage areas. This project is the first project in a series of projects that will provide service to this area in the West and Northwest parts of Tulsa. | 76 |
| Sewer Enterprise | High | High | Provide additional capacity and rehab for the West Tulsa area. Original scope was for replacement of 10-inch line on surface. Scope and budget subject to SRP for SSOs in 39-S and 40-S. | 77 |
| State Sewer (FAP) | High | High | Provide added capacity to overloaded lines. | 78 |
| Sewer Enterprise | High | High | Provide added capacity to overloaded lines. | 79 |
| Sewer Enterprise | High | High | Provide added capacity to overloaded lines. | 79 |
| State Sewer Loan | High | High | Provide added capacity to overloaded lines. | 80 |
| Sewer Enterprise | High | High | Provide added capacity to overloaded lines. | 80 |
| Sewer Enterprise | High | High | Construct a new interceptor sewer and sanitary sewer collection system to serve hangers on the east side of RL Jones Airport. | 81 |
| <u>Haikay Creek Plant</u> | | | | |
| Sewer Enterprise | High | High | Addition of primary clarifiers to increase plant capacity and improve sludge handling. | 82 |
| Sewer Enterprise | High | High | Addition of anaerobic digesters to improve sludge handling. | 83 |
| State Sewer Loan | High | High | Installation of membrane disc diffused aeration in existing oxidation ditches plus new blower building, equipment, and piping. Primary sludge storage and mixing for interim sludge process control. | 84 |
| State Sewer Loan | High | High | Multi-phase project to improve pumping and force main capacity. Costs are derived from the 2012 study (RMUA Project No. ES-2009-10). Phase 1 is complete and Phase 3 is covered under project HCT001. Phase 2 - New screening structure, screening equipment. | 85 |
| Sewer Enterprise | High | High | Addition of 3rd belt press, electrical improvements, conveyor extension and improvement, and improvements to the air handling unit. Remove and replace polymer feed system, existing conveyor system, two sludge grinders, three BFP feed pumps, two belt presses. | 86 |
| State Sewer Loan | High | High | Replace the influent bar screens and improve grit processing and headworks. | 87 |
| Sewer Enterprise | High | High | Replace the influent bar screens and improve grit processing and headworks. | 87 |
| Sewer Enterprise | High | High | Output from the Strategic Asset Management System (SAMS) database indicates an annual recommended investment to support operational repair and replacement needs for the Haikay Creek WWTP. | 88 |
| Sewer Enterprise | High | High | Roof Replacement. | 89 |
| <u>Lower Bird Creek Plant</u> | | | | |
| Sewer Enterprise | High | High | Addition of 48 inch gravity line to Port South to allow increase excess flow from LBCWWTP to discharge to Port South. | 90 |
| State Sewer Loan | High | High | Addition of 48 inch gravity line to Port South to allow increase excess flow from LBCWWTP to discharge to Port South. | 90 |
| <u>Lower Bird Creek Collection System</u> | | | | |
| State Sewer Loan | High | High | Provide sewer to unserved area around Lynn Lane and Rose Dew area. Relief of Rose Dew Lift Station. | 91 |
| Sewer Enterprise | High | High | Provide additional capacity. Provide relief line to add capacity adjacent to 30 inch Catoosa Main interceptor. North of 412. | 92 |
| State Sewer Loan | High | High | Provide sewer to unserved area. Includes Easements, Engineering and construction of 3,950' of 36" Interceptor. | 93 |
| Sewer Enterprise | High | High | Provide sewer to unserved area. Includes Easements, Engineering and construction of 3,950' of 36" Interceptor. | 93 |
| State Sewer Loan | High | High | Provide sewer to unserved area. | 94 |
| <u>Wastewater System Misc. Improvements</u> | | | | |
| Sewer Enterprise | High | High | Resurface of roadways at identified locations. | 95 |

SECTION 9: APPENDIX

This section is for information only and is not part of the ordinances adopted by City Council.

WESTHOPE - RICHARD LLOYD JONES HOUSE

3704 SOUTH BIRMINGHAM AVENUE

ARCHITECT:
FRANK LLOYD WRIGHT

CLASSIFICATION:
USONIAN

YEAR:
1929

GENERAL INFORMATION
ABOUT THE CITY OF TULSA BUDGET

The word "budget" originated from bougette which was a leather bag carried by the monarch's treasurer to the medieval English Parliament. It contained documents surveying the kingdom's needs and listed the realm's resources. Today's budgets are an annual plan for financial operations and incorporate an estimate of proposed expenditures and revenues. The budget represents the process through which policy is made and implemented.

• BUDGETING •

BUDGET

There are two annual budgets in the City of Tulsa - the Operating Budget and the Capital Budget.

Operating Budget: This sets the plan for the day-to-day operations of the City. The City's annual operating budget is based on historical expenditures, priorities set forth by the elected officials and available revenues. Sales tax and utility billing charges provide the majority of resources used in the Operating Budget.

Capital Budget: The City's Capital Improvements budget is the first year of its Five Year Capital Plan. The Plan is updated annually to include new requests and to reflect ever-changing field and financing conditions. Sales Tax and Bonds finance nearly all of the City's major capital needs.

