UNISEX TOILET FIXTURE

Subject to the request of the applicant and approval of the code official, a single unisex toilet facility *may be* permitted in lieu of separate facilities required by IBC 2003 Section 2902.2 (IPC 2003 Section 403.2), in B, F, H, S, and U occupancies in which the maximum occupant load is 49 or less. This approval is contingent upon the property owner filing a "Notice of Unisex Toilet Fixture" document (attached) on the property abstract generally indicating the provided toilet fixtures are not in compliance with the Tulsa Building Code, Title 51 of the Tulsa Revised Ordinances. The "Notice of Unisex Toilet Fixture" document form will be provided for the property owner by the City of Tulsa.

Approved:

 Jack L. Page, P.E.
 Development Services Director

Date: 7-6-06

Approved:

 Brad Eddy
 Chief Plumbing Inspector
