PHONE No. 24

Gentlemen;

A negro woman, Amanda M. Daniels, has appealed to me for help in securing any benefits that may be due her or which she may secure under present regulations.

She is in destitute circumstances.

She had a son C. L. Daniels, who served in the army during the late war. She has no discharge and is going to have difficulty in establishing his death. C. L. was killed in a race riot in Tulsa Oklahoma in 1921 according to best information she has furnished me.

C. L. deceased, was a member of Co. 12, Brigade 47 Labor bat. C amp Gordon. He made to her an allotment while in the service. Allotment No. S 3494059. She does not know his serial No. He was inducted into service about March or April 1918 and was discharged about Jan'y 1919.

As I understand he was killed in Tulsa Oklahoma in 1921. She has never received anything in way of Pension, Compensation certificate or otherwise. She tells me that C. L. was unmarried and she is or was his only dependent.

As you know this must be all free work so far as I am concerned but if you will send instructions and blanks I will try to get them started for her if you think under facts above set forth there may be anything due her.

Respectfully,

*Stanford Arnold*