• LEGISLATION •

MUNICIPAL BUDGET ACT

Since FY81, the City has produced its budget under the provisions of the *Oklahoma Municipal Budget Act, 11 O.S. Supp. 1979, Sections 17-201 through 17-216*. Municipal governments can use it to write their annual budgets. The Act establishes fiscal procedures, requirements for financial disclosure and generally accepted standards for financial management.

The Act is more flexible than the old law and imposes fewer restrictions on municipalities when they estimate revenues, appropriate money and make expenditures. The Act also provides for greater financial disclosure and for the implementation of generally accepted accounting principles. Both of these provisions increase the City's ability to obtain a favorable bond rating, attain a better investment position, and improve compliance with federal grant requirements.

The Act stipulates time deadlines for submitting budget requests, holding public hearings and filing adopted budgets. It also prescribes the general content of the budget and requires expenditures to be grouped into five categories:

- Personal Services
- Materials and Supplies
- Other Services and Charges
- Capital Outlays
- Debt Service

OPEN RECORDS ACT

The *Oklahoma Open Records Act 501.S, 1985 Section 24A*, became effective November 1, 1985. Section 24A.9 states:

"Prior to taking action, including making a recommendation or issuing a report, a public official may keep confidential his or her personal notes and personally created materials other than departmental budget requests of a public body. . ."

This means that individual budget requests are public information, including any notes or other materials used for budget preparation or budget recommendation.

• REVENUE •

Revenue is the yield from sources of income (such as taxes, licenses, fines, user fees, etc.) that the City collects for public use. Revenues increase the assets of a fund, while not increasing a liability or representing a repayment of expenditure, a cancellation of a liability or an increase in contributed capital.

TYPES AND SOURCES

The City classifies its 200 plus sources of income into nine revenue categories. (For more information, see the Fund Summaries section, and City of Tulsa Revenue Sources.)

PROJECTING INCOME

The Budget and Planning Division of the Finance Department is responsible for estimating the City's yearly income and monitoring actual collections on a monthly basis. Annual estimates of collections from the various sources are made using time series and deterministic methodologies. Departments whose activities generate income may be asked by the Budget and Planning Division to help make estimates or explain differences between estimates and actual collections.

• GOVERNMENTAL FUNDS •

The *Oklahoma Municipal Budget Act* defines a **fund** as:

“an independent fiscal and accounting entity with a self-balancing set of accounts to record cash and other financial resources, together with all liabilities, which are segregated for the purpose of carrying on specific activities or attaining certain objectives.”

In other words, separate records of all income and expenditures are maintained for each fund. They are analogous to individual checking accounts. Income and expenditures are recorded and it is illegal to spend more than has been authorized by the City Council. The “fund balance” within the fund would be similar to a savings account with money set aside for the future and not currently appropriated.

TYPES OF FUNDS

The eight major fund types used by the City are described below along with examples of some of the individual funds within each type.

General Fund - In conformance with the *Oklahoma Municipal Budget Act*, the General Fund is the City's principal operating fund. Approximately two-thirds of its revenue comes from sales and use taxes. All of the revenue derived from the City's permanent two percent sales tax is credited to this fund. With franchise and other taxes, the percentage of income from taxes for this fund is 74 percent. The remaining 26 percent comes from user charges, license fees, intergovernmental shared revenue, fines from court operations and interest income.

General Fund resources may be used to provide any service that the City has legal authority to provide under its charter and state laws. All general operations not accounted for otherwise are financed from this primary operating fund. It finances numerous and diverse activities such as police and fire protection, street maintenance, park operations, event facilities and administrative services.

Special Revenue Funds - These funds are used to account for certain specific revenue sources for which expenditures are legally restricted to a specific function or activity of the City.

Examples of Special Revenue Funds:

- Limited-Purpose Public Safety Permanent Sales Tax Fund (ordinance dedicated revenue from sales tax);
- The Short-Term Capital Fund (ordinance dedicated revenue from the Third Penny Sales Tax designated for "short-term" capital improvements, consisting of assets having a useful life of ten years or less);
- The Convention and Tourism Facilities Fund (ordinance dedicated revenue from the Hotel/Motel Tax); and
- Federal and State Grant Funds (accounts for financial assistance received from Federal and State agencies.)

Debt Service Fund - The Debt Service or Sinking Fund is used to account for the payment of principal, interest and other related costs of the City's general obligation bonds and certain other long-term debt.

Capital Projects Funds - A Capital Project Fund accounts for all resources used for the acquisition and/or construction of permanent facilities other than those financed by a special assessment or operating enterprise funds. The various sales tax and bond funds.

Special Assessment Funds - This type of fund is used to account for revenues received for financing public improvements or services deemed to benefit the specific properties against which special assessments are levied. The Tulsa Stadium Improvement District Fund is a Special Assessment Fund.

Enterprise Funds (Proprietary Funds) - Enterprise Funds are established to account for the acquisition, operation and maintenance of governmental facilities and services that are entirely or predominantly supported by user charges. Enterprise Funds are similar to private business enterprises in that they are accounted for in a manner as to show profit or loss. Examples of Enterprise Funds include the:

- Stormwater Enterprise Fund;
- TMUA-Water Operating Fund;
- TMUA-Sewer Operating Fund;
- TARE-Refuse Operating Fund; and
- Golf Course Operating Fund.

Internal Service Funds - An Internal Service Fund is used to account for the financing of goods or services provided by one department or agency of the City to other departments or agencies on a cost reimbursement basis. The Employee Insurance Service Fund, Workers' Compensation Service Fund, Equipment Management Service Fund, and Office Services Internal Service Fund are the City's Internal Service Funds.

Trust and Agency Fund (Fiduciary Funds) - These funds are used to account for assets held by the City in a trustee capacity or as an agency for individuals, private organizations and other governmental units, entities or funds. Examples of trust and agency funds are:

- The Tulsa Performing Arts Center Trust Fund;
- Municipal Employees Retirement Plan Fund; and
- The Employee Deferred Compensation Plan Fund.

FUND CATEGORIES

| <u>Fund #</u> | <u>Fund Name</u> |
|---------------|---------------------------|
| 1080 | General Fund |
| 2000 | Special Revenue |
| 3000 | Trust & Agency Enterprise |
| 4100 | Special Assessment |
| 4306 | Debt Service |
| 5000 | Special Revenue (Grants) |
| 6000 | Capital Projects |
| 7000 | Enterprise |
| 8000 | Internal Service |

• CITY ORGANIZATIONAL STRUCTURE •

The City has two divisions within its Chief Executive Office: Administration and Community Development and Transportation. All City departments report to one of these officers, with notable exceptions of Fire and Police. The Chiefs of Fire and Police departments report to the Mayor. All other departments report to one of the officers, who report to the City Manager. All Authorities, Boards and Commissions report to the Mayor directly. Listed below are the two divisions and corresponding departments assigned to them.

ADMINISTRATION

| | |
|-----------------|------------------------|
| Finance | Information Technology |
| Human Resources | Asset Management |
| Communications | Customer Care |
| Municipal Court | Water & Sewer |

COMMUNITY DEVELOPMENT AND TRANSPORTATION

Parks and Recreation
Performing Arts Center
BOK and Convention Centers
Planning and Development
Streets and Stormwater

Working in Neighborhoods
Gilcrease
River Parks
Engineering Services

• CAPITAL IMPROVEMENTS •

A **Capital Improvement Project** is any significant acquisition, construction, replacement, or improvement to a City service delivery system that has a cost greater than \$100,000 and a minimum useful life of five years. To be funded, a project must be part of the City's Five Year Capital Improvements Plan (CIP). The **Capital Plan** is a five-year schedule of specific projects and accompanying revenue allocations. The plan is updated annually through the **Capital Budget**. The **Capital Improvements Program** incorporates the planning, monitoring, programming, and budgeting processes used to allocate the City's capital moneys.

CAPITAL BUDGET PROCESS

Capital projects are processed through the Capital Improvements Program which is managed by the Budget and Planning Division. Specific policies for this program are included in the Finance Department's *Financial Policies* under the heading "Capital Budget and Improvements" section.

Budget and Planning coordinates the budgeting of capital improvement projects included in the upcoming fiscal year's budget. A list of the new and active capital improvement projects is reviewed and scheduled in the updated five-year Capital Improvements Plan. Any project receiving increases or decreases in funding, and projects slated for closure during the upcoming fiscal year are also listed.

• BUDGET REVIEW •

Upon receipt of departmental and agency budget requests, the Budget and Planning Division budget analysts begin a review process for their assigned departments and agencies, and develop recommendations for elected officials. Several factors influence the review and recommendation process. Some of the questions examined include:

1. Does the request meet established guidelines?
2. Are the requested allocations in line with providing the associated service?
3. Does the request fall within the inflationary parameters expected in the upcoming fiscal year?
4. Does the current level request seem reasonable compared to historical expenditures?
5. How does the modification request compare to the anticipated increase or decrease in service?
6. Does the request meet City policies and priorities?
7. What amount of revenue is expected within the next fiscal year?
8. What are the departments' internal priorities for providing proper service levels?

Analysts meet with the Budget and Planning Division Manager and Finance Director to receive specific instructions for developing their departmental and agency budget recommendations. The analysts also meet with their assigned departments and agencies during the process to obtain clarifications and further information as needed.

Each department makes a presentation to the Budget and Planning Division Manager, Director of Finance and/or Mayor to provide additional information or clarification or to discuss service levels.

The Mayor begins the formal budget review process and develops a proposed budget for the next fiscal year operations. The City Charter requires the proposal be submitted to the City Council by May 1. The Council further reviews, refines, changes, and adopts it according to the policies and priorities it wishes to have implemented during the next fiscal year. State law requires the budget be adopted by the City Council seven days before the end of the City's fiscal year, which is June 30.

• BUDGET ADOPTION •

The Oklahoma Municipal Budget Act, states:

“ . . . At least seven (7) days prior to the beginning of the budget year, the governing body shall adopt the budget by resolution, or as any charter may require, at the level of classification as defined in Section 17-213. . . . The governing body may add or increase items or delete or decrease items in the budget. In all cases the proposed expenditures shall not exceed the estimated revenues for any fund.”

• BUDGET CHANGES •

There are two methods of changing the adopted budget during the course of the fiscal year: **Budgetary Transfers** and **Budget Ordinances**. Most often these actions originate in the departments and are sent to Budget and Planning for review, approval, and processing to the Mayor and/or Council.

BUDGETARY TRANSFERS

The Oklahoma Municipal Budget Act, Section 17-215 states:

"The chief executive officer, or designee, as authorized by the governing body, may transfer any unexpended and unencumbered appropriation or any portion thereof from one account to another within the same department or from one department to another within the same fund; except that no appropriation for debt service or other appropriation required by law or ordinance may be reduced below the minimums required."

An **Administrative Transfer (AT)** is a transfer of funds within the same expenditure account group, department, fund and project. The Mayor allows the Budget and Planning Division Manager to approve or deny Administrative Transfers.

Currently, the City Council has given the Mayor the authority to approve or deny requests to transfer funds totaling less than one hundred thousand dollars (\$100,000) from one expenditure account group to another account group or from one project to another project within the same department and fund. This type of transfer is known as a **Mayoral Transfer (MT)**.

The third type of transfer is a **Council Transfer (CT)**. The Council has reserved the right to approve or deny the transfer of funds from one department to another, for the establishment of a new capital project or transfers in excess of one hundred thousand dollars (\$100,000) between account groups in a department. This type of action requires a budget ordinance.

BUDGET ORDINANCES

A **Budget Ordinance** is the legal means to amend the adopted budget through recognizing revenue increases or decreases; transferring appropriations from one department to another; establishing new capital projects; decreasing appropriations in a fund or department; or providing supplemental appropriations to a department.

The Oklahoma Municipal Budget Act, Sections 17-206, 17-215 and 17-216 allows for the City Council to transfer funds or to make supplemental appropriations. The last paragraph of section 17-216 provides the legal framework to amend budgets, stating:

"A budget amendment as provided in this section authorizing supplemental appropriations or a decrease or change in appropriation or funds shall be adopted at a meeting of the governing body and filed with the municipal clerk and the State Auditor and Inspector."

READER'S GUIDE
TO
FUND SUMMARIES

The Operating Fund Summary section and the Capital Fund Summary section are the only sections of the Budget document that are adopted by ordinance by the City Council. A numerical listing of the funds and their names can be found in the Table of Contents; an alphabetical listing is located in the Index. Each Fund summary contains the following information:

A box in the upper corner indicates the fund number and the Basis of Budgeting. The **Basis of Budgeting** refers to the basis of accounting used to estimate financing sources and uses in the budget.

This generally takes one of three forms:

- GAAP—uniform standards for financial accounting and recording;
- Cash Basis—transactions are recognized only when cash is increased or decreased; or
- Modified accrual basis—expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred and revenues are recorded when received in cash except for material and/or available revenues, which should be accrued to reflect properly the taxes levied and revenue earned.

The **Budget Overview** provides general information on the purpose of the fund and the fund's basis for budgeting. Information in the **Budget Summary** is specific to the proposed or adopted budget. Where appropriate, charts and graphs visually enhance the reader's understanding of each fund's revenue and expenditure characteristics, and supporting tables follow.

Below is a general outline of the revenue and expenditure categories included in the budget and reflected in the Fund Summaries. Not all funds will utilize each type of revenue, and expenditure types will vary by fund.

REVENUES BY CATEGORY

The revenue types supporting the funds are divided into nine categories as follows:

| | |
|----------------------------------|---|
| Taxes | These revenues represent franchise, sales and use taxes. The primary contributor to this category is sales tax, which generates a majority of this category's revenue in the General Fund. |
| Licenses and Permits | These revenues come from the City's efforts to provide licenses to business and inspection services to enforce compliance with minimum code requirements for building and operating safety. |
| Intergovernmental Revenue | This category represents grants from other governmental entities. |
| Shared Revenue | Taxes collected by the state are distributed, in part, back to the cities within the state in proportion to their population. This apportionment is determined by the census conducted every ten years. |
| Charges for Services | These revenues represent revenue received for services performed by the City. Some services are performed for governmental entities, including the City, and some are performed for the private sector. |
| Fines and Forfeits | This source consists primarily of fines from the Municipal Court, but also includes utility penalties and other smaller penalty revenues. |
| Miscellaneous Revenue | This category is comprised of revenue sources that do not fit the other categories. |
| Interest Income | This category represents the interest generated by the City's pooled portfolio. Also included is interest earned on an interim basis from money that is the City's, but is delayed in remittance. |
| Transfers In | Amounts transferred from another fund to assist in financing the services for the recipient fund. |

EXPENDITURES BY CATEGORY

The categories of expenditures group departments with similar function and/or customers. They are as follows:

| | |
|--|--|
| Public Safety and Protection | This category contains Municipal Court, Police, Fire, Emergency Medical and Tulsa Area Emergency Management Agency. |
| Cultural Development/Recreation | Park and Recreation, Gilcrease Museum, Performing Arts Center, River Parks, and BOK Arena and Cox Business Centers make up the departments in this category. |
| Social/Economic Development | Mayor's Office of Economic Development, Working in Neighborhoods, and Planning and Development are included in this category. |
| Public Works/Transportation | Engineering Services, Streets and Stormwater, Water and Sewer and Tulsa Transit comprise this category. |
| Administrative/Support Services | This category contains the budgets for the City's elected officials: the Mayor, City Auditor and City Council. Mayor's Office of Human Rights, Legal, Human Resources, Workers' Compensation, Employee Insurance Administration, General Government, Indian Nations Council of Governments (INCOG), Finance, Information Technology, Customer Care, Communications and Asset Management make up the remainder of the departments within this category. |
| Transfers to Other Funds | Amounts transferred to another fund to assist in financing the services for the recipient fund. |

EXPENDITURES CLASSIFICATIONS

Each fund is made up of accounts for classifying expenditures, as follows:

| | |
|-----------------------------------|---|
| Personal Services | Includes expenses for salaries and related employee benefits paid to employees for services rendered. |
| Materials and Supplies | Used to account for the purchase of commodities which are consumed or materially altered when used, such as office supplies, operating supplies, repair and maintenance supplies, and all items of expense to any person, firm or corporation rendering a service in connection with repair, sale or trade of such articles or commodities. |
| Other Services and Charges | Used to account for the purchase of contractual services and other intangible products such as security, temporary employment, professional and landscaping services, leases, utilities and employee training and travel. |
| Capital Outlays | Fixed assets which have a value of \$1,000 or more and have a useful economic lifetime of more than one year or assets of any value if the nature of the item is such that it must be controlled for custody purposes as a fixed asset. Also included in this category are Capital Improvement Projects. |
| Debt Service | The cost of paying principal and interest on borrowed money according to a predetermined payment schedule. |
| Fund Transfers | Amounts transferred from one fund to another to assist in financing the services for the recipient fund. |

GLOSSARY

—A—

Account

An entity for recording specific revenues or expenditures, or for grouping related or similar classes of revenues and expenditures and recording them within a fund or department.

Accounting System

The total set of records and procedures that are used to record, classify and report information on the financial status and operations of the entity. (Also see Accrual Basis, Modified Accrual Basis and Cash Basis).

Accrual Basis

The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at the time or not).

Activity

Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the program budget.

Administrative Transfer (AT)

A Budgetary Transfer that allows for the movement of funds within the same expenditure account group within the same department, same fund and same project. This action requires Budget and Planning Division Manager approval.

Ad Valorem Taxes

Commonly referred to as property taxes, levied on both real and personal property according to the property's valuation and the tax rate.

Annualize

Taking changes that occurred partial year and calculating their cost for a full year for the purpose of preparing an annual budget.

Appropriation

An authorization or allocation made by the legislative body that permits officials to incur obligations against, and to make expenditures of governmental resources (revenues).

Appropriation Balance

A balance in which the available appropriation remaining after expenditures, encumbrances and commitments has been subtracted from the appropriation.

Assessed Valuation

The valuation set upon real estate and certain personal property by the Assessor as a basis for levying property taxes.

Assessment Ratio

The ratio at which the tax rate is applied to the tax base.

Asset

Resources owned or held by a government which has monetary value.

Attrition

A method of achieving a reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement or means other than layoffs.

Authorized Positions

Employee positions which are authorized in the adopted budget to be filled during the year.

Available (Undesignated and Unreserved) Fund Balance

This refers to the funds remaining from the prior year, after reserves and designations are made, which are available for appropriation and expenditure in the current year.

—B—

Balanced Budget

The use of resources for operating purposes does not exceed available resources over a defined budget period.

Base Budget

Cost of continuing the existing levels of service in the current budget year.

Bond

A long-term IOU or promise to pay; it is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

General Obligation (G.O.) Bond - This type of bond is backed by the full faith, credit and taxing power of the government.

Revenue Bond – This type of bond is backed only by the revenues from a specific enterprise or project, such as a golf course or water system.

Bond Refinancing

The payoff and re-issuance of bonds to obtain better interest rates and/or bond conditions.

Budget

A plan of financial activity for a fiscal year indicating all planned revenues and expenses for the budget period. The City of Tulsa's fiscal year is July 1 through June 30.

Budget Amendment

Legal means by which an adopted estimated revenue or expenditure authorization limit is increased or decreased.

Budgetary Basis

This refers to the basis of accounting used to estimate financing sources and uses in the budget. It is different from GAAP basis of accounting.

Budget Calendar

The schedule of key dates which a government follows in the preparation and adoption of the budget.

Budgetary Control

The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Budget Ordinance

The legal means to amend the adopted budget through recognizing revenue increases or decreases; transferring funding from one department to another from an existing capital project to a new capital project; decreasing funding of a fund or department or providing supplemental funding to a fund or department or establishing a new capital project. The City Council adopts or rejects all budget ordinances.

Budgetary Transfer

One of two means of amending the budget during the course of the fiscal year. The other means is a budget ordinance. Three types of budgetary transfers exist:

Administrative Transfer (AT)—allows for the movement of funds within the same expenditure account group (i.e. moving funds from #5313101 to #5315501) within the same department, same fund, and same project. This action only requires Budget and Planning Division Manager approval.

Mayoral Transfer (MT)—allows for the movement of up to \$100,000 from one expenditure account group to another account group (i.e. moving funds from #5222101 to #5311103) or from one current project to another current project within the same department and fund. This action requires approval by the Mayor.

Council Transfer (CT)—allows for movement of money from one department to another, or for the establishment of a new capital project. A budget ordinance accompanies this kind of transfer and this requires approval by the City Council.

Capital Assets

Assets of significant value and having a useful life greater than one year. Capital assets are also called fixed assets.

Capital Budget

The appropriation of bonds or other revenue for improvements to facilities and other infrastructure. The City budgets for Capital based on a Five-Year Capital Plan and updates, the Plan annually to include expanded capital projects or new capital projects. Approval of capital projects through the Capital Improvements Programs. The Third Penny Sales Tax and Bonds account for the majority of financing resources of capital projects.

Capital Improvement

Any significant physical acquisition, construction, replacement or improvement to a City service delivery system that has a cost greater than \$100,000 and a minimum useful life of five years.

Capital Improvements Program (CIP)

The process of planning, monitoring, programming and budgeting over a multi-year period used to allocate the City's capital monies.

Capital Outlay

Expenditure account category used for the purchase of any item whose value exceeds \$1,000 with a useful life greater than one year, but generally less than ten years. Included are vehicles, heavy equipment, other equipment, personal computers and some office furniture. These purchases are typically funded through the Short-Term Capital Fund which receives revenue from the Third Penny Sales Tax designated for short-term capital improvements. The costs of capital projects are also reflected in the Capital Outlay account category.

Capital Plan

The adopted Capital Improvements Plan that is based on a five-year schedule of specific projects and accompanying revenue allocations. The Plan is updated annually through the Capital Budget.

Capital Project

Major construction, acquisition or renovation activities which add value to a government's physical assets or significantly increase their useful lives. Also called capital improvements, each individually funded capital improvement request has to be part of the City of Tulsa Five-Year Capital Improvements Plan.

Capital Reserve

An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisitions.

Carryover

Appropriated funds that are encumbered at the end of a fiscal year are allowed to be retained in the budget to be expended in the next fiscal year for the purpose designated.

Cash Basis

A basis of accounting in which transactions are recognized only when cash is increased or decreased.

Charges for Services

Revenues received for services performed by the City. Some services are performed for governmental entities, including the City, and some are performed for the private sector.

Collective Bargaining Agreement

A legal contract between the employer and a verified representative of a recognized bargaining unit for specific terms and conditions of employment (e.g., hours, working conditions, salary, fringe benefits and matters affecting health and safety of employees).

Commodities

Expendable items that are consumable or have a short life span. Examples include office supplies, gasoline, minor equipment and road salt.

Constant or Real Dollars

The presentation of dollar amounts adjusted for inflation to reflect the real purchasing power of money when compared to a certain point of time in the past.

Consumer Price Index (CPI)

A statistical description of price levels provided by the U. S. Department of Labor. The index is used as a measure of the increase/decrease in the cost of living (i.e., economic inflation/deflation).

Contingency

A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services

Services rendered to a government by private firms, individuals or other governmental agencies. Examples include utilities, rent, maintenance agreements and professional consulting services.

Cost-of-Living Adjustment (COLA)

An increase in salaries to offset the adverse effect of inflation on compensation.

Council Transfer (CT)

A Budgetary Transfer that allows for movement of money from one department to another or for the establishment of a new capital project. A budget ordinance accompanies this kind of transfer and requires approval by the City Council.

Current Budget

The original budget as approved by the City Council, along with any carryover encumbrances from the prior fiscal year, and any transfers or amendments that have been made since July 1.

—D—**Debt Service**

The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Dedicated Tax

A tax levied to support a specific government program or purpose.

Deficit

The excess of an entity's liabilities over its assets or the excess of expenses over revenues during a single accounting period.

Department

The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation

Expiration in the service life of capital assets, attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development Related Fees

Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees and zoning, platting and subdivision fees.

Disbursement

The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program

A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Division

A sub-unit of a department which encompasses a substantial portion of the duties assigned to a department. May consist of several activities.

—E—**Employee Benefits**

Contributions made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pensions, medical and life insurance plans.

Encumbrance

Obligations in the form of purchase orders or contracts that are chargeable to an appropriation and for which a part of the appropriation is reserved. These cease to be encumbrances once the obligations are paid or otherwise liquidated.

Enterprise Funds

Established to account for revenues and expenditures generated by City functions for which customers are charged a fee. Used for the following service areas: Solid waste management through the Tulsa Authority for Recovery of Energy (TARE); Tulsa Metropolitan Utility Authority (TMUA) Water Utility; TMUA Sanitary Sewer Utility; Stormwater; and Golf Operations.

Entitlements

Payments to which local governmental units are entitled, pursuant to an allocation formula determined by the agency providing the monies, usually the state or the federal government.

Expenditure

The payment of cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss. Where accounts are kept on the accrual or modified accrual basis of accounting, the cost of goods received or services rendered whether cash payments have been made or not. Where accounts are kept on a cash basis, expenditures are recognized only when the cash payments for the above purposes are made.

Expense

Charges incurred whether paid immediately or unpaid for operations, maintenance, interest or other charges.

—F—**Fines and Forfeitures**

A revenue source that consists primarily of fines from the Municipal Court and also includes utility penalties and other smaller penalty revenues.

Fiscal Policy

A government's policies with respect to revenues, spending and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year

A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City of Tulsa's fiscal year is July 1 through June 30.

Fixed Assets

Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment. Capital assets are also called fixed assets.

Full Faith and Credit

A pledge of a government's taxing power to repay debt obligations.

Full-time Equivalent Position (FTE)

A part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year. For example, a part-time position working for 20 hours per week would be the equivalent to .5 of a full-time position.

Function

A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible (e.g., public safety).

Fund

An independent accounting entity with a self-balancing set of accounts for recording all revenues and all related liabilities and residual equities or balances, along with any changes to the above. In other words, each fund is separate from every other fund and maintains records of all income and expenditures for the fund. By law, expenditures cannot exceed the revenues. As an example, a fund is like an individual checking account. Income is recorded in, expenditures are recorded out, and one cannot spend more than one has available in the account.

Fund Balance

The excess of the assets of a fund over its liabilities, reserves and carryover. The following fund balance distinctions are in accordance with Governmental Accounting Standards Board (GASB) #54 guidelines.

Assigned Fund Balance - refers to the funds intended use of resources. Such intent has to be established by the governing body itself or by a body or official delegated by the governing body.

Committed Fund Balance - reflects the amount of the fund balance that is constrained by limitations that the government imposes upon itself at its highest level of decision making and that remain binding unless removed in the same manner.

Non-Spendable Fund Balance - represents resources that are not in spendable form or are legally or contractually required to be maintained intact. Non-Spendable fund balance may include but is not limited to: supplies inventories and prepaid items, the long-term portion of loans receivable and nonfinancial assets held for resale. Legal or contractual requirements may include but are not limited to: the principal of an endowment or a revolving loan fund.

Restricted Fund Balance - resources of a fund that are subject to externally enforceable legal restrictions. Such restrictions can be externally imposed by creditors, grantors, contributors or laws of other governments, or imposed by law through constitutional provisions or enabling legislation.

Unassigned Fund Balance - total fund balance in the general fund in excess of non-spendable, restricted, committed, and assigned fund balance.

—G—

GAAP

Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

General Fund

Serves as the primary operating fund for the City of Tulsa. All general operations that are not accounted for otherwise are financed from this primary operating fund.

Goal

A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grants

A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital depending upon the grantee.

—H—

Hourly

An employee who fills a temporary or short-term position. Such employees provide contingency staffing for government operations during peak workloads or to address temporary staffing needs. Hourly employees are paid on a per-hour basis and receive limited benefits.

—I—

Indirect Cost

A cost necessary for the functioning of the organization as a whole, but cannot be directly assigned to one service.

Infrastructure

The physical assets of a government (streets, waterlines, sewers, public buildings, parks, etc.).

Interest Income

Revenue generated by the City's pooled portfolio.

Interfund Transfer

The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue

Funds received from federal, state and other local government sources in the form of grants, shared revenues and payments in lieu of taxes.

Internal Service Charges

The charges to user departments for internal services provided by another government agency, such as equipment management, or insurance funded from a central pool.

Internal Service Funds

Funds used to account for Internal Service charges and expenditures.

—J—

—K—

—L—

Lapsing Appropriation

An appropriation made for a certain period of time, generally for the budget year. At the end of the specified period, any unexpected or unencumbered balance lapses or ends unless otherwise provided by law. Most operating funds are lapsing funds.

Levy

To impose taxes for the support of government activities.

Licenses and Permits

Revenues that come from the City's efforts to provide licenses to business and inspection services to enforce compliance with code requirements for building and operating safety.

Line-item Budget

A budget prepared along departmental lines that focuses on what is to be bought.

Longevity

Employee compensation payments made in recognition of a certain minimum number of years employed full time with the same entity.

Long-term Debt

Debt with a maturity of more than one year after the date of issuance.

—M—

Materials and Supplies

Expenditure account category used for the purchase of commodities which are consumed or materially altered when used, such as office supplies, operating supplies, repair and maintenance supplies, and all items of expense to any person, firm or corporation rendering a service in connection with repair, sale or trade of such articles or commodities.

Mayoral Transfer (MT)

A Budgetary Transfer that allows for the movement of up to \$100,000 from one expenditure account group to another account group (i.e. moving funds from #5222101 to #5311103) or from one current project to another current project within the same department and fund. This action requires approval by the Mayor.

Mill

The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of net assessed property valuation.

Miscellaneous Revenue

A revenue category that is comprised of revenue sources that do not fit the other categories of Taxes, Licenses and Permits, Intergovernmental Revenue, Shared Revenue, Charges for Services, Fines and Forfeits or Interest Income.

Modified Accrual Basis of Accounting

The method of accounting under which expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred and revenues are recorded when received in cash except for material and/or available revenues. These should be accrued to reflect properly the taxes levied and revenue earned.

—N—

Net Budget

The legally adopted budget less all interfund transfers and inter-departmental charges.

Nominal Dollars

The presentation of dollar amounts not adjusted for inflation. Adjusting for inflation is done to reflect the real purchasing power of money today.

Non-Lapsing Fund

A fund whose unencumbered appropriation balance remains available for expenditure after the end of the fiscal year. A non-lapsing fund remains open and available for use until all appropriations are expended, transferred or closed by budgetary action. Grants and Capital Funds normally operate as non-lapsing funds.

—O—

Object of Expenditure

An expenditure classification referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt and furniture.

Objective

Something to be accomplished in specific, well-defined and measurable terms that is achievable within a specific time-frame.

Obligations

Amounts which a government may be legally required to pay out of its resources. They include actual liabilities but also encumbrances not yet paid.

Operating Budget

This sets the plan for the day-to-day operations of the City. The City budgets operating funds annually, based on historical expenditures, priorities set forth by the elected officials, and economic conditions. Sales Tax Revenues and Utility Billing Charges provide the majority of the resources available for use within the Operating Budget.

Operating Expenses

The cost of personnel, materials and equipment required for a department to function.

Operating Revenue

Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Transfer

Part of the Other Services and Charges expenditure account category used to account for the transfer of funds within the primary government, to component units and to primary government. This is typically budgeted in the Transfers to Other Funds organizational unit.

Original Budget

The adopted budget as approved by the City Council before the start of a new fiscal year.

Other Services and Charges

Expenditure account category used for the purchase of contractual services and other intangible products such as security, temporary employment, professional and landscaping services, leases, utilities and employee training and travel.

Output Indicator

A unit of work accomplished without reference to the resources required to do the work (e.g., number of permits issued, number of refuse collections made or number of burglary arrests made). Output indicators do not reflect the effectiveness or efficiency of the work performed.

—P—

Pay-as-you-go Basis

A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget

A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Indicators

Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measures

Data collected to determine how effective or efficient a program is in achieving its objectives.

Permit and Licensing System (PALS)

A subsidiary system of the City's General Ledger system. It tracks building/construction permits and licenses issued by the City.

Personal Computer

Any computer workstation, terminal, or laptop with components.

Personal Services

Expenditure account category used for all cost related to compensating employees, including employee benefits such as pension, social security, uniform allowance, long-term disability, insurance, workers' compensation, etc.

Prior-Year Encumbrances

Obligations from previous fiscal years in the form of purchase orders or contracts which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.

Program

A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Budget

A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

Program Performance Budget

A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division or a workgroup. Each program has an identifiable service or output and objectives to effectively provide the service. The effectiveness and efficiency of providing the service by the program is measured by performance indicators.

Program Revenue (Income)

Revenues earned by a program including fees for services, license and permit fees and fines.

Project Number

Used to identify any special activity, especially where specific reporting requirements exist regarding the activity. These numbers are always used with capital projects and grants.

Purpose

A broad statement of the goals, in terms of meeting public service needs, that a department is organized to meet.

—Q—

—R—

Reserve

A portion of fund equity legally restricted for a specific purpose or not available for appropriation and subsequent spending. It is funds set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Resolution

A special or temporary order of a legislative body requiring less legal formality than an ordinance or statute.

Resources

Total amounts available for appropriation including estimated revenues, fund transfers and beginning balances.

Revenue

The yield from sources of income, such as taxes, licenses, fines, etc., that the City collects and receives into the treasury for public use. Revenue increases the assets of a fund, while not increasing a liability or representing a repayment of expenditure, a cancellation of a liability or an increase in contributed capital.

Revenue Estimates

Projected revenue using both time series analysis and deterministic methods.

—S—**Service Lease**

A lease under which the lessor maintains and services the asset.

Service Level

Services or products which comprise an actual or expected output of a given program. Focus is on results rather than measures of workload.

Shared Revenue

Taxes collected by the state are distributed, in part, back to the cities within the state in proportion to their population. This apportionment is determined by the census conducted every ten years.

Sinking Fund

Established to pay for General Obligation Bond debt and judgments against the City.

Site-Based Budgeting

A decentralized budget process whereby budget preparation and development are based on individual departmental sites.

Source of Revenue

Revenues are classified according to their source or point of origin.

Supplemental Appropriation

An additional appropriation made by the governing body after the budget year has started.

Supplemental Requests

Programs and services which departments would like to have added, in priority order, over their target budget, or if revenue received is greater than anticipated.

—T—**Target Budget**

Desirable expenditure levels provided to departments in developing the coming year's recommended budget. It is based on the prior year's adopted budget, excluding one-time expenditures, projected revenues and reserve requirements.

Tax Levy

The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

Tulsa Metropolitan Statistical Area (TMSA)

An area made up of Creek, Okmulgee, Osage, Pawnee, Rogers, Tulsa, and Wagoner counties. It is often used for analysis for the number of persons and the amount of income in the Tulsa labor market.

Taxes

Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit such as special assessments. Examples of tax revenues to the City of Tulsa are franchise, sales and use taxes.

Transfers In/Out

Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

—U—

Unencumbered Balance

The amount of an appropriation that is neither expended nor encumbered. It is the amount of money still available for future purposes.

User Charges

The payment of a fee for direct receipt of a public service by the party who benefits from the service.

—V—

Variable Cost

A cost that increases/decreases with increases/decreases in the amount of service provided.

—W—

Working Cash

Excess of readily available assets over current liabilities or cash on hand equivalents which may be used to satisfy cash flow needs.

Workload Indicator

A unit of work to be done (e.g., number of permit applications received, the number of households receiving refuse collection service or the number of burglaries to be investigated).
